NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 PLAN DESCRIPTION

The following description of the 403(b) Thrift Plan of St. Alexius Medical Center and Garrison Memorial Hospital (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2008 under the Employee Retirement Income Security Act of 1974, as amended (ERISA), as an employer-sponsored individual account employee pension benefit plan (other than a money purchase pension plan) that is intended to make contributions to annuity contracts described in Code section 403(b) or custodial accounts described in Code section 403(b)(7) on behalf of Participants. The Plan was established so that eligible employees may have an additional source of retirement income. The Plan is administered by the sponsor and trustee – St. Alexius Medical Center. The Plan is a defined contribution plan covering employees of St. Alexius Medical Center and Garrison Memorial Hospital (Company). Third party administrators maintain the records of the participant data and hold the Plan assets.

Eligibility

Employees of the Company are generally eligible to make contributions to the Plan immediately. To be eligible to receive the employer nonelective base and matching contributions, employees must complete one year of service (consisting of at least 1,000 hours) and attain age 21.

Contributions

Participants may contribute up to the maximum dollar amount allowed under federal regulations for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Company will match 25% of the participant's elective deferrals up to 4% of the participant's eligible compensation per plan year. The employer nonelective base contributions are equal to 3% of eligible earnings for each pay period.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

Payment of Benefits

On termination of employment, death, disability or retirement, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment, installment payments, or annuity payments. Participants should consult the Summary Plan Description for additional details regarding payment options. Hardship distributions are permitted for participants who have not separated from service. Participants must attain age 65 to qualify for in-service distributions.

AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2016 AND 2015

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer base and matching contributions. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants must direct their salary deferral contributions and employer base and match contributions to selected investments as made available and determined by the Plan. Participants may change their investment options throughout the year by contacting the record keeper of the Plan, Empower Retirement, a division of Great-West Life & Annuity Insurance Company.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer base and matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service with certain exceptions for death. A participant is 100% vested after five years of credited service or attaining age 65.

Forfeitures

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$128,505 and \$89,735, respectively. This account is used to reduce future employer contributions when available for allocation to Plan participants. During the years ended December 31, 2016 and 2015, \$367,419 and \$277,614 were used to reduce Company contributions, respectively.

Amendment and Termination

The Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates equal to 1% above prime rate at the time of the loan. The term of the loan cannot exceed five years, unless it is for the purchase of a principal residence and then it cannot exceed fifteen years. Principal and interest are paid in substantially equal installments no less frequently than quarterly.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent asset and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian and trustee. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as deemed distributions for tax purposes but are kept on the Plan's records and continue to accrue interest until either repaid or the participant requests the loan to be distributed. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payment of Benefits

Benefit payments to participants are recorded when paid.

AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2016 AND 2015

Operating Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Administrative expenses reported by the Plan consist of recordkeeping and advisory fees and were shown net of 12b-1 fees attributed to investments of the Plan until October 2016. Effective October 1, 2016, the fee structure changed and 12b-1 fees are now credited back to the participants invested in the revenue-paying funds. Certain administrative expenses that are paid by the Company are not reflected in the accompanying financial statement.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

Reclassification

Certain reclassifications have been made to the financial statements in order for them to conform to the current year presentation.

NOTE 3 RECENTLY ISSUED PRONOUNCEMENTS

In May 2015, the FASB issued ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent). This standard eliminates the requirement to categorize investments for which fair values are measured using the net asset value per share practical expedient. It also limits disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early adopt this ASU effective for the year ended December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted.

AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2016 AND 2015

Parts I and II are to be applied retrospectively. Management elected to early adopt Parts I and II effective for the year ended December 31, 2015.

NOTE 4 TAX STATUS

The Plan sponsor is a tax-exempt organization under 501(c)(3) of the Internal Revenue Code (IRC). The organization has adopted a 403(b) tax-sheltered annuity (TSA) plan. 403(b) plans are not required to receive a favorable determination letter from the Internal Revenue Service indicating that the Plan is qualified under Section 403(b). The Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. The 2013, 2014 and 2015 Plan years were recently audited by the Internal Revenue Service (IRS). No change in the Plan's qualified status was proposed as a result of the audit.

NOTE 6 GROUP ANNUITY CONTRACT

The Plan holds a group annuity contract issued by Transamerica Financial Life Insurance Company (Transamerica). Under this contract, Transamerica maintains the contributions in pooled separate accounts for investment into the Guaranteed Pooled Fund. The Fund's principal objective is to protect principal while providing a higher rate of return than shorter maturity investments by investing in instruments which are not expected to experience significant price fluctuations in most economic or interest rate environments. The Fund guarantees a minimum declared rate of interest of no less than 2.80% based on the original contract. Effective March 1, 2011, the Plan accepted a rider to the contract amending the minimum guaranteed declared rate of interest of no less than 1.00% per annum for all contributions, loan repayments, participant transfers, and any other amounts allocated to the Transamerica Financial Life Insurance Guaranteed Pooled Fund on or after March 1, 2011. The minimum guaranteed declared rate of interest of 2.80% will continue to apply to contributions, loan repayments, participant transfers, and any other amounts that were allocated to the Guaranteed Pooled Fund before March 1, 2011. The crediting interest rate is reviewed on an annual basis for resetting. Transamerica guarantees both the principal and interest invested in the Fund.

The group annuity contract is backed by the full faith and creditworthiness of the issuer, Transamerica. The credit rating for Transamerica at December 31, 2016 and 2015 was A1 as reported by Moody's Investors Service, Inc.

Certain events such as full or partial Plan termination or other employer initiated events might result in withdrawal charges begin assessed at time of withdrawal from the group annuity contract. The Plan Administrator believes the occurrence of such events is not probable within the next year.

NOTE 7 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Statement ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.

**403(b) THRIFT PLAN OF ST. ALEXIUS MEDICAL CENTER
AND GARRISON MEMORIAL HOSPITAL**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2016 AND 2015

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the directed trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 162,236,454	\$ -	\$ -	\$ 162,236,454

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 151,337,221	\$ -	\$ -	\$ 151,337,221

Investments measured at net asset value (a)				<u>12,716,668</u>
Investments at fair value				<u>\$ 164,053,889</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	2016 Fair Market Value	2015 Fair Market Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	\$ 14,429,275	\$ 12,716,668	-	Daily	12 months

NOTE 8 TRANSACTIONS WITH PARTIES-IN-INTEREST

Empower Retirement is the record keeper as defined by the Plan and, therefore, qualifies as a party-in-interest. Fees withheld from participant accounts by the record keeper were \$186,442 and \$120,334 for the years ended December 31, 2016 and 2015, respectively.

Empower Retirement receives revenue (also known as 12b-1 fees) from mutual fund service providers for services Empower Retirement provides to the funds. This revenue was used to offset certain amounts owed to Empower Retirement for administrative fees and to NFP Retirement, Inc. (formerly ERISA Fiduciary Advisors, Inc.) for advisory fees. Total revenue attributed to investments of the Plan was \$296,751 and \$273,243 for the years ended December 31, 2016 and 2015, respectively.

If the revenue received by Empower Retirement from such mutual fund providers exceeded the amounts owed for Plan expenses, Empower Retirement remitted the excess to the Plan's trust on an annual basis. Such amounts may be applied to pay Plan expenses or allocated to the accounts of the participants. Effective October 1, 2016, the service agreement was amended and this revenue is now credited to participants with balances in the revenue-paying funds on a quarterly basis. For the year ended December 31, 2016, the total of revenue remitted to the

AND GARRISON MEMORIAL HOSPITAL**

plan amounted to \$158,632 and is shown as other income on the accompanying financial statements. For the year ended December 31, 2015, approximately \$81,000 of revenue was used to offset fees owed by the Plan.

During the year ended December 31, 2016, the Plan performed surplus allocations to reallocate excess amounts held in trust. The allocations totaled \$172,354 and were based on participant balances as of December 31, 2014 and December 31, 2015.

NFP Retirement, Inc. is the broker/adviser to the Plan and, therefore, qualifies as a party-in-interest. Fees paid to NFP Retirement, Inc. were \$93,544 and \$93,478 for the years ended December 31, 2016 and 2015, respectively.

The Plan issues notes receivables to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
