JABIL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Jabil 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a profit sharing plan established on September 1, 1980 to provide retirement and other related benefits to all employees of Jabil, Inc. (the “Company”). The Plan was amended and restated effective January 1, 2016. As part of the restatement, an employee, other than excluded employees, becomes eligible to participate upon 30 days of service to the Company. Previously, the eligibility requirement was 90 days of service to the Company. An employee is an excluded employee if they are a non-resident alien or if they are a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company acquired American Made Footwear, LLC and Ortho Clinical Diagnostics during the year and the employees of these companies would become eligible employees of the Plan 30 days following the acquisition date. The Company also acquired Kuatro Technologies, Inc. on December 1, 2016 and the employees will become eligible to participate in the Plan effective January 1, 2017.

Contributions and Allocations: Each year, participants may contribute up to the lesser of 75% of their pretax annual compensation, as defined in the Plan, or the limits set by the IRS. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts received from any other retirement plan which satisfy the tax rules for rollovers. Unless instructed otherwise by the participant, upon becoming eligible to participate in the Plan, 2% of the participant's eligible compensation will be contributed to the Plan subject to annual limits set by the IRS.

The Plan is a Safe Harbor 401(k) plan. Under the Safe Harbor 401(k) Plan, employer safe harbor matching contributions to highly compensated employees may not be at a greater rate than the match to non-highly compensated employees. The Company makes matching contributions to the Plan which amounts to 100% of the first 3% of compensation as defined by the Plan and 50% of employee deferral contributions between 3% and 5% of compensation.

The Company may also make a discretionary non-elective profit sharing contribution to the Plan based on participants' compensation and age. A participant must be employed on the last day of the Plan year to be eligible to receive a profit sharing contribution. There was no profit sharing contribution for the years ending December 31, 2016 and 2015.

Plan Transfers: As part of acquisitions made by the Company in 2015, effective April 1, 2016 the assets of the Wolfe Engineering, Inc. Profit Sharing 401(k) Plan totaling approximately \$4.6 million and the AOC Technologies, Inc. 401(k) Plan totaling approximately \$518,000 were merged into the Plan. Additionally, residual amounts funded to the Plan relating to the employer true up receivable owed to participants of the AMS 401(k) Retirement Plan, a plan that was spun out of the Plan in 2014, totaling approximately \$6,000 were transferred out of the Plan. The net effect of these transactions is included in Plan Transfers on the Statement of Changes in Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts: Each participant's account is credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants.

Vesting: Participants are immediately vested in their contributions, safe harbor matching contributions, discretionary employer matching contributions, and any actual earnings thereon.

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 and a maximum of the lesser of 50% of their vested account balance or \$50,000. Interest rates on these loans are at prime, plus 1% and the interest rates for outstanding loans currently range from 4.25% to 11.50%. Loans must be repaid within five years, unless the loan is taken for the purchase of a primary residence, which may be repaid over a period not to exceed 30 years. Participants repay principal and interest through payroll deductions. If participants terminate or retire, they will have the choice of repaying the loan or having the loan offset from their account. The offset loan amount will be considered a taxable distribution.

Payment of Benefits: Benefits may be distributed to participants upon termination of employment by reason of retirement (65 years or older), disability, death, or other separation from service. Participants who terminate employment and have an account balance less than \$1,000 will receive a lump sum distribution of their benefits. A participant may also request a withdrawal upon attainment of age 59½, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document.

Forfeited accounts: If a participant separates employment and does not cash their distribution check, or the Plan Administrator is unable to locate a participant who reaches a distributable event after a prolonged period of time as defined in the Plan document, the vested amount of the participant's account is reinstated back into the Plan and funded into the forfeiture account. Total amounts of funds reinstated into the Plan and recorded into the forfeiture account totaled \$19,425 during the year ended December 31, 2016. At December 31, 2016 and 2015, forfeited accounts totaled \$4,295 and \$267,387 respectively. These accounts will be used to reduce future employer contributions and fund administrative expenses.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

JABIL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of the Plan's investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefits paid to participants are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications: Certain reclassifications, none of which affect income, were made to the 2015 financial statements to conform to the 2016 presentation. Specifically, interest bearing cash was reclassified as non-interest bearing cash.

JABIL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Uncertain Tax Positions: Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 3: TAX STATUS

The Plan obtained its latest determination letter on July 10, 2012 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: CERTIFICATION OF TRUSTEE

In accordance with Department of Labor Regulations, various information presented herein, was prepared from statements certified as being complete and accurate by the Plan's trustee. Except for the participant contributions receivable and employer contributions receivable recognized in the statements of net assets available for benefits and the related impact on contributions received in the statement of changes in net assets available for benefits, all information in the statements of net assets available for benefits, statement of changes in net assets available for benefits and the schedule of assets (held at end of year) was derived from statements certified by the Plan's trustee.

NOTE 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

JABIL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held primarily in mutual funds offered by Bank of America, N.A. and the Plan pays certain related fees. As Bank of America, N.A. is the Plan's trustee and recordkeeper, they are considered to be exempt party-in-interest transactions. Total fees paid to Bank of America, N.A. totaled \$465,443 for the year ended December 31, 2016.

The trustee provides certain administrative services to the Plan pursuant to a service agreement between the Company and the trustee. If the investment fee related revenue received by the trustee exceeds the amount owed under the service agreement, the trustee remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2016, \$73,198 of revenue was applied to fund administrative expenses. The Plan or Plan Sponsor may make a payment to the trustee for administrative expenses not covered by revenue sharing.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
