Fashion Glass & Mirror, Inc. 401(k) Retirement Savings Plan

NOTES TO THE FINANCIAL STATEMENTS

Note A - Description of the Plan

The following description of the Fashion Glass & Mirror, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1993 as a defined contribution plan for the benefit of eligible employees of Fashion Glass & Mirror, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Income Security Act of 1974 ("ERISA").

Administration

MassMutual Life Insurance Company has been appointed the Custodian (the "Custodian") of the Plan. Resource Benefits Administrators has been appointed Third Party Administrator ("TPA") of the Plan.

Eligibility

Employees of the Company, who have completed one year of service and attained the age of 21, are generally eligible to participate in the Plan. The entry date of the Plan for eligible participants is on the first day of the 1st and 7th month of the plan year following the date that a participant first satisfies eligibility requirements.

The plan excludes from participation collectively bargained employees, non-resident aliens and leased employees.

Contributions

Each year Participants may contribute a percentage of their pre-tax annual compensation not to exceed the limitation ($18,000 and $18,000 in 2016 and 2015 respectively) set forth in Section 402(g) of the Internal Revenue Code ("IRC"). Participants may make after-tax Roth contributions. Participants who are (or will be) age 50 or older by the end of the calendar year may make pre-tax catch-up contributions that exceed the annual elective deferral limit. Participants' total catch-up contributions during 2016 and 2015 cannot exceed $6,000 and $6,000, respectively.

Note A - Description of the Plan, continued

The Company may contribute a discretionary matching contribution. During 2016 and 2015, the Company made $56,794 and $38,125 in matching contributions, respectively.

The Plan also provides for discretionary Company profit sharing contributions. During 2016 and 2015, the Company made no discretionary employer profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of any non-elective contribution and earnings (losses) on the investments selected by the participant. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the Company's contributions into various investments offered by the Plan.

Vesting

Participants are vested immediately in their elective contributions and rollover contributions plus any earnings on such contributions. The vesting of discretionary Company contributions plus any earnings thereon is based on years of continuous service (as defined) accrued by the participant while in covered employment. Participants become 100% vested on a six-year graded vesting schedule.

Participant Loans

Participants may borrow from their accounts on a pro-rata basis from all contribution sources up to a maximum equal to the lesser of $50,000.00 or 50% of the participant's vested account balance. Loan terms must not exceed five (5) years unless the loan is to be used in the financing of the participant's homestead in which case the loan may be payable in terms of similar length provided by conventional lending institutions. The loans are secured by the vested balance in the participant's account and bear an interest rate of 3.25 percent. Principal and interest payments are made by means of payroll withholdings according to the terms of the promissory note. A participant may have only one loan outstanding at any time. Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

Note A - Description of the Plan, continued

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59 ½ or retirement a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as rollover to another plan, a lump-sum distribution or it may be left in the Plan if the account balance is greater than $1,000.

Forfeited Accounts

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon his/her termination from the Plan. Per the Plan document forfeitures may be used to offset future employer contributions. During the years ended December 31, 2016 and 2015, there were $2,519 and $168 in forfeitures, respectively. As of December 31, 2016, there were $15,100 of forfeitures that have not yet been applied.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Plan.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07 ("ASU 2015-07"), *"Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)."* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. For nonpublic entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Management has elected to adopt ASU 2015-07 as permitted and has applied ASU 2015-07 retrospectively, as required.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). ASU 2015-12 Part I designates contract value as the only required measure for fully benefit-responsive investment contracts, ASU 2015-12 Part II simplifies

Note B - Summary of Significant Accounting Policies, continued

the investment disclosure requirements under existing U.S. GAAP, including eliminating the disclosure of (1) Individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. ASU 2015-12 Part III does not apply to the Plan. The amendments in ASU 2015-12 applicable to the Plan are effective retrospectively for the year ending December 31, 2015 with early adoption permitted.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for the benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risk, which generally means the risk of loss in the value to certain investment securities due to changes in interest rates, commodity prices and general market conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments in registered investment companies are stated at fair value, which is determined using quoted market prices. Investments in money market funds are valued at amortized cost, which approximates fair value. Participant loans are recorded at their outstanding balances, which approximate fair value. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Note C – Insurance Investment Contract

MassMutual Retirement Services ("MMRS") general investment account investment option for defined contribution plans is a guaranteed interest account provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account and participants may direct permitted withdrawal and /or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited

Note C – Insurance Investment Contract, continued

interest less participant withdrawals and fees. Contract value is also often referred to as "book value." MMRS considers this investment option to be fully-benefit responsive notwithstanding the liquidation value events under the contract that limit the ability to the plan to transact at contract value.

The contract value, as reported to the Plan by MMRS, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

All bona-fide participant-initiated withdrawals from the GIA, including benefit payments at termination or retirement, loans and transfers to other non-competing investment options, are paid at book value. Similar to other stable value alternatives, transfers to competing fixed income investments are not allowed. Employer-initiated events such as layoffs, a sale of a business unit, a company merger, or a change in the stable value option offered under a plan are considered market value events and are subject to the plan sponsor liquidity

Upon full or partial contract or plan termination and certain other sponsor-initiated events, distributions from the GIA may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the plan's investment in the GIA

The average yield, based upon the guaranteed interest rate credited to participants is 3%.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2017, the date which the financial statements were available to be issued. No events have occurred subsequent to the date of the statement of net assets available for benefits that would require adjustment to, or disclosure in, the financial statements.

Contributions

Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from Participant accounts.

Note D - Fair Value Measurements

Accounting Standards Codification 820 "Fair Value Measurements and Disclosures" (ASC 820) establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. As discussed in Note B, The Plan adopted ASU No. 2015-07 which removed the requirement to categorize and disclose investments for which fair value is measured using the NAV per share as the practical expedient within the fair value hierarchy. As of December 31, 2016 and 2015, the plan's investments that are measured using NAV as a practical expedient leveling, in accordance with ASC 820, does not apply.

Note D - Fair Value Measurements, continued

The following is a description of the valuation methodologies used for investments measured at fair value.

Pooled separate accounts: Valued at net asset value as a practical expedient. The net asset value is based on the fair value of the underlying assets owned by the fund. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different for the report net asset value.

The underlying securities in the pooled separate accounts are listed on the national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

It is possible that the redemptions rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, the fair value of the Plan's investments.

The preceding methods described may produce a value that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using net asset value per share as a practical expedient as of December 31, 2014 and 2013.

DECEMBER 31, 2016

	Fair Value	Unfunded Commitments	Redemption Frequency (a)	Redemption Notice
Pooled Separate Accounts	$1,042,490	n/a	Daily	None
Total	$1,042,490			

Note D - Fair Value Measurements, continued

DECEMBER 31, 2015

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Pooled Separate Accounts	$796,631	n/a	Daily	None
Total	$796,631			

(a) Participant transactions (purchases and sales) may occur daily subject to any short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

Note E – Information Certified by the Custodian (Unaudited)

At December, 2016 and 2015, the Plan's investments were held by the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The fair value of investments at December, 31, 2016 and 2015, as reported by the custodian is summarized as follows:

	2016	2015
Pooled Separate Accounts	$1,042,490	$796,631
Guaranteed investment contract at contract value	694,574	630,541
Total	$1,737,064	$1,427,172

The following is information in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2016:

	2016
Investment Income:	
Interest and dividends	$2,664
Net appreciation in fair value of investments	79,524
Total investment (loss) income	$82,188

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G – Tax Status

The IRS has determined and informed the Company by an opinion letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H – Party-in-Interest Transactions

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. Certain Plan investments are shares of pooled separate accounts managed by the Custodian. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and administrative expenses qualify as party-in-interest transactions. The Plan allows participants to take loans from their accounts in the Plan. These notes receivable from participants qualify as party-in-interest transactions and totaled $82,848 and $71,312 at December 31, 2016 and 2015, respectively.

Note I – Prohibited or Non-Exempt Transactions

During 2016, the Company failed to submit $98,975 in deferral contributions and loan repayments in a timely manner. The failure to submit employee contributions and loan repayments were in technical violation of the provisions of ERISA even though the Company did not profit from the transaction. The plan will correct outside the Internal Revenue Service's Voluntary Fiduciary Correction Program.

Note J – Benefit Claims Payable

At December 31, 2016 and 2015, there was no benefit claims payable for distributions requests made prior to year-end.

Note K – Recent Accounting Pronouncements

Recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.
