MEDVET, INC EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 – PLAN DESCRIPTION

The following description of the MedVet, Inc. Employees Savings Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Company, who have one year of service, attained 1,000 hours of service in the year, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is qualified under Section 401(a) and 401(k) of the Internal Revenue Code.

Contributions: Each year, participants may contribute the maximum amount allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can make either pre-tax or after-tax contributions to their accounts. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans into the Plan. The Company may make a discretionary contribution each year. For the year ended December 31, 2016, the discretionary employer matching contribution was equal to 25% of the employee deferrals. Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's and employer's contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of continuous service. Participants are vested at the rate of 20% per year, beginning after the completion of two years of service. A participant is 100% vested after six years of credited service.

Forfeited Accounts: Forfeitures are used to reduce future employer matching contributions. At December 31, 2016 and 2015, forfeited non-vested accounts of \$22,555 and \$12,783, respectively were available to reduce future employer matching contributions. During the year ended December 31, 2016, forfeited non-vested accounts of \$12,783 were used to reduce employer matching contributions.

Payment of Benefits: Upon termination of service for any reason, a participant may elect to receive a partial lump-sum or a lump-sum amount equal to the value of the vested interest in his or her account, an installment distribution solely to the extent necessary to satisfy the required minimum distribution rules, an installment distribution over a specified period not to exceed the life or life expectancy of the participant as of December 31, 2016, or delay receipt of benefits, if the vested account balance is greater than \$5,000.

Notes Receivable from Participants: Loans are available to all participants from their individual accounts as of December 31, 2013. For each participant, the number of loans outstanding is limited to one. The minimum amount of any loan is \$1,000 while the maximum amount cannot exceed the lesser of \$50,000 or 50% of the participant's vested balance. The interest rate is based upon the prime rate plus 1%. Effective January 1, 2014, the plan was amended to no longer allow new loans to participants from their individual accounts.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

NOTE 1 – PLAN DESCRIPTION (Continued)

Administrative Expenses: The Plan is administered by members of the Company's management. Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other administrative expenses are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective trust: The fair values of participation units in collective trusts are based upon the net asset values of such fund as reported in the audited financial statements of the fund. The fund provides for daily redemptions by the Plan at reported net asset value per share, with a thirty day advance written notice required.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2016 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
			Total
Mutual fund	\$ 20,131,145	\$ -	\$ -
Collective trust*	-	-	-
	<u>\$ 20,131,145</u>	<u>\$ -</u>	<u>\$ -</u>
			<u>\$ 20,536,074</u>
Fair Value Measurements at December 31, 2015 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
			Total
Mutual fund	\$ 13,781,419	\$ -	\$ -
Collective trust*	-	-	-
	<u>\$ 13,781,419</u>	<u>\$ -</u>	<u>\$ -</u>
			<u>\$ 14,238,129</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants: Participant notes receivable are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balance.

NOTE 3 – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS – UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MG Trust Company, LLC, the custodian of the Plan. This information has not been audited by independent accountants.

NOTE 4 - TAX STATUS

Plan sponsor adopted a prototype plan document. The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since adopting the prototype plan document. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by various taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. MG Trust Company, LLC is the Plan's custodian and CUNA Mutual Retirement Solutions is the record keeper and, therefore, these transactions and the Plan's payment of custodian fees, record keeping fees, and investment management fees to MG Trust Company, LLC and CUNA Mutual Retirement Solutions qualify as party-in-interest transactions. Notes receivable from participants held by the Plan are considered party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.
