C2 Reprographics 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the C2 Reprographics 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2016 and for the year then ended, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2016 and schedule of delinquent participant contributions for the year ended December 31, 2016 (2015 and 2014 contributions corrected in 2016) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Custodian. Their report, dated October 14, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

C2 REPROGRAPHICS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of Plan

The following description of the C2 Reprographics 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan originally established October 5, 2008 by Crisp Enterprises, Inc. dba C2 Reprographics (the "Company" or "Plan Sponsor"), as defined in the Plan document, under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Administration

The Plan is overseen by a committee (the "Administrative Committee" or "Plan Administrator") appointed by the Company. The Company's contract administrator and third party trustee and custodian is Principal Life Insurance Company (the "Custodian" or "Principal"). The Custodian has the power to administer the Plan and apply all of its provisions on behalf of the Plan Sponsor and the Administrative Committee. The Plan Sponsor has the discretion to appoint or remove any trustee or agent of the Plan.

c. Eligibility

The Plan covers all employees of the Company who are age 21 or older.

d. Participant Contributions

Participants may contribute to the Plan up to 100% of eligible compensation through elective, pre-tax salary deferrals, subject to IRC limits of $18,000 for the years ended December 31, 2016 and 2015. Upon reaching the age of 50, participants may make additional catch-up contributions limited to $6,000 for the years ended December 31, 2016 and 2015. Participants may also make rollover contributions from other qualified defined plans and certain individual retirement accounts.

e. Employer Contributions

The Company may make matching contributions each payroll period equal to a uniform percentage of participants' elective salary deferrals, as determined by the Company. For the years ended December 31, 2016 and 2015, the Company did not make any matching contributions.

The Company may also make a discretionary non-elective contribution to the Plan each year. To be eligible for these contributions, participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. If made, such contributions are allocated to eligible participants' accounts based on each participant's compensation in proportion to total compensation for all eligible participants. The Company did not make any discretionary non-elective contributions for the years ended December 31, 2016 or 2015.

All contributions are invested in the participants' accounts according to their specified investment allocations as of the date of the contribution.

f. Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's contributions, employer contributions, and allocations of Plan earnings (losses) and administrative expenses. Allocations are done daily using a weighted-average of participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are always 100% vested in their elective salary deferrals, catch-up contributions, rollover contributions, and any earnings (losses) thereon. Participants vest in employer matching and discretionary non-elective contributions, and any earnings (losses) thereon, as follows:

Years of Vesting Service	Vesting Percentage
Less than 1 years	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

Participants become 100% vested in their accounts if they are employed with the Company and reach normal retirement age (65), become totally disabled, die, or if the Plan terminates.

Effective January 1, 2017, the Plan was amended to a safe harbor plan and all employer matching contributions were vested 100% immediately.

h. Forfeitures

Participants who terminate employment forfeit the non-vested portion of their employer matching and discretionary non-elective contributions and earnings thereon. As of December 31, 2016 and 2015, there were no forfeited non-vested accounts. Forfeitures may be used to pay Plan administrative expenses or

reduce matching contributions. For the years ended December 31, 2016 and 2015, no forfeitures were used.

i. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of a) $50,000, reduced by the highest outstanding note balance during the prior year, or b) 50% of their vested account balance, subject to a $500 minimum. Notes are secured by the vested balance in the participant's account. The number of loans approved for a Participant in any 12-month period shall be limited to three.

Note payments are made through payroll deductions over periods up to five years, unless the note is used to acquire a principal residence, in which case the term may be extended at the discretion of the Plan Administrator. New notes bear interest at the prime rate plus 1% per annum, fixed at inception of the note. As of December 31, 2016, notes mature through 2019 and bear interest at rates ranging from 4.25% to 4.50% per annum, which are commensurate with local prevailing rates as determined by the Plan Administrator at the time of the note.

j. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the participant's vested account balance in a lump-sum payment, installment payments over the participant's or beneficiary's assumed life expectancy, roll the amount to an individual retirement account or other eligible transferee plan, or delay payment until the required beginning date of minimum distributions, depending on the value of the account. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older. The Plan also permits in-service distributions of the early retirement for participants who are age 55 or older and have completed 5 years of vesting service. Distributions paid prior to the participant attaining age 59 ½ or 55 for the early retirement and not rolled into another retirement account are subject to federal income tax of 20% and a federal excise tax of 10%.

Vested account balances less than $5,000, but more than $1,000 may be distributed as a lump-sum cash payment or in the form of a direct rollover to an individual retirement account or eligible retirement plan at the consent of the participant or beneficiary. Vested account balances less than $1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

k. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single lump sum, a portion of their elective deferral contributions as a result of an immediate and heavy financial need. These conditions include the payment of tax-deductible medical expenses, post-secondary education tuition for immediate family members, funeral or burial costs of immediate family members, natural disaster clean-up on the participant's

primary residence, the purchase of the participant's primary residence, or to prevent eviction or foreclosure from the participant's primary residence. A participant's right to make elective salary deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

l. Administrative Expenses

All reasonable expenses of administration may be paid out of the Plan assets unless paid by the Company. Expenses, to the extent not paid by the Company, are paid by the Plan and allocated to participants based on their account balances. The Company paid $9,000 and $1,500 on behalf of the Plan for the years ended December 31, 2016 and 2015, respectively. Expenses that relate solely to a specific participant, such as fees for notes receivable or benefit payments, are assessed to the participant. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth by the Financial Accounting Standards Board (the "FASB").

b. Recently Issued Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share as a practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 and should be applied retrospectively. The Plan has elected to adopt ASU 2015-07 retrospectively, effective December 31, 2015.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): (I) Fully Benefit-Responsive Investment Contracts; (II) Plan Investment Disclosures; and (III) Measurement Date Practical Expedient*. This three-part ASU requires plans to no longer:

1. Measure fully benefit-responsive investment contracts at fair value;

2. Disaggregate investments by nature, risks and characteristics;
3. Disclose individual investments that represent five percent or more of net assets available for benefits; or
4. Disclose net appreciation or depreciation for investments by general type.

The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan has elected to adopt ASU 2015-12 retrospectively, effective December 31, 2015, modifying investment disclosures as described above.

c. Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts of net assets available for benefits, changes therein, accompanying notes and supplemental schedule. Actual results could differ from those estimates.

d. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If an active participant fails to make payments for more than 90 days after they are due, the note will be in default. Under certain circumstances, as indicated in the Plan document, a note that is in default may be treated as a taxable distribution from the Plan and will be included in the statements of changes in net assets available for benefits as a benefit payment.

f. Payment of Benefits

Benefits are recorded when paid.

g. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 12, 2017, the date the financial statements were made available for issuance.

3. Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the Custodian as of December 31, 2016 and 2015 and for the years then ended as complete and accurate:

- Investments, at fair value
- Investment income (loss)
- Schedule of assets (held at end of year)

The classification of the investments into the appropriate levels (1, 2, or 3) as disclosed in Note 5.a is not certified by the Custodian and is the responsibility of Plan management.

4. Investments

All Plan investments are participant-directed and held by the Custodian as of December 31, 2016 and 2015. Participants can direct their accounts among various pooled separate accounts and guaranteed interest contracts.

The Plan has a group annuity contract issued by Principal Life Insurance Company. The investment option provides for a guarantee of principal and interest. Contributions and transfers allocated to this investment option will be credited interest as a guaranteed interest rate Principal Life declares for a set period of Time (the Guarantee Period). Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account. Guarantees are supported by the General Account of Principal Life.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the

withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. For the year ended December 31, 2016 and 2015 the average yield earned by the fund and average interest rate credited to participants was 0.44% and 0.25%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

5. Fair Value Measurements

a. Fair Value Hierarchy

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets,
    - Quoted prices for identical or similar assets or liabilities in inactive markets,
    - Inputs other than quoted prices that are observable for the asset or liability, and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Guaranteed Interest Contracts

The guaranteed interest contracts ("GICs") are backed by Principal's general account. Due to the nature of these contracts, they do not have specific underlying assets assigned. Since Principal Life GICs are not traded on an open market and public prices are not available, fair value calculations are determined based on unobservable inputs that reflect the Plan's own assumptions about how the market would price the asset, based on the best information available in the circumstances. Therefore, the guaranteed interest contracts are classified as Level 3 within the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Guaranteed interest contracts	$ -	$ -	$ 1,201	$ 1,201
Total investments at fair value	$ -	$ -	$ 1,201	$ 1,201

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Guaranteed interest contracts	$ -	$ -	$ 1,169	$ 1,169
Total investments at fair value	$ -	$ -	$ 1,169	$ 1,169

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2016 and 2015:

Guaranteed Interest Contracts	2016	2015
Beginning balance	$ 1,169	$ 801
Purchases	272	607
Interest income	1	1
Sales	(243)	(235)
Net realized and unrealized gains (losses)	2	(5)
Ending balance	$ 1,201	$ 1,169
The amount of total gains or (losses) for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains or (losses) relating to assets held at the end of the reporting period	$ 2	$ (5)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input values
Guaranteed interest contracts	$ 1,201	Discounted Cash Flow	Composite Guaranteed Rate	0.10%
			Current Rate on December 31, 2016	0.44%

b. Investments Calculated at Net Asset Value per Share

The following table provides information regarding redemption of investments where the NAV has been used as a practical expedient to measure fair value as of December 31, 2016 and 2015:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2016	2015			
Pooled separate accounts	$530,163	$379,718	None	Daily	None

6. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

All of the Plan's investments are managed by the Custodian, as of December 31, 2016 and 2015 and for the years then ended. Therefore, these investments and their related investment transactions qualify as party-in interest transactions.

Additionally, the Company is party-in-interest to the Plan. However, there were no transactions with the Company other than the funding of contributions to the Plan and payment of certain administrative expenses.

7. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its employer contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching and discretionary non-elective contributions and earnings thereon.

8. Tax Status

The Plan utilizes a Principal Prototype Non-Standardized Profit Sharing Plan Document which received an opinion letter dated March 31, 2014 in which the IRS stated that as of that date the Plan document was designed in compliance with the applicable IRC requirements. The Plan has been amended since Principal received the opinion letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2016 and 2015 and for the years then ended.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Non-exempt Transactions

During the years ended December 31, 2015 and 2014, employee withholdings in the amount of $205 and $17,509, respectively, were not remitted to the Plan by the Company within the time period required by the Department of Labor. These late remittances constitute a prohibited transaction as defined by ERISA. These late contributions and lost earnings were restored to the Plan during 2016.
