1 Description of Plan

The following description of Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective January 1, 2012. The amendment brought the Plan into compliance with provisions of applicable tax laws.

Effective April 30, 2016, the Plan was amended and restated to allow for eligible employees to contribute elective deferrals into the Plan and to allow for employer matching contributions. The employer currently matches the first 4% of elected deferrals.

Eligibility:

All employees of the Company age eighteen and older and who are employed for one year (1,000 hours of service) are eligible to participate in the Plan.

Contributions:

Employee Contributions – Effective April 30, 2016, participants may elect a portion of their compensation to be contributed to the Plan by the Company.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

1 Description of Plan, Continued

Vesting:

All participants are 100% vested in elective deferral and rollover contributions made to the Plan.

Vesting in the participant's employer discretionary and employer match account balance is based on years of service. A participant is vested as follows:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall either be added to employer contributions and allocated in the same manner or used to pay allowable administrative expenses.

Forfeited non-vested accounts totaled \$35,528 and \$63,144 as of December 31, 2016 and 2015 respectively.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 59-1/2, however, a participant may elect early retirement on or after age 55 as long as the participant has completed 6 years of service with the Company.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

1 Description of Plan, Continued

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account.

Hardship Withdrawals:

Hardship withdrawals are not permitted.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Valuation of Investments:

Investments (except for fully benefit responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Risks and Uncertainties:

The Plan's investment include investments in pooled separate accounts, mutual funds, and a guaranteed stable value account holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 11, 2017, which is the date the financial statements were available to be issued.

3 Tax Status

On March 30, 2012, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts:

The fair value of the pooled separate accounts is based on the number of participation units owned under the contract in each pooled separate accounts times the unit value of the participation units. The unit values of participation units in the pooled separate accounts are estimated by Lincoln National Life Insurance Company ("Lincoln") based on the fair value of the underlying assets owned by the fund. Based on this valuation methodology, the pooled separate accounts fall into the Level 2 category of the valuation hierarchy.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

4 Fair Value Measurements

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices. As such, these are reported as Level 1 in the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 56,234	\$ -	\$ -	\$ 56,234

7 Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Lincoln, the Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the pooled separate accounts for the investment management services pursuant to the contract.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

8 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Lincoln National Insurance Company (Lincoln). The contract meets the fully benefit responsive insurance contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.
