INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
The Snell Motor Company 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Snell Motor Company 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in the notes to the financial statements; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments and investment income of the Plan, which were certified by Empower Retirement Services, LLC, aka Great-West Trust company, LLC (the "Custodian"), except for comparing

the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to the notes to the financial statements, which describe the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets (held at end of year) – modified cash basis, as of December 31, 2016, and the schedule of assets (acquired and disposed of within the year) – modified cash basis, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SNELL MOTOR COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF THE PLAN

The following description of the Snell Motor Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Snell Motor Company, Inc. (the Company). An employee is eligible for participation in the Plan following completion of one year of service, one thousand hours of service, and attaining the age of 21. The Plan includes a 401(k) salary deferral feature. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Company may contribute to the Plan an amount determined by its administrative committee. Participants may defer up to the maximum percentage allowed by law. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of the Company's other contributions, and an allocation of Plan earnings. Allocations of the Company's contributions (other than matching contributions) are based upon current year compensation of participants. Allocations of Plan earnings are based upon participant account balances. Forfeitures are used to pay reasonable Plan expenses first with any excess then allocated to reduce the Company's non-elective and matching contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. Participants become fully vested upon death or total and permanent disability.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loans provide for level amortization with payments to be made not less frequently than quarterly over a period not to exceed five years. Interest on these loans is at the prime rate + 1%. Loans used to acquire a primary residence provide for periodic repayment over 61 - 180 months at an interest rate of the prime rate + 2%. The loans are secured by the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits
On termination of service, a participant will receive payment of his or her vested account balance in a lump-sum payment, substantially equal installments, or partial withdrawals of $1,000 or more. The required beginning date is April 1 of the calendar year following the later of the year in which the participant attains the age 70 1/2 or retires.

Basis of Accounting
The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the Unites States of America (GAAP) and that is permitted by the Department of Labor. The modified cash basis of accounting differs from GAAP in that interest and dividend income is recorded when received, rather than when earned, and employer contributions are recognized when cash is paid to the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Estimates
The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Forfeitures
At December 31, 2016 and 2015, forfeited non-vested accounts totaled $2,219 and $0, respectively. These accounts may be used to reduce future employer contributions to the Plan or offset administrative expenses.

Investment Valuation and Income Recognition
The Plan's investments and investment gains (losses) are reflected at market value, which is a measure of current value as of each reporting date. As such, investments and investment gains (losses) includes both realized and unrealized (holding) gains and losses. These amounts are reported as additions to net assets attributed to net investment gain (losses) in the statement of changes in net assets available for benefits – modified cash basis.

Market value is provided by the respective brokers or financial institutions. Market value for highly liquid investments in registered investment companies are typically comprised of publicly reported net asset values. Market value for investments in annuity and similar insurance contracts are typically based on contract values and terms.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

GAAP requires disclosure of information for assets (investments) measured at fair value, including the categorization within the fair value hierarchy. The fair value hierarchy presents three categories of fair value measurements based on inputs used to measure fair value. While the investments reflected in these financial statements are measured at market value, as presented by the modified cash basis, the disclosures for investments includes information on how the investments are categorized according to the fair value hierarchy if such investments were measured at fair value in accordance with GAAP. The fair value hierarchy is described as follows:

Investment Valuation and Income Recognition

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Valuations based on inputs that are unobservable and significant to the overall measurement.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure market value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the market value measurement in its entirety falls is determined based on the lowest level input that is significant to the market value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of market value requires more judgment. As such, the degree of judgment exercised by the Plan in determining market value is greatest for investments in Level 3.

Investments in registered investment companies (mutual funds) are valued at published market prices which represent the net asset value of the shares held by the Plan at December 31, 2016 and 2015, a Level 1 input in the valuation hierarchy, and totaled $6,179,007 and $5,886,362, respectively. Investment in a Group Annuity Contract is measured at contract value, a Level 2 input, and totaled $1,017,878 and $681,422, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received.

3. MARKET VALUE MEASUREMENTS

The following tables represent the market value measurements of assets recognized in the accompanying statement of net assets available for benefits – modified cash basis and present the levels that the market value measurements fall on a recurring basis at December 31, as follows:

December 31, 2016 Market Value Measurements Using

		Quoted Prices in Active markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$	6,179,007		

December 31, 2015 Market Value Measurements Using

		Quoted Prices in Active markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$	5,886,362		

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits - modified cash basis.

5. INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian of the Plan:

	2016	2015
Investments, at fair market value	6,179,007	$ 5,886,362
Net appreciation in fair value	352,202	N/A

6. ADMINISTRATIVE EXPENSES

Certain expenses of the Plan are paid for by the sponsor. These expenses relate to fees incurred for third-party administrators, financial advisory, and other service fees. The participants' portion of administrative fees amounted to $1,575 for the year ended December 31, 2016 and are included in amounts reported on the statement of changes in net assets available for benefits as a deduction for fees.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan annuity contract investments are invested in funds offered by Great-West Life and Annuity Insurance Company, a division of the custodian, as defined by the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the annual and quarterly contract charges are included on the statement of changes in net assets available for benefits – modified cash basis as shown in the administrative expenses note above.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. INCOME TAX STATUS

The Plan received its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. ASSETS AND TRANSACTIONS MANAGED BY THE CUSTODIAN

Empower Retirement Company, LLC formerly Great Western Life and Annuity Insurance Company is the custodian of the Plan. The assets and transactions managed by Empower Retirement Company, LLC are summarized below.

Assets held at December 31, 2016:

Investment funds	$	7,196,885
