Independent Auditor's Report

The Plan Administrator of the
CIW Enterprises, Inc. Retirement Savings Plan
Mountain Top, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CIW Enterprises, Inc. Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Insurance Company of America and Prudential Trust Company, (collectively "Prudential,") except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Prudential holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Prudential as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by Prudential is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Prudential, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the CIW Enterprises, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all full-time and part-time employees of CIW Enterprises, Inc. and Subsidiaries (collectively, the "Company") not covered by a collective bargaining agreement. To be eligible to participate in the Plan and receive matching contributions, an employee must have attained age 18 and completed one hour of service each month during a consecutive three month time period following their date of hire with the Company. Entry date into the Plan is the first day of the month coinciding with or next following the date the employee has met the eligibility requirements.

The Plan contains an automatic salary deferral provision under which all eligible participants will automatically be enrolled at 3% of their earnings, unless the participant makes a specific election not to participate. Additionally, the Plan contains a contribution accelerator provision under which all eligible participants will automatically defer an additional 1% of their earnings beginning each March, unless a specific election is made not to participate or contribute. In no event will the participant's deferral be automatically increased beyond a total of 9% of their earnings.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year participants may elect to contribute from 1% to 75% of pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Plan provides for an automatic deferral feature which increases 1% in March each year but will not exceed 9%. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants. The Company may make a discretionary matching contribution equal to a uniform percentage of participant elective deferrals. For the year ended December 31, 2016, the Company matched 50% of the first 8% of eligible compensation that a participant contributed to the Plan. Additionally, the Company may make a discretionary nonelective contribution to the Plan each year. Discretionary nonelective contributions are allocated on the basis of a participant's compensation as a percentage of all participants' compensation. No discretionary nonelective employer contributions were made during the year ended December 31, 2016. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations as defined by the Internal Revenue Code ("IRC").

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of plan earnings and the Company's nonelective contribution, if any, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals or account balances, as defined. The

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their participant elective contributions and rollover contributions plus actual earnings thereon. Effective January 1, 2016, The Cookson Company, Inc. was merged into Cornell Iron Works, Inc. The merged company changed its name effective the same day to CornellCookson, Inc. All participants hired prior to January 1, 2010 by CIW Enterprises, Inc. or Cornell Iron Works, Inc. will have their employer match contributions vest at a rate of 100% for both prior and future matching contributions. All participants hired on or after January 1, 2010 and all participants hired by The Cookson Company, Inc. prior to January 1, 2010 who cease participation other than by retirement, disability, or death, will have the vested interest in the remainder of their accounts be dependent upon the years of credited service as follows:

Years of Service	Vesting Percentage
1	0%
2	50%
3	100%

Forfeitures

Forfeitures of nonvested participant accounts may be used to reduce future discretionary elective or nonelective employer contributions or to pay administrative expenses of the Plan. No forfeitures were used to pay Plan expenses or offset employer match during 2016. Forfeitures outstanding as of December 31, 2016 and 2015 amounted to \$3,516 and \$3,367, respectively.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. A participant may have one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 9.25% at December 31, 2016. The loans are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans to purchase a primary residence, which may have a longer term.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the financial statements. Fees related to the administration of notes receivable from participants and the allocation of investment fees are charged directly to the participant's account and are included in administrative expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates and those differences could be material.

Risks and Uncertainties

The Plan is invested in various investment securities. Investment securities are exposed to various risks, including, interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are reported at fair value. The Plan's investments in pooled separate accounts are valued at net asset value (NAV) as a practical expedient to estimate fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company.

The Plan's investment in a guaranteed income fund is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of defined contribution plans attributable to fully benefit-responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the guaranteed income fund is considered a benefit responsive annuity contract. In accordance with ASU 2015-12, the guaranteed income fund will not be included in the fair value hierarchy (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities;

Level 2 - Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted market prices that are observable and inputs that are derived principally from or corroborated by observable market data through correlation or other means;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015:

Mutual funds: Valued at quoted market prices, which represent the NAV in an exchange and active market of the shares held by the Plan at year-end.

Pooled separate accounts: Valued based on the NAV of units held by the Plan at year-end as a practical expedient to estimate fair value. The calculated NAV is directly related to the NAV of the underlying investment. The investments held by each pooled separate account are traded in an active market. There are currently no unfunded commitments or redemption restrictions on these investments for participants.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2016 and 2015:

Assets	Investment Assets at Fair Value at December 31, 2016	
	Level 1	Total
Mutual funds	\$ 2,225,154	\$ 2,225,154
Pooled separate accounts*	-	21,152,976
Total Investments, at fair value	\$ 2,225,154	\$ 23,378,130

Assets	Investment Assets at Fair Value at December 31, 2015	
	Level 1	Total
Mutual funds	\$ 2,616,572	\$ 2,616,572
Pooled separate accounts*	-	19,695,293
Total Investments, at fair value	\$ 2,616,572	\$ 22,311,865

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy in accordance with the adoption of ASU 2015-07. The fair value amount presented in these tables are intended to permit reconciliation of the fair value hierarchies to the line items presented in the statements of net assets available for benefits.

4. Information Prepared and Certified by Prudential

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Insurance Company of America and Prudential Trust Company (collectively "Prudential") has certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity and interest income on participant notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2016. The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in these accompanying financial statements and supplemental schedule.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

5. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Prudential totaling \$7,983,417 and \$7,514,986, respectively, at December 31, 2016 and 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by with the issuer, but it may not be less than a floor rate established by the contract. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changed to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsored events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

The guaranteed investment contract permits the insurance company to terminate the agreement prior to the scheduled maturity date, if certain termination provisions are met under the contract.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. Party-In-Interest Transactions

Certain of the Plan's investments are managed by Prudential or its affiliates and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participants account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

8. Voluntary Correction Program

Subsequent to December 31, 2007, the company determined that 10 participants were to be automatically enrolled in the plan and/or subject to automatic contribution escalation according to the Plan's rules. The Company took the remedial actions of the Department of Labor Voluntary Correction Program (VCP) to correct the matter through a retroactive amendment to the participants' accounts in October 2016 for total corrections of \$16,109.

This item does not have a material effect on the plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the plan's tax status.

9. Tax Status

Effective January 1, 2016, the Plan adopted the Prudential Insurance Co. of America Prototype Non-Standardized Profit Sharing Plan, which received an opinion letter from the Internal Revenue Service ("IRS") dated April 29, 2014, stating that the Prototype Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, and during the year ended December 31, 2016, there are no material uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2017, the date the financial statements were available to be issued. Based on this evaluation, the Plan is not aware of any events or transactions that occurred subsequent to the Plan's year-end but prior to October 6, 2017 that would require recognition or disclosure in its financial statements.

Independent Auditor's Report

The Plan Administrator of the
CIW Enterprises, Inc. Retirement Savings Plan
Mountain Top, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CIW Enterprises, Inc. Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Insurance Company of America and Prudential Trust Company, (collectively "Prudential,") except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Prudential holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Prudential as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by Prudential is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Prudential, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the CIW Enterprises, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all full-time and part-time employees of CIW Enterprises, Inc. and Subsidiaries (collectively, the "Company") not covered by a collective bargaining agreement. To be eligible to participate in the Plan and receive matching contributions, an employee must have attained age 18 and completed one hour of service each month during a consecutive three month time period following their date of hire with the Company. Entry date into the Plan is the first day of the month coinciding with or next following the date the employee has met the eligibility requirements.

The Plan contains an automatic salary deferral provision under which all eligible participants will automatically be enrolled at 3% of their earnings, unless the participant makes a specific election not to participate. Additionally, the Plan contains a contribution accelerator provision under which all eligible participants will automatically defer an additional 1% of their earnings beginning each March, unless a specific election is made not to participate or contribute. In no event will the participant's deferral be automatically increased beyond a total of 9% of their earnings.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year participants may elect to contribute from 1% to 75% of pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Plan provides for an automatic deferral feature which increases 1% in March each year but will not exceed 9%. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants. The Company may make a discretionary matching contribution equal to a uniform percentage of participant elective deferrals. For the year ended December 31, 2016, the Company matched 50% of the first 8% of eligible compensation that a participant contributed to the Plan. Additionally, the Company may make a discretionary nonelective contribution to the Plan each year. Discretionary nonelective contributions are allocated on the basis of a participant's compensation as a percentage of all participants' compensation. No discretionary nonelective employer contributions were made during the year ended December 31, 2016. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations as defined by the Internal Revenue Code ("IRC").

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of plan earnings and the Company's nonelective contribution, if any, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals or account balances, as defined. The

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their participant elective contributions and rollover contributions plus actual earnings thereon. Effective January 1, 2016, The Cookson Company, Inc. was merged into Cornell Iron Works, Inc. The merged company changed its name effective the same day to CornellCookson, Inc. All participants hired prior to January 1, 2010 by CIW Enterprises, Inc. or Cornell Iron Works, Inc. will have their employer match contributions vest at a rate of 100% for both prior and future matching contributions. All participants hired on or after January 1, 2010 and all participants hired by The Cookson Company, Inc. prior to January 1, 2010 who cease participation other than by retirement, disability, or death, will have the vested interest in the remainder of their accounts be dependent upon the years of credited service as follows:

Years of Service	Vesting Percentage
1	0%
2	50%
3	100%

Forfeitures

Forfeitures of nonvested participant accounts may be used to reduce future discretionary elective or nonelective employer contributions or to pay administrative expenses of the Plan. No forfeitures were used to pay Plan expenses or offset employer match during 2016. Forfeitures outstanding as of December 31, 2016 and 2015 amounted to \$3,516 and \$3,367, respectively.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. A participant may have one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 9.25% at December 31, 2016. The loans are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans to purchase a primary residence, which may have a longer term.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the financial statements. Fees related to the administration of notes receivable from participants and the allocation of investment fees are charged directly to the participant's account and are included in administrative expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates and those differences could be material.

Risks and Uncertainties

The Plan is invested in various investment securities. Investment securities are exposed to various risks, including, interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are reported at fair value. The Plan's investments in pooled separate accounts are valued at net asset value (NAV) as a practical expedient to estimate fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company.

The Plan's investment in a guaranteed income fund is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of defined contribution plans attributable to fully benefit-responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the guaranteed income fund is considered a benefit responsive annuity contract. In accordance with ASU 2015-12, the guaranteed income fund will not be included in the fair value hierarchy (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities;

Level 2 - Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted market prices that are observable and inputs that are derived principally from or corroborated by observable market data through correlation or other means;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015:

Mutual funds: Valued at quoted market prices, which represent the NAV in an exchange and active market of the shares held by the Plan at year-end.

Pooled separate accounts: Valued based on the NAV of units held by the Plan at year-end as a practical expedient to estimate fair value. The calculated NAV is directly related to the NAV of the underlying investment. The investments held by each pooled separate account are traded in an active market. There are currently no unfunded commitments or redemption restrictions on these investments for participants.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2016 and 2015:

Assets	Investment Assets at Fair Value at December 31, 2016	
	Level 1	Total
Mutual funds	\$ 2,225,154	\$ 2,225,154
Pooled separate accounts*	-	21,152,976
Total Investments, at fair value	\$ 2,225,154	\$ 23,378,130

Assets	Investment Assets at Fair Value at December 31, 2015	
	Level 1	Total
Mutual funds	\$ 2,616,572	\$ 2,616,572
Pooled separate accounts*	-	19,695,293
Total Investments, at fair value	\$ 2,616,572	\$ 22,311,865

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy in accordance with the adoption of ASU 2015-07. The fair value amount presented in these tables are intended to permit reconciliation of the fair value hierarchies to the line items presented in the statements of net assets available for benefits.

4. Information Prepared and Certified by Prudential

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Insurance Company of America and Prudential Trust Company (collectively "Prudential") has certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity and interest income on participant notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2016. The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in these accompanying financial statements and supplemental schedule.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

5. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Prudential totaling \$7,983,417 and \$7,514,986, respectively, at December 31, 2016 and 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by with the issuer, but it may not be less than a floor rate established by the contract. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changed to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsored events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

The guaranteed investment contract permits the insurance company to terminate the agreement prior to the scheduled maturity date, if certain termination provisions are met under the contract.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. Party-In-Interest Transactions

Certain of the Plan's investments are managed by Prudential or its affiliates and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participants account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

8. Voluntary Correction Program

Subsequent to December 31, 2007, the company determined that 10 participants were to be automatically enrolled in the plan and/or subject to automatic contribution escalation according to the Plan's rules. The Company took the remedial actions of the Department of Labor Voluntary Correction Program (VCP) to correct the matter through a retroactive amendment to the participants' accounts in October 2016 for total corrections of \$16,109.

This item does not have a material effect on the plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the plan's tax status.

9. Tax Status

Effective January 1, 2016, the Plan adopted the Prudential Insurance Co. of America Prototype Non-Standardized Profit Sharing Plan, which received an opinion letter from the Internal Revenue Service ("IRS") dated April 29, 2014, stating that the Prototype Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, and during the year ended December 31, 2016, there are no material uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2017, the date the financial statements were available to be issued. Based on this evaluation, the Plan is not aware of any events or transactions that occurred subsequent to the Plan's year-end but prior to October 6, 2017 that would require recognition or disclosure in its financial statements.

Independent Auditor's Report

The Plan Administrator of the
CIW Enterprises, Inc. Retirement Savings Plan
Mountain Top, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CIW Enterprises, Inc. Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Insurance Company of America and Prudential Trust Company, (collectively "Prudential,") except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Prudential holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Prudential as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by Prudential is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Prudential, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the CIW Enterprises, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all full-time and part-time employees of CIW Enterprises, Inc. and Subsidiaries (collectively, the "Company") not covered by a collective bargaining agreement. To be eligible to participate in the Plan and receive matching contributions, an employee must have attained age 18 and completed one hour of service each month during a consecutive three month time period following their date of hire with the Company. Entry date into the Plan is the first day of the month coinciding with or next following the date the employee has met the eligibility requirements.

The Plan contains an automatic salary deferral provision under which all eligible participants will automatically be enrolled at 3% of their earnings, unless the participant makes a specific election not to participate. Additionally, the Plan contains a contribution accelerator provision under which all eligible participants will automatically defer an additional 1% of their earnings beginning each March, unless a specific election is made not to participate or contribute. In no event will the participant's deferral be automatically increased beyond a total of 9% of their earnings.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year participants may elect to contribute from 1% to 75% of pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Plan provides for an automatic deferral feature which increases 1% in March each year but will not exceed 9%. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants. The Company may make a discretionary matching contribution equal to a uniform percentage of participant elective deferrals. For the year ended December 31, 2016, the Company matched 50% of the first 8% of eligible compensation that a participant contributed to the Plan. Additionally, the Company may make a discretionary nonelective contribution to the Plan each year. Discretionary nonelective contributions are allocated on the basis of a participant's compensation as a percentage of all participants' compensation. No discretionary nonelective employer contributions were made during the year ended December 31, 2016. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations as defined by the Internal Revenue Code ("IRC").

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of plan earnings and the Company's nonelective contribution, if any, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals or account balances, as defined. The

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their participant elective contributions and rollover contributions plus actual earnings thereon. Effective January 1, 2016, The Cookson Company, Inc. was merged into Cornell Iron Works, Inc. The merged company changed its name effective the same day to CornellCookson, Inc. All participants hired prior to January 1, 2010 by CIW Enterprises, Inc. or Cornell Iron Works, Inc. will have their employer match contributions vest at a rate of 100% for both prior and future matching contributions. All participants hired on or after January 1, 2010 and all participants hired by The Cookson Company, Inc. prior to January 1, 2010 who cease participation other than by retirement, disability, or death, will have the vested interest in the remainder of their accounts be dependent upon the years of credited service as follows:

Years of Service	Vesting Percentage
1	0%
2	50%
3	100%

Forfeitures

Forfeitures of nonvested participant accounts may be used to reduce future discretionary elective or nonelective employer contributions or to pay administrative expenses of the Plan. No forfeitures were used to pay Plan expenses or offset employer match during 2016. Forfeitures outstanding as of December 31, 2016 and 2015 amounted to \$3,516 and \$3,367, respectively.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. A participant may have one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 9.25% at December 31, 2016. The loans are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans to purchase a primary residence, which may have a longer term.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the financial statements. Fees related to the administration of notes receivable from participants and the allocation of investment fees are charged directly to the participant's account and are included in administrative expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates and those differences could be material.

Risks and Uncertainties

The Plan is invested in various investment securities. Investment securities are exposed to various risks, including, interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are reported at fair value. The Plan's investments in pooled separate accounts are valued at net asset value (NAV) as a practical expedient to estimate fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company.

The Plan's investment in a guaranteed income fund is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of defined contribution plans attributable to fully benefit-responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the guaranteed income fund is considered a benefit responsive annuity contract. In accordance with ASU 2015-12, the guaranteed income fund will not be included in the fair value hierarchy (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities;

Level 2 - Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted market prices that are observable and inputs that are derived principally from or corroborated by observable market data through correlation or other means;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015:

Mutual funds: Valued at quoted market prices, which represent the NAV in an exchange and active market of the shares held by the Plan at year-end.

Pooled separate accounts: Valued based on the NAV of units held by the Plan at year-end as a practical expedient to estimate fair value. The calculated NAV is directly related to the NAV of the underlying investment. The investments held by each pooled separate account are traded in an active market. There are currently no unfunded commitments or redemption restrictions on these investments for participants.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2016 and 2015:

Assets	Investment Assets at Fair Value at December 31, 2016	
	Level 1	Total
Mutual funds	\$ 2,225,154	\$ 2,225,154
Pooled separate accounts*	-	21,152,976
Total Investments, at fair value	\$ 2,225,154	\$ 23,378,130

Assets	Investment Assets at Fair Value at December 31, 2015	
	Level 1	Total
Mutual funds	\$ 2,616,572	\$ 2,616,572
Pooled separate accounts*	-	19,695,293
Total Investments, at fair value	\$ 2,616,572	\$ 22,311,865

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy in accordance with the adoption of ASU 2015-07. The fair value amount presented in these tables are intended to permit reconciliation of the fair value hierarchies to the line items presented in the statements of net assets available for benefits.

4. Information Prepared and Certified by Prudential

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Insurance Company of America and Prudential Trust Company (collectively "Prudential") has certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity and interest income on participant notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2016. The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in these accompanying financial statements and supplemental schedule.

5. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Prudential totaling \$7,983,417 and \$7,514,986, respectively, at December 31, 2016 and 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by with the issuer, but it may not be less than a floor rate established by the contract. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changed to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsored events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

The guaranteed investment contract permits the insurance company to terminate the agreement prior to the scheduled maturity date, if certain termination provisions are met under the contract.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. Party-In-Interest Transactions

Certain of the Plan's investments are managed by Prudential or its affiliates and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participants account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

CIW Enterprises, Inc. Retirement Savings Plan

Notes to Financial Statements

8. Voluntary Correction Program

Subsequent to December 31, 2007, the company determined that 10 participants were to be automatically enrolled in the plan and/or subject to automatic contribution escalation according to the Plan's rules. The Company took the remedial actions of the Department of Labor Voluntary Correction Program (VCP) to correct the matter through a retroactive amendment to the participants' accounts in October 2016 for total corrections of \$16,109.

This item does not have a material effect on the plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the plan's tax status.

9. Tax Status

Effective January 1, 2016, the Plan adopted the Prudential Insurance Co. of America Prototype Non-Standardized Profit Sharing Plan, which received an opinion letter from the Internal Revenue Service ("IRS") dated April 29, 2014, stating that the Prototype Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, and during the year ended December 31, 2016, there are no material uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2017, the date the financial statements were available to be issued. Based on this evaluation, the Plan is not aware of any events or transactions that occurred subsequent to the Plan's year-end but prior to October 6, 2017 that would require recognition or disclosure in its financial statements.
