Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 and the Supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Emphasis of Matter

As noted in Note 10, the Plan's records and procedures are not adequate to assure the completeness of participants' data on which contributions are determined and we were unable to perform any other auditing procedures with respect to participants' data maintained by the participating employer.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of The Access Financial 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Axxess Financial Services, Inc. (the "Employer" or the "Company") who have met certain age and service requirements, as defined. The Employer controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan transfers and mergers

Effective January 1, 2016, the net assets of the Why Not Leasing, LLC 401k Profit Sharing Plan and Trust, which totaled \$849,729, were transferred into the plan. The sponsor of this plan was acquired in 2015.

Effective December 31, 2016, the assets of the SmartPay Leasing, Inc. Retirement Plan, which totaled \$288,986, were transferred into the plan. The sponsor of this plan was acquired in 2016.

Contributions

Each year participants may make elective deferral contributions to the Plan on a pretax basis subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are automatically enrolled in the Plan at a 3% deferral rate until they affirmatively select another deferral amount or percentage. Participants who have been automatically enrolled in the Plan also automatically have their deferral increased by 1% annually up to a total deferral of 6% unless they affirmatively select another deferral amount or percentage. The Employer makes discretionary matching contributions, safe harbor contributions and discretionary profit sharing contributions to the Plan, as defined. The Plan provides non-discretionary matching contributions of 100% of the first 1% of qualified wages contributed by a participant to the Plan and 50% of the salary deferrals between 2% and 6% of each participant's compensation. Such contributions are allocated to each participant in proportion to his or her compensation for the Plan year while a participant.

Participant accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions and an allocation of Employer discretionary contributions and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions (discretionary and matching contributions) is based on years of continuous service. A participant is 100% vested after three years of service. For Employer qualified safe harbor contributions, participants vest after two years of service.

Notes receivable from participants

Active participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested interest in the Plan, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with rates currently being charged by commercial lenders for loans made under similar circumstances and shall be at least 1% over the prime rate. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or normal retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance upon attaining age 59 1/2 or via financial hardship withdrawal, if certain requirements are satisfied. In the event of a participant's death, payment will be made to designated beneficiaries. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or rollover their vested amounts to another qualified retirement account.

Forfeited accounts

At December 31, 2016 and 2015, forfeited non-vested accounts amounted to \$47,117 and \$104,089, respectively. At the discretion of the Company, forfeitures may be used to pay administrative expenses of the Plan. Any remaining amounts may be used to reduce future Company contributions. During the years ended December 31, 2016 and 2015, \$252,085 and \$535,948, respectively, of forfeitures were used to reduce Employer matching contributions to the Plan. During the years ended December 31, 2016 and 2015, \$36,121 and \$18,084, respectively, of forfeitures were used to pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefit payments are recorded when paid.

Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Accounting changes

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to early adopt Part II of ASU 2015-12 in 2015. The Plan elected to adopt Part I of ASU 2015-12 in 2016 and applied retrospectively to all periods presented. This change had no impact on net assets available for benefits. Part III is not applicable to the Plan.

Additionally, the FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)." ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan elected to early adopt ASU 2015-07 in 2016 and applied retrospectively to all periods presented. This change had no impact on net assets available for benefits.

Reclassification

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Institutional Trust Company, the trustee, has certified to the completeness and accuracy of all of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, and the schedule of assets (held at end of year) as of December 31, 2016, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidated will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Investments at Fair Value at December 31, 2016					
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	Assets at <u>NAV</u>	<u>Total</u>

Total investments at fair value	\$ <u>22,329,402</u>	-	-	<u>2,986,562</u>	<u>25,315,964</u>

Investments at Fair Value at December 31, 2015					
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	Assets at <u>NAV</u>	<u>Total</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Common/collective trust</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2016	\$ 2,986,562	n/a	Daily	Daily
December 31, 2015	\$ 3,126,686	n/a	Daily	Daily

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY:

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company totaling \$74,383 at December 31, 2016. The contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the contract issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without consent of the issuer.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments held as of December 31, 2016 and 2015 are shares of funds managed by Voya Investment Management, LLC, a related party of Voya Institutional Trust Company, the trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than a direct payment.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer reserves the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become fully vested to the extent they are not already vested.

8. INCOME TAX STATUS:

In an opinion letter dated September 1, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits.

10. PLAN CORRECTIONS:

The Plan has experienced operational errors in the administration of the Plan related to the completeness of participants' data on which contributions are determined. Management is working with external consultants and ERISA counsel to correct. No amounts have been accrued in these financial statements related to the anticipated correction.

11. RECONCILIATION TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500:
