Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. Their report, dated July 6, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statement and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FIRST CO. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

Note 1 - Description of Plan

The following description of First Co. 401(k) Retirement Plan (the Plan) provides only general information. The Plan Agreement should be referred to for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan covering all employees of First Co. (the Company) who have completed six months of service and are at least 18 years of age. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments. Vanguard Fiduciary Trust Company (the Trustee) is responsible for recordkeeping transactions and holds the Plan's assets.

Contributions

Each year, eligible employees may contribute pretax annual compensation, not to exceed the maximum permitted by law. Participants may also contribute distributions from other qualified plans. The Company makes matching contributions on deferrals up to 3% of annual compensation dollar for dollar, and 50% of each dollar for the next 2% of annual compensation deferred. In addition, the Company can make discretionary profit sharing contributions, however no such contributions were made in 2016. Participants direct their contributions into various investment options defined by the Plan. The Plan currently offers approximately twenty five mutual funds and a retirement savings trust.

Participant Accounts

Each participant's account is credited with the participant's elective contributions, the Company's matching contributions, and allocations of Plan earnings or losses and charged with administrative expenses as defined by the Plan. Allocations of Plan earnings are based on actual results of individual participant investment balances, as electively designated and certified by the trustee. Since participants are allowed to choose among several mutual funds and the retirement savings trust, earnings credited to their individual account will vary depending on the yields generated by the respective funds. Interest paid on loans is allocated to the account of the borrower. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are 100% vested in their elective deferrals, rollover contributions and Company matching contributions, plus actual earnings thereon. Vesting in the remaining account balance is based on years of service. A participant is 100% vested after six years.

Forfeitures

Participants who are not 100% vested, and who receive a distribution of profit sharing contributions or other amounts subject to vesting provisions, are deemed to have forfeited their non-vested benefit. If a participant returns to work for the Company before five consecutive one year breaks in service, they may recapture the forfeited benefit, provided they repay the distribution received. Forfeitures may be applied to reduce employer contributions and any remaining forfeitures are allocated to the remaining plan participants based on Plan provisions. The forfeiture balance as of December 31, 2016 was $19,413.

Loans

Active participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate, as published by the Wall Street Journal. Loan repayments were made monthly by payroll deductions.

Payment of Benefits

On termination of service, a participant is eligible to receive a lump sum distribution of an amount equal to the value of the participant's vested interest in his or her account. For termination of service due to death or disability, the participant will be entitled to 100% of his or her account balance. Hardship distributions are allowed in certain circumstances as defined in the Plan.

Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 1 - Description of Plan (continued)

Administrative Expenses

The Company pays certain Plan related fees and expenses. However, to offset recordkeeping expenses incurred by the Company, individual participant accounts are charged $10 per quarter. Participants are also charged fees for loan initiation and maintenance.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America (US GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review

Subsequent events have been evaluated through October 11, 2017 which is the date the financial statements were available to be issued.

Changes in Presentation of Comparative Statements

In July 2015 the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Pans (Topic 962), effective for years beginning after December 15, 2015. This standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosure and should be applied retroactively. As a result the prior year financial statements have been adjusted to conform to the presentation used in 2016 and as required by ASU 2015-12.

Note 3 – Fair Value Measurements

The Plan applies the provisions of FASB ASC 820 Fair Value Measurements and Disclosures. The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other observable inputs other than Level 1 prices, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs when Level 1 inputs were not available but other observable inputs were available, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted price for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Collective trust fund: The Vanguard Retirement Savings Trust (VRST) invests solely in the VRST Master Trust (the "Trust"). The Trust is a collective investment trust established on July 1, 2001, under Section 404 of the Pennsylvania Banking Code. Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Generally, there are no restrictions on a participant's ability to redeem an investment in the fund at NAV.

Note 3 – Fair Value Measurements (continued)

However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment at its NAV. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total	$19,564,093	$12,846,490	$ 6,717,603	$

Note 4 – Investments

The following presents investments at December 31, 2016 that represent 5% or more of the Plan's net assets:

	2016
Vanguard Retirement Savings Trust	$ 5,956,711
Vanguard 500 Index Fund	1,370,505
Vanguard Equity Income Fund	2,263,403
Vanguard Primecap Fund	2,615,233

Note 5 – Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee of the Plan as of and for the year ended December 31.

	December 31	
	2016	2015
Registered investment companies, at fair value	$ 12,619,443	$ 12,846,490
Collective trust fund, at fair value	5,956,711	6,717,603
Participant loans	503,358	656,645

	Year Ending December 31, 2016
Investment income (loss)	$ 1,171,565
Other additions	14,835
Payments of benefits	3,222,636
Administrative fees	12,056

Note 6 – Tax Status

The Plan obtained its latest determination letter on May 28, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan uses a prototype plan and trust sponsored by the Vanguard Fiduciary Trust Company. Although the Plan has been amended since receiving the determination letter, the Company and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Notwithstanding the foregoing, the Company identified certain operational failures occurring from 2013 through 2017. The Company is in the process of correcting these failures in accordance with the Employee Plans Compliance Resolution System, and believes that the plan continues to maintain its tax qualified status and the related trust will continue to be tax exempt.

Note 7 – Related Party Transactions

The Plan invests in shares of mutual funds and the collective trust fund VRST managed by an affiliate of Vanguard Fiduciary Trust Company ("VFTC"). VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values if investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the Statements of Net Assets Available for Benefits.

Note 9 – Non-Exempt Transaction

The Company has historically and through June 2017 remitted the participant contributions on a monthly basis, which was later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company filed Form 5330 with the IRS and paid the required excise tax on the transactions from January 2014 through June 2017. In addition, participant accounts were credited with lost earnings and interest on earnings in accordance with the procedures described in the DOL's Voluntary Fiduciary Correction Program.
