Note 1. Description of the Plan

The following description of the Child Guidance & Family Solutions 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering substantially all employees of Child Guidance & Family Solutions (the Agency or Plan Sponsor) who are not classified as temporary employees and who have completed three consecutive months of service with the Agency. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. On January 1, 2017, the Plan was amended making employees of the Agency who are not classified as temporary employees eligible to enter the plan on the first day of the calendar month, coincident with or next following the date the employee first performs an hour of service.

Contributions

Participants may make pre-tax contributions according to their elected salary reduction percentages. Participants also have the option to make after-tax Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch up contributions. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Agency makes matching contributions in an amount equal to 50% up to a maximum of 1% of a participant's eligible compensation. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

In addition, the Agency has the right to make discretionary contributions to the Plan. These contributions shall be unrelated to any employee contributions made during the Plan year. No discretionary contributions were made during the Plan years ended December 31, 2016 and 2015.

Participant Accounts

Each participant's account is credited with his or her elective deferral, and an allocation of (a) the Agency's matching contributions, (b) Plan earnings, and (c) the Agency's discretionary contributions and Plan expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have a 100% non-forfeitable vested interest in their portion of contributions. Vesting in the Agency's contribution is based on years of continuous full-time service as follows:

Years of Service	Vested Percentage
1	25%
2	50%
3	100%

Note 1. Description of the Plan (Continued)

Forfeitures

Forfeitures may be used to pay administrative expenses or reduce employer contributions at the Agency's discretion. As of December 31, 2016 and 2015, forfeiture balances were $28,879 and $25,802, respectively. There were no forfeitures used to reduce employer contributions during the years ended December 31, 2016 and 2015. Forfeitures used to pay fees totaled $2,678 and $3,342 for the years ended December 31, 2016 and 2015, respectively.

Payment of Benefits

Upon termination, death, disability, or retirement, participants with a vested interest in their accounts of $1,000 or more may elect to receive a lump sum distribution, rollover the amount into another qualified plan, or leave their funds invested in the Plan. Participants with a vested interest in their accounts of less than $1,000 automatically receive lump-sum distributions. Additionally, the Plan has provisions for active participants to make hardship withdrawals from their account, subject to limitations and restrictions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, whereas income is recognized when received, disbursements are recognized when paid, and investments are recorded at fair value.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Expenses of the Plan are paid by the Agency or the Plan as provided by the plan document.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Agency has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants shall be 100% vested in their accounts and the trustee shall distribute account balances to participants in accordance with the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Capital Bank and Trust Company

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments and interest income for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Capital Bank and Trust Company, the trustee.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,577,327	$ -	$ -	$ 6,577,327
Total Investments at Fair Value	$ 6,577,327	$ -	$ -	$ 6,577,327

	2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,551,902	$ -	$ -	$ 6,551,902
Total Investments at Fair Value	$ 6,551,902	$ -	$ -	$ 6,551,902

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2016 and 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Income Tax Status

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan. As of December 31, 2016 and 2015, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related Party Transactions

Plan investments include shares of registered investment companies managed by The American Funds, an affiliate of Capital Bank and Trust Company, trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.
