INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Schawk, Inc. Retirement Plan For Imaging Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Schawk, Inc. Retirement Plan For Imaging Employees, (the Plan) which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2016, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, the trustee of the plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedule

The supplemental Schedule of Assets Held for Investment Purposes as of and for the year ended December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 10, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Schawk, Inc. Retirement Plan For Imaging Employees
Notes to Financial Statements
December 31, 2016 and 2015

Note 1 - Description of the Plan:

The following description of the Schawk, Inc. Retirement Plan For Imaging Employees (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established January 1, 1960, was created to provide retirement benefits for eligible employees, as defined, of Schawk, Inc. (the “Company”). Effective January 1, 2017, the Plan will be merged into the Matthews 401(k) Plan. The Plan is a qualified cash deferred arrangement, pursuant to Section 401(k) of the Internal Revenue Code. Employees are eligible to make elective deferrals after completing one hour of service and attaining age 18, to be eligible for employer matching contributions, the participant must complete 1,000 hours of service from the date of employment over a 12- month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute to the Plan through payroll deductions at a rate of 1 to 100 percent of their compensation not to exceed annual limits set by tax laws (18,000 for 2016 and 2015). Participants age 50 and over are eligible to contribute up to an extra 6,000 in 2016 and 2015. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants’ direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2008, employees are automatically enrolled in the Plan 30 days after they become eligible unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation. The Company can make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals.

Participant Accounts

Each participant’s account is credited with the participant's contributions and allocations of the Company's contribution, where applicable, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of the Plan (Continued):

Vesting

Participants are immediately vested in their contributions and rollover contributions accounts plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on continuous years of service accounts for each participant is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures of non-vested portion of participants' accounts resulting from termination of employment before full vesting may be used to reduce future employer contributions.

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$377,837 and \$338,890 respectively. In 2016, employer contributions were reduced by \$358,791 by forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The participant loans are secured by the balance in the participant's account and bear interest a rate which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's or their beneficiary's assumed life expectancies. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this method, contributions and interest and dividend income are recorded when cash is received by the Plan and benefits and administrative expenses are recorded when cash is disbursed by the Plan.

Use of Estimates

The preparation of financial statements presented on the modified cash basis of accounting requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances. Interest income is recorded when paid. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Consideration of Subsequent Events

For the year ended December 31, 2016, the Plan has evaluated subsequent events for potential recognition and disclosure through October 12, 2017, the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies (Continued):

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and for issued checks are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Information Certified by the Plan's Trustee (Unaudited):

The Plan administrator has elected the method of annual reporting compliance permitted by 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Investment activity, excluding participant loans, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.
- The schedule of assets held for investment purposes at end of year, excluding participant loans, as shown on Form 5500 Schedule H, Line 4(i).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements:

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

Schawk, Inc. Retirement Plan For Imaging Employees
Notes to Financial Statements
December 31, 2016 and 2015

Note 4 – Fair Value Measurements (Continued):

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a brief description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money Market and Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self Directed Brokerage Accounts – Valued at the closing price reported on the active market on which the individual securities are traded. These investments are considered level 1 in the fair value hierarchy.

Units Common/Collective Fund – Valued at the total NAV (Net Asset Value) utilized as a practical expedient of underlying investments held by the trust at year-end.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) are not required to be classified in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements
December 31, 2016 and 2015

Note 5 - Related Party Transactions and Party-in-Interest Transactions:

Certain Plan investments were managed by Bank of America, the Plan trustee and, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Bank of America are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts. Effective January 1, 2017 the Plan will be merged into the Matthews 401(k) Plan.

Note 7 - Tax Status:

The IRS has determined and informed the Company by letter dated February 13, 2012, that the Plan has been designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
