### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Select Sires, Inc. 401(k) Plan and Trust as of December 31, 2016 and 2015, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at year end referred to as "supplemental information", is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

---

**DESCRIPTION OF PLAN**

The following brief description of the Select Sires, Inc. 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution retirement plan sponsored by Select Sires, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Beginning January 1, 1999, the Plan was opened to participation by other Select Sires members. In addition to the Select Sires employees, the Plan also covers employees of Select Sires MidAmerica, Select Sire Power, Minnesota Select Sires, Southeast Select Sires and East Central Select Sires for the years presented (collectively the Plan Sponsors). As a result, it is considered to be a multiple employer plan.

Eligibility - An employee shall be eligible to participate in the Plan on the entry date (if employed) coincident with the date of completion of one year of service and attainment of age 19½.

Contributions - To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, ranging from 1% to 50%, and to contribute such amount to the employee's account in the Plan. Participant contributions are immediately vested. Any employer may make discretionary and/or non-discretionary contributions to the Plan. Employer contributions are 100% vested after 3 years of service.

In accordance with Section 401(k) of the Internal Revenue Code, all amounts withheld from compensation and contributed to a participant's account, up to the maximum allowed, shall be excluded from gross income of the participant for federal income tax purposes.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of the 26 investment options. Participants may change their investment options any time. The Plan Sponsors continually monitor the investment options and make changes from time to time in an effort to provide the best return for the participants.

Payment of Benefits - The form of payment under the Plan may be a lump sum distribution or periodic installment payments over less than ten years. A participant's account shall be payable to him or her, or in the event of death to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Retirement date is upon attainment of age 65 or age 55 with at least five years of service.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance up to a maximum of five years unless for a primary residence and then maximum is 15 years. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the Plan administrator.

Forfeited Accounts - Forfeitures represent the non-vested portion of employer contributions to accounts of former participants. The balance in the account at December 31, 2016 and 2015 was \$4,375 and \$195, respectively. These accounts are used to offset future employer matching contributions or to offset administrative fees. During the years ended December 31, 2016 and 2015, \$22,073 and \$9,496, respectively, of forfeitures were used to offset administrative fees.

Administrative Expenses - The Plan's administrative expenses are paid either by the Plan or the Plan Sponsors as provided by the Plan document. The Plan Sponsors absorb or reimburse the Plan for the majority of administrative expenses.

**DESCRIPTION OF PLAN - Continued**

Plan Amendments or Terminations - The Plan Sponsors reserve the right at any time to amend or terminate the Plan, provided that no such amendment or termination shall have the effect of giving the Plan Sponsors any right, or of reducing the rights of any participant, in the funds then held by the Trustee. No amendment to the Plan shall have the effect of eliminating or reducing a retirement benefit, or eliminating an optional form of benefit with respect to benefits attributable to service before the amendment.

On January 1, 2006, the Plan was amended to include non-discretionary employer contributions. Existing employees had the option to freeze their accrued benefits in the Select Sires defined benefit pension plan and instead receive an annual employer contribution to their 401(k) plan based upon a percentage of salary determined by their years of service to Select Sires, Inc. or its member organizations. All employees hired subsequent to that date are eligible for an employer 401(k) contribution based upon a percentage of salary determined by their years of service.

On December 31, 2009, the Select Sires defined benefit pension plan was frozen, and all employees who had not previously opted out of the pension plan began receiving the annual employer contributions in the 401(k) plan.

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Plan are prepared on the accrual basis of accounting. Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements:

Investment Valuation and Income Recognition - Investments are recorded at fair value based upon quoted market prices at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined using the average cost basis and is used when determining realized gains and losses upon disposition. Investments in benefit-responsive investment contracts are presented at contract value rather than fair value since contract value is the amount at which participants may initiate and settle transactions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when discretionary contributions are allocated by the Plan Sponsors.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

Risks and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

New Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016. The Plan elected to early adopt the provisions of this new standard as of December 31, 2015. The adoption had no impact on the statements of net assets available for benefits or changes in net assets available for benefits as of and for the years December 31, 2016 and 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960): Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. The Plan adopted the provisions of this new standard as of December 31, 2015. The impact of adopting this ASU resulted in the elimination of footnote disclosures only and did not have an impact on the statements of net assets available for benefits or changes in net assets available for benefits.

In January 2016, FASB issued ASU 2016-01, *Financial Instruments (Subtopic 825-10) - Overall Recognition and Measurement of Financial Assets and Financial Liabilities*. ASU 2016-01 amended ASC 825, *Financial Instruments*, and eliminates the requirement to disclose the fair value of financial instruments not recorded at fair value required under ASC 825. This ASU is effective for years beginning after December 15, 2018. The Sponsor does not expect the adoption of this ASU to have a significant impact on the financial statements.

**PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are shares of mutual funds managed by the Plan's investment advisor, as is customary in retirement plans. As a result, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsors. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

**REPORTABLE TRANSACTIONS**

The Plan's assets are participant-directed, and thus, the schedule of reportable transactions is not required.

**RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

No reconciliation was necessary for 2016 and 2015.

**INCOME TAX STATUS**

The Select Sires, Inc. 401(k) Plan and Trust became effective May 1, 1997. In its most recent determination letter, dated April 22, 2004, the Internal Revenue Service informed the Plan administrator and Plan Sponsors that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan administrator and trustees are not aware of any provision, action or event that has occurred that might affect the Plan's qualified status.

The Plan complies with ASC 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan administration is not aware of any tax positions taken by the Plan that it considers to be uncertain. Tax returns for the years ended 2013, 2014 and 2015 are open and subject to examination by the Internal Revenue Service.

**INVESTMENT CONTRACT**

The Plan maintains a benefit-responsive investment contract with Morley Financial Services. The contract is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. As described in SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, because the investment contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate for the investment contract was 2.01% and 2.00% for the years ended December 31, 2016 and 2015, respectively. The crediting interest rate is adjusted quarterly.

Certain events may limit the Plan's ability to transact at contract value. The Plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value with the participants is probable.

**FAIR VALUE MEASUREMENTS**

The Plan complies with ASC 820, *Fair Value Measurements and Disclosures*, to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair value of certain assets and liabilities are determined based on the fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

**FAIR VALUE MEASUREMENTS - Continued**

Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1 - Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

|                                 |                     | <b>Fair Value Measurements Using:</b>                                                 |                                                                      |                                                              |

The fair value of mutual funds and target date funds are publicly traded and are valued at the net asset value of shares held by the Plan at year end. As a result, they are considered Level 1.

The benefit-responsive investment contract is excluded from the fair value table since it is reported at contract value.
