Independent Auditor's Report

To the Administrator
Precision Engineered Products, LLC 401(k) Savings Plan
Johnson City, Tennessee

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Precision Engineered Products, LLC 401(k) Savings Plan, (the Plan) which comprise the statements of Net Assets Available for Benefits as of December 31, 2016 and December 31, 2015, and the related statements of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2016 and December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of a Matter

Change in Accounting Principle

As discussed in Note 6 to the financial statements, management has elected to adopt ASU 2015-07, Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share. Our opinion is not modified with respect to that matter.

Other Matter-Supplemental Schedules

The supplemental schedules of Schedule of Assets Held for Investment Purposes and Schedule of Reportable Transactions as of or for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the 2016 supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PRECISION ENGINEERED PRODUCTS, LLC 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Precision Engineered Products, LLC 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, originally adopted on February 1, 2003, is a defined contribution plan covering all eligible employees of Precision Engineering Products, LLC and other participating employers (the Company), as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – All employees are eligible for participation in the Plan after completing one month of service. Plan entry occurs on the first day of each month.

Contributions – Under the provisions of the Plan, the participant and the employer are both allowed to make contributions. The participants are allowed to contribute a portion of their salary to the Plan up to 60% of pretax annual compensation and up to 100% of employer cash bonuses, subject to those limitations provided for in Section 401(k) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollover contributions.

The Company contributes a sum that is determined by the Company. The Company contributions are discretionary. During 2016 and 2015, the Company match was equal to 100% of the first 2% of eligible compensation and 50% of the next 2% of eligible compensation contributed to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. No additional amounts were approved during 2016 and 2015.

Participant Accounts – Each participant can have multiple accounts, with each account designated for participant 401(k) and Roth contributions, Company contributions, and rollover contributions when applicable. Participant contribution accounts are credited with the participant's deferral contributions and the earnings of the specific investment vehicles selected. Participants may self-direct contributions into several different mutual funds. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their voluntary and Company contributions plus actual earnings thereon upon entering the Plan.

Forfeitures – Since all contributions are fully vested there are no forfeitures during the year.

Participant Loans – Participants may also elect to take out loans against their balance. Loans must be for at least \$1,000 and can be made for an amount up to the lesser of half the participant's account balance or \$50,000. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

PRECISION ENGINEERED PRODUCTS, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits – Upon normal retirement age or death, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's account, or if elected by the participant, under a systematic withdrawal plan (installments.) A participant (or the participant's beneficiary) who is receiving distribution under a systematic withdrawal plan may elect to accelerate installment payments or to receive a lump sum distribution of the remainder of his account balance at any time. The account balance may also be rolled directly into an eligible IRA or other qualified retirement account.

Benefits are also payable in the event of normal termination and under certain in-service circumstances. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement – Investments are stated at fair value on the last business day of the year other than the Common Collective Trust which is recorded at contract value. In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for Plan benefits. Fair Value of investments is further discussed in Note 6.

Securities transactions are recognized on the trade date (the date the order to buy or sell is executed). Income from investments is recorded as earned on an accrual basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

PRECISION ENGINEERED PRODUCTS, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses – All Plan expenses, except those associated with loans and non-Fidelity funds, are paid directly by the Company and, accordingly, are not reflected in the accompanying financial statements.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risks.

Certification – Certain information related to investments and notes receivable disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable held at December 31, 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company.

3. Administration of Plan Assets

The Plan assets are held by the Trustee of the Plan. Employer and participant contributions are invested by the Trustee as directed by the participants. The administrative expenses associated with the third-party administrator for the Plan are paid directly by the employer. Other expenses associated with the Trustee of the Plan are paid by the participants.

4. Notes Receivable

Participants of the Plan are permitted to withdraw loans from their account balance as long as they meet certain requirements. Interest rates on these loans range from 4.25% to 7.00% at year-end.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

The following table represents the loan receivable balances at December 31, 2016 and 2015:

6. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PRECISION ENGINEERED PRODUCTS, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued based on the Net Asset Value (NAV) of shares held by the Plan as of the close of business of the NYSE at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	December 31,		Level
	2016	2015	
Investments at Fair Value:			
Lifecycle	17,230,082	14,789,360	1
Bond	2,596,146	2,340,778	1
Balanced/Hybrid	3,242,628	3,835,735	1
Domestic Equity	9,659,979	8,154,519	1
International/Global Equity	1,552,785	1,579,927	1
Total Investments at Fair Value	<u>\$ 34,281,620</u>	<u>\$ 30,700,319</u>	

The Plan's investments appreciated in fair value as determined by quoted market price as follows:

	December 31,	
	2016	2015
Net Appreciation (Depreciation) in Fair Value	<u>\$ 855,617</u>	<u>\$ (1,585,789)</u>

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risks.

PRECISION ENGINEERED PRODUCTS, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied. The Common Collective Trust has been recorded at NAV in prior years due to the fact that it was not materially different than its fair market value. Therefore, this resulted in no change to the prior amounts reported.

	December 31,	
	2016	2015
Investments at Contract Value:		
Managed Income*	\$ 5,441,127	\$ 5,408,666

The Plan's Common Collective Trust appreciated in contract value as follows:

	December 31,	
	2016	2015
Net Appreciation (Depreciation) in Contract Value	\$ 69,915	\$ 56,106

7. Tax Status

The underlying volume submitter plan has received an advisory letter from the IRS, dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2014-6 and 2011-49, the plan sponsor has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2013.

8. Related-Party Transactions

The Plan holds units of common/collective trust fund and mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The accompanying financial statements show different amounts for contributions than what is represented in Schedule H of the Form 5500 because those amounts that are receivable at year end are not reflected on the Form 5500.
