Report on the Financial Statements

We have audited the accompanying financial statements of Peoples Bancorp Inc. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Peoples Bancorp Inc. Retirement Savings Plan as of December 31, 2016 and 2015, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report of Independent Registered Public Accounting Firm

Plan Administrator
Peoples Bancorp Inc. Retirement Savings Plan
Marietta, Ohio

We have audited the accompanying statements of net assets available for benefits of the Peoples Bancorp Inc. Retirement Savings Plan (the Plan) as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audits also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Peoples Bancorp Inc. Retirement Savings Plan as of December 31, 2016, and 2015, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Schedule H, Line 4i - Schedule of Assets (Held at End of Year) has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but includes supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

Peoples Bancorp Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Note 1. Description of the Plan

The following is a description of the Peoples Bancorp Inc. Retirement Savings Plan ("the Plan") and provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Peoples Bancorp Inc. ("Peoples") for the benefit of its eligible employees age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). Reliance National Trust Company is the trustee and serves as the custodian of the Plan.

The Plan consists of both an Employee Stock Ownership Plan ("ESOP") component and a non-ESOP component. Peoples intends both components together to constitute a single plan under U.S. Treasury Regulation Section 1.414(1) -1(b)(1). Accordingly, the provisions set forth in the other sections of the Plan apply to the ESOP component in the same manner as those provisions apply to the non-ESOP component, except to the extent that those provisions by their terms are inapplicable to the ESOP component.

Employee Stock Ownership Plan

The ESOP component of the Plan is not leveraged and is designed to invest primarily in Peoples common stock. The ESOP component consists of the portion of the assets of the Plan that are invested in the Peoples Bancorp Inc. Common Stock Fund. The ESOP feature is intended to qualify as a stock bonus plan under Internal Revenue Code Section 401(a) and as an employee stock ownership plan under Internal Revenue Code Section 4975(e)(7). Starting at the close of business on December 31, 2014, contributions into Peoples common stock were no longer available through the Plan. However, the investments that were made into Peoples common stock prior to January 1, 2015 remain, with the exception of withdrawals from the plan.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 100% of eligible compensation. The Plan was amended to allow for after-tax or Roth contributions. Employee rollover contributions are also permitted to be made to the Plan. In 2016 and 2015, Peoples made matching contributions equal to 100% of the employees' salary deferral amounts up to 3% of the employees' compensation and 50% of the employees' salary deferral amounts on the next 2% of the employees' compensation. Peoples' profit-sharing contributions are discretionary as determined by the Peoples' Board of Directors (none were made in 2016 and 2015). Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Participants direct the investment of their contributions and Peoples' matching contributions into any of the separate investment accounts and may change their allocations daily.

The Plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. In 2016 and 2015, the automatic deferral was 5% of compensation.

Peoples Bancorp Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Participant Accounts

Each participant's account is credited with the participant's contribution, Peoples' contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions as well as Peoples' matching and profit sharing contributions plus earnings thereon.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her account, or monthly, quarterly, or annual installments over a period of not more than the participant's assumed life expectancy. At December 31, 2016 and 2015, Plan assets did not include any accounts of terminated or retired participants who have elected payment from the Plan but have not yet been paid.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. Participants may only have one loan outstanding at any given time. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence, which may exceed the five year term with approval from the Plan administrator) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. The accrual of interest on loans is discontinued at the time the loan is 90 days past due unless the credit is well-secured and in process of collection. Past due status is based on contractual terms of the loan. Delinquent loans are recorded as distributions once deemed uncollectible, and are a reduction to the participant's account balance.

All interest accrued but not collected for loans placed on nonaccrual or charged off is reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Plan Termination

Although it has not expressed an intention to do so, Peoples has the right under the Plan to discontinue its matching contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed in the preparation of the financial statements:

Method of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are stated at fair value based on quoted market prices on the valuation date. Investments traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; investments traded on the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices.

The investment in Peoples common stock has been unitized and is comprised of cash and Peoples common stock. The Plan holds between 3% and 5% of these units in cash in order to provide liquidity for timely distributions. At December 31, 2016 and 2015, these units are comprised of 172,020 and 197,564 shares of Peoples common stock and cash of \$213,210 and \$219,687, respectively.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis while dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Plan Tax Status

The Plan obtained its latest determination letter in January 2015, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan (and the related trust) are currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Note 3. Investments

The net appreciation in the fair value of the Plan's investments during the year ended December 31, 2016 including realized and unrealized gains and losses on those investments purchased, sold and held during the year was \$3,659,737. The largest single contributor to the net appreciation was the increase in the value of Peoples common stock, as the stock price rose from \$18.84 on December 31, 2015 to \$32.46 on December 31, 2016. The net depreciation of the Plan's investments during the year ended December 31, 2015 was \$3,487,097. The largest single contributor to the net depreciation was the decline in the value of Peoples common stock, as the stock price dropped from \$25.93 on December 31, 2014 to \$18.84 on December 31, 2015.

Peoples Bancorp Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Interest and dividends realized on the Plan's investments for the years ended 2016 and 2015 were \$2,120,688 and \$2,512,159, respectively.

Note 4. Fair Value Measurements

The measurement of fair value under US GAAP uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described below. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Level 1: Quoted prices in active exchange markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation; also includes observable inputs for single dealer nonbinding quotes not corroborated by observable market data.

There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a non-recurring basis. The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis, including the general classification of such instruments pursuant to the fair value hierarchy:

Mutual Funds: These investments are valued using quoted prices in an active market and classified within Level 1 of the valuation hierarchy.

Peoples common stock units: Peoples common stock units are held in a unitized fund and are comprised of cash and common stock in Peoples Bancorp Inc. The underlying common stock is valued at the closing price of the common stock reported on the NASDAQ Global Select Market® under the symbol "PEBO" and is classified within Level 1 of the valuation hierarchy.

Investments measured at fair value on a recurring basis comprised the following at December 31:

Total	\$ 40,785,066	\$ —	\$ —	\$ 40,785,066

Note 5. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such employer or employee association or relatives of such persons.

The Plan holds common stock of Peoples, which is the plan sponsor. The plan receives dividends quarterly from Peoples on the common stock held in the Plan. The plan received \$125,737 and \$120,238 of dividends in 2016 and 2015 respectively. The Plan also invests in certain funds of the Plan trustee. Certain administrative services are provided at no cost to the Plan by Peoples. The Plan paid \$84,228 and \$106,968 of record-keeping fees to Mass Mutual Retirement Services, LLC during 2016 and 2015, respectively.

Note 6. Risks and Uncertainties

The Plan provides for various investments in common stock and mutual funds. Such investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of these investments will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Peoples common stock represented 12% of the total value of assets held in the Plan at December 31, 2016.

Note 7. Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were issued.

During May 2017, four new investment options were added to the Plan: Vanguard LifeStrategy Growth Inv, Vanguard LifeStrategy Moderate Growth Inv, Vanguard LifeStrategy Conservative Growth Inv and Vanguard

Peoples Bancorp Inc. Retirement Savings Plan

Report of Independent Registered Public Accounting Firm

Plan Administrator
Peoples Bancorp Inc. Retirement Savings Plan
Marietta, Ohio

We have audited the accompanying statements of net assets available for benefits of the Peoples Bancorp Inc. Retirement Savings Plan (the Plan) as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audits also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Peoples Bancorp Inc. Retirement Savings Plan as of December 31, 2016, and 2015, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Schedule H, Line 4i - Schedule of Assets (Held at End of Year) has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but includes supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

Peoples Bancorp Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Note 1. Description of the Plan

The following is a description of the Peoples Bancorp Inc. Retirement Savings Plan ("the Plan") and provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Peoples Bancorp Inc. ("Peoples") for the benefit of its eligible employees age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). Reliance National Trust Company is the trustee and serves as the custodian of the Plan.

The Plan consists of both an Employee Stock Ownership Plan ("ESOP") component and a non-ESOP component. Peoples intends both components together to constitute a single plan under U.S. Treasury Regulation Section 1.414(1) -1(b)(1). Accordingly, the provisions set forth in the other sections of the Plan apply to the ESOP component in the same manner as those provisions apply to the non-ESOP component, except to the extent that those provisions by their terms are inapplicable to the ESOP component.

Employee Stock Ownership Plan

The ESOP component of the Plan is not leveraged and is designed to invest primarily in Peoples common stock. The ESOP component consists of the portion of the assets of the Plan that are invested in the Peoples Bancorp Inc. Common Stock Fund. The ESOP feature is intended to qualify as a stock bonus plan under Internal Revenue Code Section 401(a) and as an employee stock ownership plan under Internal Revenue Code Section 4975(e)(7). Starting at the close of business on December 31, 2014, contributions into Peoples common stock were no longer available through the Plan. However, the investments that were made into Peoples common stock prior to January 1, 2015 remain, with the exception of withdrawals from the plan.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 100% of eligible compensation. The Plan was amended to allow for after-tax or Roth contributions. Employee rollover contributions are also permitted to be made to the Plan. In 2016 and 2015, Peoples made matching contributions equal to 100% of the employees' salary deferral amounts up to 3% of the employees' compensation and 50% of the employees' salary deferral amounts on the next 2% of the employees' compensation. Peoples' profit-sharing contributions are discretionary as determined by the Peoples' Board of Directors (none were made in 2016 and 2015). Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Participants direct the investment of their contributions and Peoples' matching contributions into any of the separate investment accounts and may change their allocations daily.

The Plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. In 2016 and 2015, the automatic deferral was 5% of compensation.

Peoples Bancorp Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Participant Accounts

Each participant's account is credited with the participant's contribution, Peoples' contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions as well as Peoples' matching and profit sharing contributions plus earnings thereon.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her account, or monthly, quarterly, or annual installments over a period of not more than the participant's assumed life expectancy. At December 31, 2016 and 2015, Plan assets did not include any accounts of terminated or retired participants who have elected payment from the Plan but have not yet been paid.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. Participants may only have one loan outstanding at any given time. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence, which may exceed the five year term with approval from the Plan administrator) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. The accrual of interest on loans is discontinued at the time the loan is 90 days past due unless the credit is well-secured and in process of collection. Past due status is based on contractual terms of the loan. Delinquent loans are recorded as distributions once deemed uncollectible, and are a reduction to the participant's account balance.

All interest accrued but not collected for loans placed on nonaccrual or charged off is reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Plan Termination

Although it has not expressed an intention to do so, Peoples has the right under the Plan to discontinue its matching contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Notes to Financial Statements

December 31, 2016 and 2015

Note 2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed in the preparation of the financial statements:

Method of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are stated at fair value based on quoted market prices on the valuation date. Investments traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; investments traded on the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices.

The investment in Peoples common stock has been unitized and is comprised of cash and Peoples common stock. The Plan holds between 3% and 5% of these units in cash in order to provide liquidity for timely distributions. At December 31, 2016 and 2015, these units are comprised of 172,020 and 197,564 shares of Peoples common stock and cash of \$213,210 and \$219,687, respectively.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis while dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Plan Tax Status

The Plan obtained its latest determination letter in January 2015, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan (and the related trust) are currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Note 3. Investments

The net appreciation in the fair value of the Plan's investments during the year ended December 31, 2016 including realized and unrealized gains and losses on those investments purchased, sold and held during the year was \$3,659,737. The largest single contributor to the net appreciation was the increase in the value of Peoples common stock, as the stock price rose from \$18.84 on December 31, 2015 to \$32.46 on December 31, 2016. The net depreciation of the Plan's investments during the year ended December 31, 2015 was \$3,487,097. The largest single contributor to the net depreciation was the decline in the value of Peoples common stock, as the stock price dropped from \$25.93 on December 31, 2014 to \$18.84 on December 31, 2015.

Peoples Bancorp Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Interest and dividends realized on the Plan's investments for the years ended 2016 and 2015 were \$2,120,688 and \$2,512,159, respectively.

Note 4. Fair Value Measurements

The measurement of fair value under US GAAP uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described below. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Level 1: Quoted prices in active exchange markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation; also includes observable inputs for single dealer nonbinding quotes not corroborated by observable market data.

There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a non-recurring basis. The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis, including the general classification of such instruments pursuant to the fair value hierarchy:

Mutual Funds: These investments are valued using quoted prices in an active market and classified within Level 1 of the valuation hierarchy.

Peoples common stock units: Peoples common stock units are held in a unitized fund and are comprised of cash and common stock in Peoples Bancorp Inc. The underlying common stock is valued at the closing price of the common stock reported on the NASDAQ Global Select Market® under the symbol "PEBO" and is classified within Level 1 of the valuation hierarchy.

Investments measured at fair value on a recurring basis comprised the following at December 31:

Note 5. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such employer or employee association or relatives of such persons.

The Plan holds common stock of Peoples, which is the plan sponsor. The plan receives dividends quarterly from Peoples on the common stock held in the Plan. The plan received \$125,737 and \$120,238 of dividends in 2016 and 2015 respectively. The Plan also invests in certain funds of the Plan trustee. Certain administrative services are provided at no cost to the Plan by Peoples. The Plan paid \$84,228 and \$106,968 of record-keeping fees to Mass Mutual Retirement Services, LLC during 2016 and 2015, respectively.

Note 6. Risks and Uncertainties

The Plan provides for various investments in common stock and mutual funds. Such investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of these investments will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Peoples common stock represented 12% of the total value of assets held in the Plan at December 31, 2016.

Note 7. Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were issued.

During May 2017, four new investment options were added to the Plan: Vanguard LifeStrategy Growth Inv, Vanguard LifeStrategy Moderate Growth Inv, Vanguard LifeStrategy Conservative Growth Inv and Vanguard

Peoples Bancorp Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

LifeStrategy Income Inv. Also during May 2017, three investment options were no longer available through the Plan: American Century Strategic Allocation; Aggressive Instl, American Century Strategic Allocation: Moderate Instl, and American Century Strategic Allocation: Conservative Instl.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2016 - 12/31/2016 and indirect compensation is presented on a calendar year basis ending 12/31/2016.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **\$84,228.11**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: MassMutual Retirement Services, LLC EIN: 26-1589907

Service Codes: 15, 37, 38, 49, 59, 60, 61, 63, 64, 65, 72, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$84,228.11**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2016 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to MassMutual Retirement Services, LLC ("MMRS") are the net result of aggregating direct compensation after the effects of adjustments processed in 2016, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation	Payor: Reliance Trust Company	EIN: 58-1428634	\$199.53
---------------------------	-------------------------------	-----------------	-----------------

This is an estimate based on the average annual rate of float compensation (0.13% for 2016) earned on certain processing bank accounts for the 2016 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to MassMutual cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2016 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

**This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these affiliated mutual funds, see the applicable fund prospectus.
