Notes to Financial Statements December 31, 2016 and 2015

(1) Description of Plan

The following description of the Bimbo Bakeries USA Savings Plan (the Plan) provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers certain eligible employees of BBU, Inc. (the Company) as defined in the plan document. Earthgrains Baking Companies Inc. (Earthgrains) was acquired by the Company on November 6, 2011. Earthgrains salaried employees who were participants in the Bimbo Bakeries USA 401(k) Plan for Former Sara Lee Associates (Sara Lee Plan) on December 31, 2011 were transferred into the Plan on January 1, 2012 in accordance with the amended and restated plan document. Each employee who, as of December 31, 2012, was a participant in the Butter Krust Baking Company, Inc. Employees Profit Sharing and 401(k) Plan (BK Plan) became a participant in the Plan as of January 1, 2013. Each other employee shall be eligible upon 60 days of service and 18 years of age.

Wholesome Harvest Baking, Inc. (f/k/a Canada Bread) was acquired by the Company on May 23, 2014. Each employee who, as of January 1, 2015, was a participant in the Mapleleaf Foods USA Retirement Plan as of December 31, 2014, became eligible to participate in the Plan effective January 1, 2015.

Effective January 1, 2015, each non-collectively bargained hourly employee who was a participant in the Sara Lee Plan became a participant in the Plan. Participant accounts were transferred from the Sara Lee Plan to the Plan effective January 1, 2015 (Note 11).

The administration of the Plan is overseen by Bimbo Bakeries USA Benefits Committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended.

The Plan participates in the Bimbo Bakeries USA Defined Contribution Savings Plan Master Trust (Master Trust).

(1) Description of Plan, Continued

Contributions

Each plan year, participants may contribute from 1% up to 75% of their pretax annual compensation, as defined by the Plan. Participants may also elect to contribute a percentage of their after tax annual compensation as Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment choices daily and their deferral percentages upon notification to the plan administrator.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled at 3% in the Plan unless they affirmatively elect not to participate in the Plan. The automatic enrollment election shall continue until May 1 of the plan year following the plan year in which the initial salary deferral is made. Each plan year following the employee's initial enrollment, as of May 1 of such year, the participant shall be deemed to have made an annual election to increase their deferral by an additional 1% up to a maximum of 10%. A participant who was automatically enrolled in the Plan prior to January 1, 2011 shall also be deemed to have elected to increase their deferral by an additional 1% (up to a maximum of 10%) as of January 1, 2012.

A participant may elect, in the manner prescribed by the plan administrator, to have an automatic annual increase of between 1% and 5%, applied to his pretax basis or after-tax contributions, to go into effect May 1 of each year, up to the maximum contribution allowable by the Plan.

The Company matches 100% up to the first 5% of the participant's contributions. In addition, the Company shall contribute for certain qualifying employees a transition credit, which is based on each participant's points. The points are calculated based on the employee's age and periods of service and will entitle certain individuals to the transition credit ranging from 1% to 6% of the participant's compensation. The Company shall contribute for certain eligible Earthgrains participants a transition contribution (Earthgrains Transition Contribution) equal to 2% of the participant's compensation. There is an option for the Company to provide an additional discretionary contribution to the employees. However, for 2016 and 2015, the discretionary contribution was not made by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the transition contribution portion of their accounts, plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary contribution portion of their accounts, if any, is based on years of continuous service. Participants become 100% vested in their Company matching and discretionary contributions after two years of service. Participants become 100% vested in certain transition contributions upon five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, less the highest outstanding loan balance in the previous 12 months. Any such loan is secured by the balance in the participant's account and bears interest at the daily prime rate as reported by Reuters on the last day of the month prior to loan issuance, plus 1%. Participants may only have one loan outstanding at a time. Repayments are made through payroll deductions over a term of up to five years, or fifteen years if the loan is used to purchase a primary residence. Loan interest rates range from 3.25% to 8.75% at December 31, 2016.

Payment of Benefits

Upon termination of service or due to death, disability, or retirement, participants may elect to receive lump sum amounts equal to the vested portion of their account. Certain participants may elect to receive their benefit in quarterly or annual installments over a period no greater than 10 years. Amounts may not be withdrawn from the Plan while a participant is an active employee of the Company, except in cases of hardship, permanent disability, or after age 59 ½, as defined in the Plan.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$543,617 and \$67,895, respectively. These accounts will be used to reduce future employer contributions or to pay reasonable expenses of the Plan. During 2016, administrative fees were reduced by \$57,292 from forfeited nonvested accounts. During 2017, a true-up employer contribution amounting to \$608,936 was made to make certain participants whole for 2016. This contribution was entirely funded by forfeited nonvested accounts.

During 2015, employer contributions were reduced by \$1,289,979 and administrative fees were reduced by \$78,262 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds (see Note 5). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bimbo Bakeries USA Benefits Investment Subcommittee determines the Plan's valuation policies utilizing information provided by the investment advisors and plan trustee. See Note 4 for discussion of fair value measurements.

The Plan holds investments in unallocated insurance contracts which carried over as an investment option from a previous plan. These insurance contracts are held by an insurance company and are valued at their cash surrender value in the accompanying financial statements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the Plan's interest in Master Trust investment income.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize, within the fair value hierarchy (Notes 4 and 5), all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments of this update are effective for years beginning after December 15, 2016. Early adoption is permitted.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU 2015-12 simplifies accounting and reporting for employee benefit plans, by among other matters:

- designating contract value as the only required measure for fully benefit-responsive investment contracts;

BIMBO BAKERIES USA SAVINGS PLAN

Notes to Financial Statements December 31, 2016 and 2015

(2) Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncements, Continued

- requiring that participant-directed and nonparticipant-directed investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways;
- removing the requirement to disclose investments that represent 5% or more of net assets available for benefits;
- eliminating the requirement to disclose the investment strategy for investments measured using the net asset value per share (or its equivalent) if that investment is in a fund that files a Form 5500, as a direct filing entity; and
- permitting the fair value measurement note to be presented by only general type.

ASU 2015-12 is effective for plans with years beginning after December 15, 2015. The amendments in Parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan adopted ASU 2015-07 and 2015-12 in 2016, with the prior period retrospectively adjusted. The adoption of ASU 2015-07 and ASU 2015-12 had no effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity) as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule. Fidelity has certified the following as complete and accurate:

(3) Financial Information Certified by the Trustee, Continued

The Plan investments are as follows at December 31:

	2016	2015
Investment in Master Trust, at fair value	\$ 782,487,778	\$ 743,963,653
Notes receivable from participants	\$ 18,968,981	\$ 20,416,092

The Plan's income certified by the trustee was as follows for the years ended December 31:

Plan's interest in Master Trust investment income	\$ 53,309,034	\$ 182,089
Interest income on notes receivable from participants	\$ 803,578	\$ 857,520

(4) Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

BIMBO BAKERIES USA SAVINGS PLAN

Notes to Financial Statements December 31, 2016 and 2015

(4) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan's interest in the Master Trust: See Note 5.

The life insurance contracts are presented at the cash surrender value and not fair value; hence, they are excluded from the scope of FASB ASC 820.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and other retirement plans sponsored by the Company. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Fidelity.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2016 and 2015, the Plan's interest in the net assets of the Master Trust is approximately 89%. The investments in the Master Trust are allocated to the individual plan based upon the individual participant balances of those participants that are included in each respective plan.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements.

(5) Interest in the Master Trust, Continued

Fidelity has certified to the accuracy and completeness of the investment in the net assets of the Master Trust as of December 31, 2016 and 2015, and the investment income for the years then ended as summarized below.

The Master Trust's investments are as follows at December 31:

	2016	2015
Registered investment companies	\$ 215,694,404	\$ 203,586,507
Common collective trusts	661,412,950	633,177,218
Money market account	758,671	263,424
Total Master Trust investments, at fair value	<u>\$ 877,866,025</u>	<u>\$ 837,027,149</u>

Investment income of the Master Trust was as follows for the years ended December 31:

	2016	2015
Net appreciation (depreciation) in fair value of investments	\$ 55,018,706	\$ (6,209,699)
Interest and dividends	4,752,128	6,419,213
	<u>\$ 59,770,834</u>	<u>\$ 209,514</u>

Following is a description of the valuation methodologies used for assets of the Master Trust at fair value.

Registered investment companies and money market account: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust – fixed income: Invests in conventional and synthetic guaranteed investment contracts issued by insurance companies and banks with excess cash invested in cash equivalents. The common collective fund allows for earnings stability regardless of the volatility of the financial markets. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Common collective trusts – other: Valued at the NAV of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2016 and 2015:

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total Master Trust investments.

(5) Interest in the Master Trust, Continued

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2016 and 2015, respectively.

	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2016	2015			
Common collective trusts	\$ 661,412,950	\$ 633,177,218	Not applicable	Daily	No defined period ^(b)

(b) Were the Master Trust to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

(6) Prohibited Transactions

During 2016, the Company failed to remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These transactions are considered prohibited transactions. The Company estimated the amount of corrective payments due to the Plan and made the necessary contributions to compensate plan participants affected for lost earnings relating to these prohibited transactions.

(7) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by Fidelity, the trustee, as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in the Plan's interest in Master Trust investment income. Other fees paid by the Plan to Fidelity for administrative expenses amounted to \$736,656 and \$812,441 for the years ended December 31, 2016 and 2015, respectively. The Company pays directly certain other fees related to the Plan's operations.

(8) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 17, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Currently, the 2014 plan year is under audit by the IRS, and the Company expects that no issues will be identified as a result of the audit. Additionally, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress, other than the 2014 plan year audit by the IRS in progress.

(10) Risks and Uncertainties

The Plan, through its interest in the Master Trust, invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) Transfers (to) from Affiliated Plans

During 2016 and 2015, transfers of net assets to the Plan from the Sara Lee Plan amounted to \$270,117 and \$62,534,482, respectively. The transfer of net assets in 2015 included \$62,422,821 related to the January 1, 2015 amendment to include non-collectively bargained hourly employees of the Sara Lee Plan as described in Note 1. Transfers of net assets from the Plan to the Sara Lee Plan amounted to \$14,581 and \$7,747 during 2016 and 2015, respectively.
