NOTE A - DESCRIPTION OF PLAN

General:

The Plan is a 401(k) defined contribution plan covering all full time employees of The Vindicator Printing Company, who have one year of service with more than 1,000 hours, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a participant directed plan.

Contributions:

Participants may defer a percentage of their eligible compensation into the Plan after they satisfy the Plan's eligibility requirements. The percentage of their eligible compensation they elect will be withheld from each payroll and contributed to an account in the Plan on their behalf. For pre-tax contributions being withheld from their compensation, the percentage they defer is subject to an annual limit of the lesser of 50% of eligible compensation or the applicable Federal limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Vesting:

The term "vesting" refers to the non-forfeitable right to the money in the Plan. Participants are vested credit for the number of years that the employee has worked for the Company. The vesting schedule consists of six years. The participants are 20% vested after two years of service, and increase 20% for every additional year of service. If there is a termination of employment, the employee may be able to receive a portion or all of the account based on the vested percentage. Employees are 100% vested in rollover contributions, qualified non-elective contributions, deferral contributions and any earning thereon.

Note Receivable from Participants:

Participants may take a withdrawal or loan from the Plan.

Payment of Benefits:

If the participant terminates their employment with the Employer and are less than 100% vested, they may forfeit the non-vested portion of their employee account. A forfeiture will occur in the plan year that they receive a distribution of their entire vested account, or if they do not receive a distribution, after five consecutive one year breaks in service. Forfeitures are retained in the Plan and will be used to pay administrative expenses.

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. Participants may defer receipt of their distribution until a later date. However, participants cannot postpone it if their vested account balance is $5,000 or less, in which case the Plan Administrator will direct the Trustee that any amount exceeding $1,000 will be distributed to an Individual Retirement Account or Annuity ("IRA"). If their vested account balance is $1,000 or less, the Plan Administrator will direct the Trustee to distribute it to the participant as a lump sum distribution without their consent. Prior to such distribution, participants still have the right to request that the amount be distributed directly, in the form of a lump sum payment or to request that it be rolled-over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

For termination of service for other reasons, participants may receive the value of the vested interest in his or her account as a lump sum distribution.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting. The plan has retrospectively adopted ASU 2015-12 (Topic 962). Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the fully benefit-responsive investment contracts at contract value. The Statement of Changes in Net Assets Available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates:

The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Payments of Benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events:

The Plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are only Level 1 and Level 3 investments in the Plan.

The fair values of the Plan assets at December 31, 2016 and 2015, by asset category are as follows:

Fair Value Measurements at December 31, 2016

Asset Category	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Cash - federated money market	$ 765,101	$ 765,101
Mutual funds	3,314,354	3,314,354
TOTAL ASSETS AT FAIR VALUE	$ 4,079,455	$ 4,079,455

NOTE C – FAIR VALUE MEASUREMENT (CONTINUED)

Fair Value Measurements at December 31, 2015

Asset Category	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Cash - federated money market	$ 568,002	$ 568,002
Mutual funds	3,566,190	3,566,190
TOTAL ASSETS AT FAIR VALUE	$ 4,134,192	$ 4,134,192

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016 and 2015, respectively.

	Fair Value December 31, 2016	Fair Value December 31, 2015	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Managed Income Portfolio I and II	$ 137,787	$ 138,593	None	Daily	Daily

NOTE D – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the Statement of Net Assets Available for Benefits at Contract Value. Contract value, as reported to the Plan by the insurance company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value.

NOTE D – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2016 and 2015 was $137,787 and $138,593, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The credit interest rate at December 31, 2016 and 2015 was 1.87% and 1.78%, respectively. The average yield at December 31, 2016 and 2015 was 1.26% and 1.42%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following table summarizes the total contract value of each type of FBRIC as of December 31, 2016 and 2015, respectively.

	2016	2015
Synthetic investment contracts	$ 138,126	$ 139,539
Total	$ 138,126	$ 139,539

NOTE E – RELATED-PARTY TRANSACTION AND PARTY IN INTEREST TRANSACTIONS

During 2016 and 2015, the Plan paid administrative expenses of approximately $625 and $900, respectively. Of this amount, the full $625 and $900 was paid to Fidelity Management Trust Company for the trustee fee.

NOTE F – INCOME TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated December 22, 2010, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The federal tax returns of the Plan for 2013 and subsequent plan years are open for examination by the Department of Labor

NOTE G – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE H – CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the Trustee of the Plan, has certified as of and for the years ended December 31, 2016 and 2015, that the information, regarding the fair value of investments and the related investment income is complete and accurate.
