NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Millennium Physician Group, LLC 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Millennium Physician Group, LLC (the Company) who have completed six months of service and have attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The eligibility requirements for elective deferrals and employer non-elective contributions were waived for employees that were employed by the Company on January 5, 2009.

Administration of Plan Assets

Plan assets are held and managed by MassMutual. MassMutual invests contributions and plan earnings and makes distributions to participants. Administrative functions are performed by employees of this Company.

Reasonable administrative expenses of the Plan may be paid by the Plan to the extent not paid by the Company. The Company absorbs the majority of the Plan's administrative expenses. Investment expenses attributed to terminated participants shall be allocated among the terminated participants by charging each particular expense to the account balance of the terminated participant responsible for the expense. Investment expenses attributable to active participants shall be allocated among the active participants charging each particular expense to the account balance of the active participant responsible for the expense. Administrative expenses of $64,9487 and $21,368 were incurred by the Plan for the years ended 2016 and 2015, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less, reduced by the highest outstanding loan balance in the account during the one year period ending on the day before the loan is made.

Only one loan may be outstanding at any time. No more than two loans are permitted during any twelve consecutive month period. If an additional loan is submitted prior to repaying an existing loan, the request shall be treated as a separate loan in all respects, subject to the limitations on the maximum loan amount permitted under the Plan.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

The interest rate on participant loans is a fixed rate based on commercially reasonable rates for similar loans made in the geographical region in which the participant lives. The repayment of loans is made through payroll deductions over a term not to exceed five years, unless the loan is to be used for the purchase of a principal residence. Current loans bear interest of 4.25% - 4.5%.

Vesting

Participants are immediately fully vested in their salary deferral contributions, rollover contributions, "safe-harbor" contributions, and the earnings thereon. Non-elective profit sharing contributions are vested based upon years of service defined in the Plan. A year of service is calculated based on the hours of service method. A participant who completes 1,000 hours of service during the plan year is credited with a "year of service" for vesting purposes.

Completed Years of Service	Vested Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Benefits Payments

Under terms of the Plan, participants are eligible to receive benefits (1) upon actual retirement on or after the participant's normal retirement date, (2) in the event of undue financial hardship, (3) upon termination of employment, (4) as an in-service withdrawal commencing at age 59½, or (5) upon death or disability of the participant.

Contributions

Salary deferral contributions are made to the Plan by participating employees through payroll deductions in amounts authorized by the employees. Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of the Internal Revenue Service (IRS) of $18,000 of pretax annual compensation for 2016 and 2015. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2016 and 2015, the annual catch-up contribution limit was $6,000.

The Plan allows employees to make pre-tax contributions to a 401(k) account or after-tax contributions to a Roth IRA account. For after-tax (ROTH) contributions, participants may defer up to the maximum annual IRS limit of $5,500 for 2016 and 2015. Employees are eligible to make both pre-tax and after-tax contributions during the Plan year.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

The Plan provides safe harbor matching contributions of 100% of the employee elective deferrals not to exceed 4% of annual compensation to non-highly compensated employees. The Plan also allows for non-elective profit sharing contributions, no such contributions were made during 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

As of December 31, 2016 and 2015, there was $0 and $2,855, respectively, in unallocated cash forfeitures, which were included in the fully benefit-responsive investment contracts in the statement of net assets available for benefits. Forfeitures are recognized in the year when the forfeiture occurs. Forfeitures of non-vested employer contributions will be used to reduce employer contributions or to pay administrative expenses of the Plan. As of December 31, 2016 and 2015, $2,855 and $4,490, respectively, of forfeitures were used for plan expenses.

Hardship Withdrawals

Participants with an immediate financial need may withdraw pre-tax and after-tax deferrals, rollover contributions and vested employer non-elective contributions plus their earning as a hardship withdrawal from the Plan. The participant is suspended from making elective deferrals to the Plan for six months, but is still eligible to receive employer contributions during that time. Hardship withdrawals are subject to other requirements and may incur penalty and withholding taxes.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and Trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

Reclassifications

Certain reclassifications have been made to the 2015 financial statement presentation to conform to 2016 presentation. These reclassifications have no net effect on the change in net assets.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") establishes the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. On the effective date, the ASC superseded all then-existing standards. The FASB updates the ASC through the use of FASB *Accounting Standards Updates* ("ASUs").

The accompanying financial statements are presented on the accrual basis of accounting in accordance with U.S. GAAP.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value or net asset value ("NAV") as a practical expedient for the common/collective trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. See Note 4 for a discussion of fair value measurements. Shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are reported at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits

Distributions to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as a distribution based upon the terms of the Plan document.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts during the reporting periods. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that a change in the values of investment securities will occur in the near term and that these changes could materially affect amounts reported in the financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Management of the Plan applies the provisions of ASC 855, *Subsequent Events*, which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued. See Note 6, *Subsequent Events.*

NOTE 3: INVESTMENT IN PLAN (UNAUDITED)

Financial Information Certified By Trustee (Unaudited)

The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee, in accordance with Section 2530.103-5 of Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

(a) Information included in the statements of net assets available for benefits:

- Investments, at fair value ($25,961,823 and $22,379,693 at December 31, 2016 and 2015, respectively);
- Investments, at contract value ($5,956,154 and $4,647,667 at December 31, 2016 and 2015, respectively);
- Notes receivable from participants ($433,487 and $488,640 at December 31, 2016 and 2015, respectively).

(b) Information included in the statements of changes in net assets available for benefits:

- Net appreciation in fair value of investments ($826,405 for the year ended December 31, 2016);
- Net depreciation in fair value of investments ($1,411,815 for the year ended December 31, 2015);
- Interest ($21,890 and $1,114,989 for the years ended December 31, 2016 and 2015, respectively;
- Dividends ($759,701 and $78,711 for the years ended December 31, 2016 and 2015, respectively;
- Interest on notes receivable from participants ($22,247 and $20,735 for the years ended December 31, 2016 and 2015, respectively);

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Management of the Plan applies ASC 820, *Fair Value Measurements*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value			
Description	**Level 1**	**Level 2**	**Level 3**	
December 31, 2016				
Interest Bearing Cash	$ 24,834	$ -	$ -	$ 24,834
Mutual funds	25,936,989	-	-	25,936,989
Total	$ 25,961,823	$ -	$ -	$ 25,961,823

	Assets at Fair Value			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
December 31, 2015				
Mutual funds	$ 19,535,859	$ -	$ -	$ 19,535,859
Total assets in the fair value hierarchy	19,535,859	-	-	19,535,859
Common/collective trust funds measured at NAV				2,843,834
Total				$ 22,379,693

Following is a description of the valuation methodologies used for assets measured at fair value for the years ended December 31, 2016 and 2015.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: The common/collective trust funds share the common goal of first growing then later preserving principal and contain a mix of U.S. stocks, U.S. issued bonds and cash. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per share calculated by the investment's issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes. Net asset values are reported by the funds and are supported by the unit prices of actual purchases and sale transactions occurring as of or close to the financial statement date.

The method described above may produce a fair value calculation that may not be indicative of new realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different mythologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016 and 2015, there were no transfers in or out of levels 1, 2, or 3.

NOTE 5: FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT

The Mass Mutual Core Bond Fund is of a fully benefit-responsive investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. In accordance with accounting principles generally accepted in the United States of America, the guaranteed interest contract is presented at contract value in the financial statements. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Mass Mutual Core Bond Fund primarily invests in investment grade fixed income securities. The crediting interest rate is based on a formula agreed upon with the issuer. The guaranteed minimum interest rate was 3.00% for both of the years ended December 31, 2016 and 2015.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2016 through October 13, 2017, the date the financial statements were available to be issued.
