Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Interstate-McBee Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2016, and the related statements of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mass Mutual Financial Group, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2016, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of and for the year ended December 31, 2016 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2015 Financial Statements

The financial statements of the plan as of December 31, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 13, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Interstate-McBee Retirement Plan

1 Description of Plan

The following description of the Interstate-McBee Retirement Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began March 29, 1974 is a defined contribution plan covering all employees of Interstate Diesel Service, Inc., McBee Supply Corp, IM Parts LLC, and Interstate-McBee, LLC (collectively the "Company") who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was last amended and restated effective January 1, 2016 to incorporate previous amendments and incorporate required amendments.

Eligibility:

All employees of the Company age twenty-one and older and who are employed for two months are eligible to participate in the Plan.

Contributions:

Employee Contributions - Participants may elect a portion of their compensation to be contributed to the Plan by the Company. The Plan also allows catch up contributions up to the Internal Revenue Service limits for certain participants who are eligible. The Plan includes an automatic enrollment provision whereby all benefit-eligible employees hired by the Company are enrolled in the Plan with a 3% deferral rate unless they affirmatively elect otherwise. In addition, the Plan has an automatic annual escalation clause where auto-enrolled employees' deferral election increases 1% each year until 6%.

Employer Discretionary Matching Contributions - The Company may make contributions to each eligible participant's account by matching a percentage of the Participant's elective deferral for the plan year. For 2016 and 2015, the Company elected to match employee deferral equal to 40% of the elective deferral up to 6% of eligible compensation.

Employer Non-elective Discretionary Contributions - The Company may also make additional contributions. Such additional contributions, if any, shall be allocated to each Participant in proportion to his or her compensation for the calendar year.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Interstate-McBee Retirement Plan

1 Description of Plan, Continued

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer discretionary contributions, earnings and losses thereon.

Vesting:

All participants are 100% vested in elective deferrals, qualified non-elective contributions and rollover contributions made to the Plan.

Vesting in the discretionary matching contribution is based on years of service. A participant is vested as follows:

Years of Service	Vested %
2 but less than 3 years	25%
3 but less than 4 years	50%
4 but less than 5 years	75%
5 or more years	100%

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall be used to pay expenses or reduce future employer matching contributions. The forfeitures for the years ended December 31, 2016 and 2015 were \$30,873 and \$19,559, respectively.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 65. Plan also provides for early payment of benefits after reaching age 62.

Interstate-McBee Retirement Plan

1 Description of Plan, Continued

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account.

Hardship Withdrawals:

Hardship withdrawals are not permitted based on the Plan Document.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments (except for fully benefit responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the fixed income fund (which is the contract value) is calculated by adding the total of the employee contributions to the fund plus interest credited to the account. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Interstate-McBee Retirement Plan

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

Substantially all administrative fees are paid by the Plan unless paid for by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Risks and Uncertainties:

The Plan's investment include investments in pooled separate accounts and investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Reclassifications:

Certain prior year amounts have been reclassified to conform with the current year's presentation.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 12, 2017, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncement:

In July 2015, the FASB issued new accounting guidance, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit- Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I of the ASU eliminates the adjustment from fair value to contract value of the guaranteed investment contract. Part II of the ASU eliminates the requirements to disclose individual investments that represent five percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for the fiscal years beginning after December 15, 2015. Management adopted the relevant parts of the ASU, and accordingly, the presentation of the financial statements and notes herein have been changed and reflect such adoption.

3 Tax Status

On March 31, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. The Plan has reclassified certain investment levels based on additional information attained in 2016. 2015 amounts have been reclassified to conform to the current year's presentation.

NOTES TO FINANCIAL STATEMENTS

Interstate-McBee Retirement Plan

4 Fair Value Measurements, Continued

Pooled Separate Accounts:

The fair value of the pooled separate accounts is based on the net fair value of the underlying assets (mutual funds). The underlying investments are valued at fair value based on commercial quotation services. The fair value is allocated among the contract holders based on a unit value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Each of the pooled separate accounts underlying assets has a separate investment strategy based on the mutual fund classification. These fall into the Level 2 category of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	<u>\$ -</u>	<u>\$ 6,823,856</u>	<u>\$ -</u>	<u>\$ 6,823,856</u>

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	<u>\$ -</u>	<u>\$ 5,805,133</u>	<u>\$ -</u>	<u>\$ 5,805,133</u>

For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

6 Party-in-Interest Transactions

Certain Plan investments are managed by Mass Mutual Financial Group, the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual fund for the investment management services.

7 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Mass Mutual Life Insurance Company ("Mass Mutual"). The contract meets the fully benefit responsive insurance contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2016 - 12/31/2016 and indirect compensation is presented on a calendar year basis ending 12/31/2016.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Direct Compensation **\$3,569.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2016 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2016, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$114.77**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.929% for 2016) earned on the bank accounts and investments associated with the short-term investment pool for the 2016 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2016 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from The Hartford Financial Services Group, Inc.'s proprietary family of mutual funds (The Hartford Mutual Funds). These proprietary mutual funds have contracts for services with companies that are affiliated with Hartford Securities Distribution Company Inc.

The Hartford-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these proprietary mutual funds, see the applicable fund prospectus.

Hartford Affiliate	Services	Compensation
Hartford Investment Financial Services, LLC	Principal Underwriter to The Hartford Mutual Funds	As Principal Underwriter paid by the Fund in the form of dealer concessions
Hartford Administrative Services Company	Transfer Agent to The Hartford Mutual Funds	Paid by the Fund in the form of fees for services
