RUGE'S AUTOMOTIVE, INC. 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF PLAN

The Ruge's Automotive, Inc. 401(k) Profit Sharing Plan (the Plan) was established by the Board of Directors of Ruge's Automotive, Inc. (the Company) on January 1, 1980. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are aged twenty one or older and have completed one year of service. One year of service is completed on the last day of the eligibility computation period (the twelve month period that begins with the date hired) in which an employee is credited with 1,000 hours of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum in percentage allowable not to exceed the limits of code sections 401(a), 401(k), 402(g), 401(m) and 501(a) of pretax annual compensation, as defined in the Plan Document. The salary deduction is at the participant's discretion. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for Plan participants.

The Company will make discretionary matching contributions, if any, on only the first 5.00% of compensation as elective contributions. Amounts deferred over 5.00% are not matched. The matching contribution made by the employer will be allocated to each employee's account at the end of each pay period. The matching Company contribution is invested directly in Fidelity managed funds. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the Company. In order to receive an allocation of discretionary nonelective employer contributions, an employee must complete 1,000 hours of service and be employed on the last day of the Plan Year. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

NOTE 1 – DESCRIPTION OF PLAN *(Continued)*

A participant is 100% vested after six years of credited service. Deceased and disabled participants are immediately 100% vested in all sources.

Participant Loans

Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) 50% of the present value of the participant's vested interest of his/her account balance. The loans bear interest at rates commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Repayment of principal and interest are amortized in level payments over a period not extending beyond five years from the date of the loan unless such loan is for the purchase of a participant's primary residence. Participant loans are repaid ratably through weekly payroll deductions, and the Employer remits loan repayments to the trustee Fidelity weekly.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a certain number of years selected by the participant, or an annuity. Effective June 1, 2011, there is a mandatory cash-out provision for terminated participants with vested account balances between $1,000 and $5,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Third Party Expense Offset Agreements

Administrative fees, which represent indirect payments from the Plan as disclosed in Note 6, are paid directly from the investment funds and reduce reported investment income.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $5,215 and $2,611, respectively. These accounts will be used to reduce future employer contributions or plan administration expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 13, 2016 which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain of the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Realized gain or loss on securities is based on average cost. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan and others are paid by the Company. Participant loan setup fees and distribution fees are deducted from the proceeds to the participants.

NOTE 3 – INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements as of and

NOTE 3 – INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN *(Continued)*

for the years ended December 31, 2016 and 2015 and supplemental schedule H, line 4i; schedule of assets (held at end of year) as of December 31, 2016.

Investments as shown in the accompanying statements of net assets available for plan benefits are $4,023,079 and $3,412,371 as of December 31, 2016 and 2015, respectively.

Net investment earnings (loss) as shown in the accompanying statements of changes in net assets available for plan benefits are $83,885 and ($193,109) for the years ended December 31, 2016 and 2015, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

> The fair values of common stocks, certain corporate bonds, and U.S government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

Realized and unrealized gains and losses included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015, are reported in net appreciation or depreciation in fair value of investments.

NOTE 5 – INVESTMENTS

The Plan's investments are held in a bank-administered trust fund. Investments that represent 5% or more of the Plan's net assets are separately identified.

During 2016 the Plan's investments of mutual funds, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $83,885.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Transactions involving the Company, as both the Plan Sponsor and employer, qualify as party-in-interest transactions. An employer nonelective contribution receivable from the Company in the amount of $0 and $72,000 was accrued as of December 31, 2016 and 2015.

As described in Note 1, participant loans are permitted under the Plan. Participants, as employees of the Plan sponsor, qualify as parties-in-interest, and the participant loans are recorded as assets of the Plan, qualifying these transactions as party-in-interest transactions. Interest earned on participant loans amounted to $1,989 and $502 for the years ended December 31, 2016 and 2015, respectively. There were $45,232 and $16,843 in outstanding participant loans as of December 31, 2016 and 2015, respectively.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $20,047 and $23,937 for the years ended December 31, 2016 and 2015, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Due the employer's discontinuance of several lines of its business, which resulted in the termination of greater than 20% of the participants in the Plan, a partial termination of the Plan occurred. Regulations require that all affected employees become 100% vested in all employer-sourced contributions.

NOTE 8 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE 8 – INCOME TAX STATUS *(Continued)*

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 9 – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
