Plan Description

The following description of the 401(k) Profit Sharing Plan for Employees of Specialized Alternatives for Families and Youth of America, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

During 2015, the Plan was amended to change the name of the Plan from Specialized Alternatives for Families and Youth of America 401(k) Profit Sharing Plan to 401(k) Profit Sharing Plan for Employees of Specialized Alternatives for Families and Youth of America, Inc. The Plan is a defined contribution plan covering all employees of Specialized Alternatives for Families and Youth of America, Inc. (the Organization and Plan Sponsor) who have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Organization.

Contributions

Participants may elect to defer up to the lesser of 100% of their compensation as defined by the Plan or the maximum contribution allowable per the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. As part of the 2015 Plan amendment, the Organization has implemented the use of the safe-harbor method for employer contributions, matching 100% of the first 3% of deferrals and 50% of the next 2% of deferrals effective January 1, 2016.

Additional profit sharing contributions may be made by the Organization at the option of the Organization's management; however, no profit sharing contributions were made in 2016. For the year end December 31, 2015, the Organization elected to contribute $887,315 of profit sharing contributions. The Plan provides for the acceptance of rollover contributions from other plans qualified under the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contributions, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Effective January 1, 2016, participants are immediately vested in their contributions and the employer safe-harbor matching contributions plus actual earnings thereon. Vesting in the Organization profit sharing contribution portions of their accounts plus earnings thereon is based on years of continuous service according to the following schedules:

Participants hired on or after January 1, 2016 will be subject to the following three year cliff vesting schedule.

Years of Service	Vesting Percentage
Less than 1	0%
2	0%
3 or more	100%

Participants hired before January 1, 2016 will be subject to the following graded vesting schedule.

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance subject to certain Department of Labor and Internal Revenue Service (IRS) requirements. Note receivable terms range from one to five years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at 4.25%. Principal and interest are paid ratably through bi- weekly payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive installments or a lump-sum amount equal to the value of his or her account on the date of distribution. Prior to August 1, 2015, participant account balances of $5,000 or less at the time of termination were distributed to participants without their consent. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $5,000, the participant could elect to receive the distribution directly or receive the distribution in the form of a direct rollover to another qualified plan. If the participant did not elect a form of distribution, the entire amount would be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Sponsor. Effective with the Plan restatement on August 1, 2015, participant account balances of $1,000 or less at the time of termination will be distributed to participants without their consent.

Active participants may request hardship withdrawals from their account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions. Unallocated forfeiture balances as of December 31, 2016 and 2015 were $6,150 and $168,219, respectively. During 2016, forfeitures of $233,917 were used to reduce employer contributions. During 2016, the plan sponsor used $29,968 in forfeitures to reduce the 2015 profit sharing contributions due to the plan as of December 31, 2015.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make repayments on a note receivable and the plan administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Contributions

Participant contributions are recorded and credited to each participant's account when received by the custodian. Any contributions attributable to the Plan year but not received by the custodian by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan pays fees for administrative services. Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses are included in investment income.

Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement, under Topic 820 – Disclosure for Investment of Certain Entities that calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share as the practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which that practical expedient is not applied, will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted. The Plan has adopted ASU 2015-07 during 2016 but there was no impact on the Plan's investments.

In July 2015, the FASB issued ASU 2015-12, Amendments to Plan Accounting, under Topics 960, 962 and 965 (ASU 2015-12). Part I of ASU 2015-12 clarifies that contract value is the only required measurement for fully benefit responsive investment contracts (FBRICs) and clarifies that indirect investments in FBRICs through investment companies should no longer be reflected as FBRICs and therefore, should be reported at fair value. The amendments in Part II of ASU 2015-12 require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes to the financial statements. Part II also eliminates the requirement to disclose the net appreciation (depreciation) in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 are not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. The Plan has adopted ASU 2015-12 during 2016, which had no impact on the statements of net assets available for benefits or statements of changes in net assets available for benefits.

Reclassification

Certain reclassifications have been made to the prior period financial statements to conform to the current period presentation.

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Mutual of America Life Insurance Company (MALIC), the custodian of the Plan.

	2016	2015
Pooled Separate accounts	**$ 11,121,373**	$ 8,726,425
Guaranteed investment contract	**219,872**	293,404
Total	**$ 11,341,245**	$ 9,019,829

Information Prepared and Certified by the Trustee

The trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2016	2015
Net appreciation (depreciation) in fair value of investments	**$ 937,049**	$ (107,661)
Investment income, net	**3,116**	34,384

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Fair Value Measurements (continued)

- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

- Level 3 inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts:	Valued at fair value based on the underlying investments as reported to the Plan by MALIC.
Guaranteed Investment Contract:	Valued at the NAV provided by the trustee. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on contract value per unit. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the underlying investments held by the fund less its liabilities. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Pool Separate Accounts	**$ -**	**$11,121,373**	**$ -**	**$ 11,121,373**
Investments measured at net asset value *	**-**	**-**	**-**	**219,872**
Total assets at fair value	**$ -**	**$11,121,373**	**$ -**	**$ 11,341,245**

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pool Separate Accounts	$ -	$ 8,726,425	$ -	$ 8,726,425
Investments measured at net asset value *	-	-	-	293,404
Total assets at fair value	$ -	$ 8,726,425	$ -	$ 9,019,829

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the year ended December 31, 2015:

Net increase in net assets per the financial statements	$ 886,936
Less: prior year adjustment from contract value to fair value for fully benefit-responsive investment contracts	(49,705)
Less: prior year excess contributions payable	(7,919)
Net increase in net assets per Form 5500	$ 829,312

Plan Termination

Under the Plan, the Organization has the right to terminate the Plan at any time. The Organization has expressed no present intention to terminate the Plan. In the event of plan termination, participants would become 100% vested in their accounts.

Tax Status

The IRS had determined and informed the Organization by letter dated July 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Transactions with Parties-in-Interest

Certain plan investments are shares of pooled separate accounts and an insurance company general account managed by MALIC. MALIC is the custodian as defined by the plan document and, therefore, these transactions qualify as exempt party-in-interest transactions. Such transactions are exempt from being prohibited transaction. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
