1. Description of the Plan:

The following description of CIRCOR International, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of CIRCOR International, Inc. (the "Plan Sponsor"). The Plan was established on September 1, 1999 to provide a systematic savings plan for eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: Employees become eligible for participation in the Plan on the date of hire. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pre-tax contributions. Participants may contribute up to 60% of their pre-tax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby active Participants who do not revoke their elective contributions will contribute a minimum of 3% of eligible compensation. The Plan has adopted a qualified Roth contribution program. Under the program, Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pre-tax contributions as designated Roth contributions as defined in Section 402A(c)(1) of the IRC.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan Sponsor may make a discretionary matching contribution equal to 50% of Participant contributions up to 5% of their eligible compensation. For the Plan year ended December 31, 2016, discretionary matching contributions were declared in the amount of

\$1,600,194, of which \$847,561 was paid by the Plan Sponsor and \$752,633 was funded with forfeitures. The Plan Sponsor may also make a discretionary profit-sharing contribution in any Plan year in an amount determined by the management of the Plan Sponsor. For the year ended December 31, 2016, the Plan Sponsor declared discretionary profit-sharing contributions to the Plan in the amount of \$1,051,685.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants are immediately vested 100% in their contributions plus actual earnings thereon. Participants are 100% vested in the Plan Sponsor contributions and the actual earnings thereon after completion of five years of credited service. Participant vesting in the Plan based upon years of service is as follows:

Years of Service from <u>Date of Hire</u>	Vested Percentage of Matching <u>Contributions</u>	Vested Percentage of Profit Sharing <u>Contributions</u>
1	20%	20%
2	40%	40%
3	60%	60%
4	80%	80%
5	100%	100%

Participants are 100% vested upon the occurrence of death or permanent disability, as defined.

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance, for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of his or her eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the Participant's account and bears interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

1. Description of the Plan (Continued):

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries will receive a lump sum distribution if the account has a value of less than or equal to \$1,000. Terminated Participants' vested account balances greater than \$1,000 and up to \$5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances exceed \$5,000 may elect a lump sum distribution or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor's discretionary matching contributions are used to reduce future Plan Sponsor contributions and Plan expenses. Forfeited amounts related to Plan Sponsor's profit-sharing discretionary contributions are reallocated to Participant accounts as additional profit-sharing contributions. During the year ended December 31, 2016, the Plan Sponsor used \$752,633 to reduce its discretionary matching contributions. As of December 31, 2016 and 2015, the Plan had forfeitures available to offset future Plan Sponsor's matching contributions and Plan expenses in the amounts of \$273,289 and \$544,365, respectively.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Cash Equivalents: The Plan considers highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

3. Fair Value Measurements (Continued):

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2016 and 2015.

Cash Interest-Bearing: Valued at stated value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at the net asset value (NAV) of units of the stable value fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2016 and 2015:

		Assets at Fair Value as of December 31, 2016			
		Total	Level 1	Level 2	Level 3

Investments Measured at Net Asset Value		7,644,238			
Investments at Fair Value	\$	79,968,917			

3. Fair Value Measurements (Continued):

Investment strategies relating to investments measured at fair value based on NAV used as a practical expedient are as follows:

- *Stable Value Fund*: The fund seeks to provide participants with a low risk stable option that offers competitive yields and limited volatility by investing in a group annuity contract issued by New York Life Insurance Company.

The following table summarizes investments measured at fair value based on NAV used as a practical expedient as of December 31, 2016 and 2015, respectively:

Financial Asset	Fair Value as of December 31, 2016	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Fund	<u>\$ 7,079,731</u>	N/A	Daily	12 Months

Financial Asset	Fair Value as of December 31, 2015	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Fund	<u>\$ 7,644,238</u>	N/A	Daily	12 Months

4. Party-in-Interest Transactions:

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2016. During the year ended December 31, 2016, the Plan made a direct payment to the third-party administrator, Transamerica Retirement Solutions, LLC, in the amount of \$139,141 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Tax Status:

The Plan and related trust do not have a determination letter from The Internal Revenue Service determining that the Plan and related trust are designed in accordance with the applicable provisions of the IRC. The Plan has been amended since receiving their previous determination letter with a prior recordkeeper; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan Sponsor is of the opinion that the Plan and the related trust are tax-exempt as of and for the year ended December 31, 2016.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2016 and 2015.

6. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

7. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

8. Information Certified by the Trustee:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by State Street Bank and Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments and notes receivable from participants held by the Plan as of December 31, 2016 and 2015, the investment income, the interest income on notes receivable from participants and the investment-related transactions of the Plan for the year ended December 31, 2016, and the information contained in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2016.

9. Subsequent Event:

Effective April 25 2017, the Plan Sponsor changed the appointed investment trustee and custodian from State Street Bank and Trust Company to Fidelity Management Trust Company. All assets held with State Street Bank and Trust Company were transferred to Fidelity Management Trust Company on April 25, 2017.

10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2016 and 2015:

	2016	2015
Net Assets Available for Plan Benefits, Per Financial Statements	\$ 81,880,555	\$ 82,235,892

Net Assets Available for Plan Benefits, Per Form 5500	<u>\$ 81,834,083</u>	<u>\$ 82,177,364</u>

The following is a reconciliation of the net decrease in net assets available for plan benefits per the financial statements to Form 5500 for the year ended December 31, 2016:
