Independent Auditors' Report

To the Plan Administrator and Participants of the
Sierra Nevada Memorial Hospital 403(B) Savings Plan
Grass Valley, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sierra Nevada Memorial Hospital 403(B) Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Lincoln National Life Insurance Company (Lincoln), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Lincoln, the custodian of the Plan. Their report, dated October 13, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Adoption of the New Accounting Guidance

As discussed in Note 2 to the financial statements, in 2016, the Plan adopted new accounting guidance: Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-10, *Technical Corrections and Improvements*. The provisions of ASU 2015-10 are required to be applied retroactively. As part of our audit of the 2016 financial statements, we also audited the retroactive application of the new guidance to the 2015 financial statements. In our opinion, the provisions of the new authoritative guidance have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2015 financial statements of the Plan other than with respect to the retroactive application of the new guidance and, accordingly, we do not express an opinion or any other form of assurance on the 2015 financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Sierra Nevada Memorial Hospital 403(B) Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

Sierra Nevada Memorial-Miners Hospitals, Inc. (the Sponsor) established the Plan effective September 15, 1989. The Plan is a 403(b) tax deferred plan covering employees of certain Sponsor-affiliated entities. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated and amended at various dates through December 31, 2016 to comply with applicable laws and regulations.

Plan Administration

The Sponsor is the plan administrator and is responsible for day-to-day operations of the Plan. Lincoln National Life Insurance Company (Lincoln), is the custodian and the recordkeeper of the Plan. Lincoln invests cash received, interest, and dividend income, and makes distributions to participants. Lincoln also administers the payments of interest and principal on the notes receivable from participants.

Eligibility and Contributions

All employees who are not eligible for other retirement plans sponsored by the Sponsor and who are employed by the Sponsor are eligible to participate in the Plan upon their hire date. In order to be eligible to receive employer matching contributions, employees must be in a benefited position, have completed two years of service and have reached 18 years of age.

Employees can enroll into the Plan on the first day of the payroll period, provided they agree to defer at least \$200 annually. Participants may elect to defer different amounts, subject to certain limitations under the IRC, by completing an elective deferral agreement. Plan participants over age 50 may defer additional catch-up contributions, subject to the IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Sponsor makes matching contributions to eligible employees of up to 100% of each employee's elective deferrals. Sponsor matching contribution percentages are based on the number of years each employee has contributed to the Plan as described in the following table:

More than 10 years	10%

Vesting

Participants are 100% vested in their salary deferral contributions, rollover contributions, and employer contributions, plus actual earnings thereon.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment options at any time directly through Lincoln. The Plan offers a combination of fixed and variable investment options held with Lincoln.

On October 1, 2015, the investment options for which Participants may direct their contributions changed from the Lincoln Multi-Fund platform (the MF Platform) of investments to the Lincoln Alliance (the Alliance platform) platform of investments. Participants may keep funds currently invested in the MF Platform of investments, but contributions and transfers subsequent to October 1, 2015 may only be directed to the Alliance platform of investments.

Under the Alliance platform, the variable investment options are made available through mutual funds registered with the Securities and Exchange Commission (SEC). Under the MF platform, variable investment options were made available through Lincoln's separate accounts with underlying investments in mutual funds registered with the SEC.

Fixed investment options under both platforms are guaranteed against loss of principal, less withdrawals, charges, and adjustments. These accounts are invested in accordance with applicable state regulations and guaranteed to earn at least a minimum rate of interest, as provided in the respective contracts. The interest is credited daily and declared on a quarterly basis.

403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION – CONTINUED

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions (including those rolled over from another qualifying plan) and allocations of Sponsor matching contributions, if any, and Plan earnings, and charged with withdrawals, allocations of Plan losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The Plan has no forfeitures because all accounts are 100% vested at all times.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution or annuity payments of the participant's vested account balance. As of December 31, 2016, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid. Participants should refer to their Plan agreement for more information.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts as defined by the Plan agreement, subject to certain limitations. Generally, notes receivable are repaid on an installment basis over a period not to exceed five years, except in the case where the loan is used to acquire a principal residence. All notes receivable are adequately secured by the participant's account balance and bear interest as defined by the Plan agreement.

Administrative and Investment Management Expenses

Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee/custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Sponsor.

403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Recently Adopted Accounting Guidance

The Plan follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, from categorization within the fair value hierarchy.

In June 2015, the FASB issued ASU 2015-10, *Technical Corrections and Improvements*, which contains amendments that affect a wide variety of topics in the accounting standards codification. One such amendment states that an equity security that is an investment in a mutual fund, or in a structure similar to a mutual fund, has a readily determinable fair value if the fair value per share is determined and published and is the basis for current transactions. In 2016, the Plan adopted this provision of ASU 2015-10 and applied the provision retroactively. As a result, an immaterial correction was made to classify the 2015 separate accounts shown in the fair value hierarchy table included within Note 6 – Fair Value Measurements, from investments measured at NAV to Level 2 investments. This correction was made as the investments meet the criteria for determinable fair value as clarified by ASU 2015-10 and conforms with the fiscal 2016 presentation of separate accounts within the fair value hierarchy table.

The Plan also follows the provisions of FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. Part I of ASU 2015-12 eliminated the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12 eliminated the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplified the level of disaggregation of investments that are measured using fair value. Plans would continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III of ASU 2015-12 is not applicable to the Plan.

403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of additions and deductions during the reporting periods. The most important of these estimates and assumptions relate to fair value measurements of the Plan's investments. These and other estimates and assumptions are based on the best available information but actual results could be materially different from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

All assets of the Plan are stated at fair value with the exception of fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

Plan assets invested in mutual funds are stated at aggregate fair value based upon quoted market prices.

Plan assets invested in separate accounts are valued by Lincoln at fair values, which is determined based on the fair value of the underlying mutual funds. Separate accounts have the characteristics of a structure similar to a mutual fund; therefore, as clarified by ASU 2015-10, its value is considered readily determinable as each account publishes a daily price at the end of each day. As such, the investments in separate accounts are classified in Level 2 of the fair value hierarchy.

**SIERRA NEVADA MEMORIAL HOSPITAL
403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Investment Contract with Insurance Company – the MF Platform

Under the MF platform, the Plan has entered into a fully benefit-responsive investment contract with Lincoln through the Fixed Account, which is part of Lincoln's General Account and is reported at contract value. The Fixed Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The terms of the investment contract require all permitted participant-initiated transactions with the Plan to occur at contract value with no conditions, limits, or restrictions.

The investment contract issuer guarantees the principal and a minimum rate of return. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed from time to time, as determined by the contract.

Certain events, such as market value adjustment and surrender charges, could limit the ability of the Plan to transact at contract value. However, the plan administrator does not believe that any of the events that may limit the ability of the Plan to transact at contract value are probable.

Stable Value Fund – the Alliance Platform

Under the Alliance platform, the Plan has entered into a fully benefit-responsive investment contract with Lincoln through the Stable Value Fund. Lincoln maintains the contributions in its general account. The contract guarantees a minimum crediting interest rate of 1.00% for all years. The interest crediting rate is updated quarterly based upon contract provisions. Lincoln's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. Thus, the investment contract is considered fully benefit-responsive, as defined by GAAP.

The contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include termination of the contract by the Sponsor, as well as circumstances, under which the issuer may terminate the contract. Examples of circumstances which would allow the issuer to terminate the contract include the balance of the contract falling below minimum specified levels, lack of deposit activity into the contract, the Plan's loss of its qualified status, uncured material breaches of responsibilities, the issuer discontinuing offering this contract to the public, Sponsor termination of the recordkeeping agreement or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Sponsor could request the market value payment option, which could result in payments to the participants at less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

In accordance with GAAP, events occurring between December 31, 2016 and October 13, 2017 (the date these financial statements were available to be issued) were evaluated, and no material subsequent events that required recognition in these financial statements were noted.

NOTE 3 - TAX STATUS

403(b) plans currently are not required to submit plans to the Internal Revenue Service (IRS) for determination. However, the Plan is required to operate in accordance with the IRC to maintain its tax-exempt qualification. The plan administrator believes that during 2016, the Plan was designed and operated in accordance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - TAX STATUS - CONTINUED

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 4 - PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan document to amend or terminate the Plan subject to the provisions of ERISA.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, as well as the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year then ended.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one level to another.
