Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the year ended December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

VALSPAR SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Valspar Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Valspar Corporation (the Company) established the Plan to provide retirement and other benefits for employees and their beneficiaries. The Plan is a defined-contribution plan that is available to salaried and hourly employees as defined in accordance with the Plan. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company has appointed Fidelity Management Trust Company (Fidelity or the Trustee) to be the trustee of the Plan. The Plan was recently restated as of January 1, 2016.

Transfer of Assets

Transfers both in and out of the Plan occur as a result of employees changing positions and their status in collective bargaining agreements within the Company.

Eligibility

Individuals become eligible to defer wages after the employee has completed one hour of service. Participants must complete 365 days of service to share in the Company's contributions to the Plan.

Contributions

Employees electing to participate in the Plan make voluntary contributions on a pretax basis subject to certain limits. Upon becoming eligible to participate, participants are automatically enrolled to defer 4% of their eligible compensation unless otherwise instructed by the participants. Participants are allowed to change their salary deferral percentages at any time. The Company has agreed to contribute an amount equal to 100% of the first 2% and 50% of the next 2% of each employee's contributions up to a maximum match of 3% of eligible wages. Additionally, the Company may elect to contribute a discretionary contribution not to exceed 9% of participants' compensation for eligible participants who are employed on the last day of the Plan year subject to certain provisions. There was a 4% discretionary contribution made for the year ended December 31, 2016. The Company also contributes a nonelective contribution equal to 4% of the participants' compensation.

The Plan allows participants who are age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan also provides participants with an opportunity to make Roth contributions and in-plan Roth rollovers.

Vesting

Employee and company contributions vest immediately upon the participant completing one hour of service. A participant who is not credited with one hour of service after December 31, 2007, shall continue to be subject to the vesting rules of the prior Plan document in effect at the time of the participant's termination.

VALSPAR SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (Continued)

Forfeitures resulting from the termination of Plan participants with less than 100% vesting reduce the Company's contributions in the year of forfeitures. During the year ended December 31, 2016, \$60,000 of forfeitures were applied against company contributions. There were approximately \$72,600 and \$60,000 of forfeitures outstanding at December 31, 2016 and 2015, respectively.

Investment Options

Participants currently have the option to allocate Plan contributions among several investment options, including the common stock of the Company. All choices vary in types of investments, rates of return and investment risk. Participants may elect to have all or part of their account balances and future contributions invested in one fund, transferred to another fund, or in any combination.

As a result of the merger with Sherwin-Williams, Valspar stock has been de-registered, removing the requirement for an 11-K filing and the ability for employees to purchase Valspar stock in the plan.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and an allocation of Plan earnings. Allocations are based on participants' earnings and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Dividends

Dividends on Company stock are either reinvested in The Valspar Corporation Stock Fund or distributed to participants. Dividends on The Valspar Corporation common stock received by The Valspar Corporation Master Trust (the Master Trust) totaled approximately \$5,529,000 for the year ended December 31, 2016. For the year ended December 31, 2016, the financial statements and Master Trust footnote reflect only the amount of dividends reinvested, which totaled approximately \$3,085,000 at the Master Trust level.

Distributions to Participants

Participants may elect to receive benefits in the form of a lump-sum distribution, an in-kind distribution of employer securities, a direct rollover to an IRA account or another qualified employee benefit plan, or in a series of installments over the life expectancy of the participant or the joint life expectancies of such participant and such participant's designated beneficiary. However, according to the Plan, benefits will be paid in the form of a lump-sum distribution in the event that the participant's vested account balance does not exceed \$5,000. In-service and hardship distributions are also allowed subject to Plan provisions.

VALSPAR SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance. The repayment period is not to exceed 60 months; however, prior to January 1, 2009, participants were allowed to have notes outstanding for the purchase of a principal residence for a reasonable period of time, often exceeding the 60-month repayment period. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through after-tax payroll deductions over the terms of the notes.

Plan Administration

The Plan is administered by the Company, which absorbs a portion of the administrative costs of the Plan, with the Plan absorbing the major portion. The Trustee is responsible for holding the assets of the Plan and participant record keeping.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements reflect transactions on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in The Valspar Corporation Master Trust are stated at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis. Investment income and expenses are allocated to the Plan based upon its pro rata share in the net assets of the Master Trust.

VALSPAR SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Tax Status

The Plan is placing reliance on an opinion letter dated February 17, 2017, received from the Internal Revenue Service (IRS) indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants would become fully vested in their accounts.

Subsequent Events

The Plan administrator has evaluated subsequent events through the date of the auditor's report, which is the date on which the financial statements were available to be issued.

As of issuance of these financial statements, The Sherwin-Williams Company has successfully closed a merger agreement with The Valspar Corporation. The transaction closed June 2, 2017. While the future state of the Valspar Savings & Retirement Plan isn't exactly known at this time, it is expected that employee/employer contributions would cease during the 2018 Plan Year and the Plan would merge with The Sherwin-Williams Company 401k Plan some time later in 2018.

VALSPAR SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 3 INVESTMENTS IN THE VALSPAR CORPORATION MASTER TRUST

Investments of the Plan are held in the Master Trust. The Master Trust also holds assets of the Valspar 401(k) Plan for Hourly Employees.

Fidelity serves as the trustee of the Master Trust, and participants can choose among several investment options. Participants may change their investment elections and allocations daily in 1% increments.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Plan's interest in the fair value of the Master Trust was 92.2% and 92.3% on December 31, 2016 and 2015, respectively. Investments in the Master Trust are determined on a unit-value basis as determined by Fidelity. The Plan's investment returns may not approximate these percentage interests in the returns of the Master Trust due to the mix of Master Trust investments held by the Plan.

The Plan provides for investments in various investment securities, including Company stock, which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. At December 31, 2016 and 2015, approximately 45% and 43%, respectively, of the Master Trust's net assets were invested in the common stock of The Valspar Corporation. The underlying value of The Valspar Corporation Stock Fund is dependent on the performance of The Valspar Corporation and the market's evaluation of such performance. Due to the level of risk associated with certain investment securities, including The Valspar Corporation common stock, it is reasonably possible that changes in the values of investment securities have occurred since December 31, 2016, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The fair values of investments of the Master Trust in which the Plan invests are as follows:

	2016	2015
The Valspar Corporation Stock Fund	\$ 401,250,971	\$ 360,856,150
Common Collective Trust:	355,782,354	160,259,036
Mutual Funds	134,736,400	313,753,725
Other Receivables	55,320	422,308
Total	<u>\$ 891,825,045</u>	<u>\$ 835,291,219</u>

NOTE 4 FAIR VALUE MEASUREMENTS

Accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

The Valspar Corporation Stock Fund

The Valspar Corporation Stock Fund consists of shares of The Valspar Corporation common stock, valued at the closing price reported on the New York Stock Exchange.

Common Collective Trusts

The investments in the common collective trusts (Fidelity U.S. Equity Index Fund, JP Morgan Large Cap Growth Fund, and the State Street Target Retirement 2015-2060 Fund Class K) are recorded at the underlying net asset value per unit, which approximates fair value based on the audited financial statements of these funds.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds

Mutual funds are valued at the daily closing prices as reported by the fund. Investments held by the Plan are open-ended investments that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The investments held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2016 and 2015:
