1. Description of the Plan:

The following description of Axio Group US Services Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of AXIO Group US Services, Inc. and its subsidiaries: TechInsights USA, Inc.; OAG Aviation Worldwide LLC; RISI, Inc. and Flightview, Inc. (collectively referred to as the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: Employees become eligible for participation in the Plan on the date of hire. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pre-tax contributions. Participants may contribute up to 50% of their pre-tax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. The Plan includes a qualified Roth contribution program, whereby Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pre-tax contributions as designated Roth contributions as defined in Section 402A(c)(1). The Plan also contains an automatic enrollment of 3% of pre-tax compensation for all new Participants, however, Participants have the option to decline participation. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan Sponsor makes non-discretionary matching contributions equal to 50% of Participant contributions up to 6% of their eligible compensation. For the year ended December 31, 2016, the Plan Sponsor contributed an employer match in the aggregate amount of \$408,536 to the Plan.

The Plan Sponsor may also make discretionary nonelective contributions to all participants employed on the last day of the year. During the year ended December 31, 2016, the Plan Sponsor did not make any discretionary nonelective contribution.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants are immediately vested 100% in their contributions plus actual earnings thereon. Participants are 100% vested in the Plan Sponsor contributions and the actual earnings thereon after completion of five years of credited service. Participant vesting in the Plan based upon years of service is as follows:

Years of Service from Date of Hire	Vested Percentage of Non- Discretionary Matching Contributions	Vested Percentage of Discretionary Nonelective Contributions
1	20%	20%
2	40%	40%
3	60%	60%
4	80%	80%
5	100%	100%

Participants are 100% vested upon the occurrence of death or permanent disability, as defined.

1. Description of the Plan (Continued):

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance, for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of his or her eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the Participant's account and bears interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The interest rate will remain fixed throughout the duration of the loan. Principal and interest is paid ratably through payroll deduction.

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries will receive a lump sum distribution if the account has a value of less than or equal to \$1,000. Terminated Participants' vested account balances greater than \$1,000 and up to \$5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances exceed \$5,000 may elect a lump sum distribution or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants will be suspended from making contributions for six months after the hardship withdrawal. Participants may also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor's matching and discretionary nonelective contributions are used to reduce future Plan Sponsor contributions and Plan expenses. During the year ended December 31, 2016, the Plan Sponsor did not use any forfeitures to reduce Plan Sponsor contributions and Plan expenses. As of December 31, 2016 and 2015, the Plan had forfeitures available to offset future Plan Sponsor's matching and discretionary nonelective contributions and Plan expenses in the amounts of \$16,180 and \$1,307, respectively.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Significant Accounting Policies (Continued):

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification of Stable Value Funds: The Financial Standards Accounting Board (FASB) recently issued clarified guidance that investments in stable value common or collective trusts and similar investment funds, collectively referred to as Stable Value Funds, do not meet the definition of a fully benefit-responsive investment contract as the Plan's investment is not considered a direct investment as is required under generally accepted accounting principles. Accordingly, these investments should be reported at fair value. In prior years, the Plan's investments in Stable Value Funds have been accounted for as fully benefit-responsive investment contracts and presented in the statement of net assets as an investment at fair value with an adjustment from fair value to contract value. Contract value, in prior years, was determined using the net asset value of the Stable Value Fund. In accordance with the clarified guidance, investments in Stable Value Funds should be reported at fair value using the net asset value as a practical expedient. Accordingly, the adjustment from fair value to contract value recorded in the prior year has been reclassified to investments at fair value.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.

Recently Adopted Accounting Policies: In May 2015, the Financial Accounting Standards Board issued an Accounting Standards Update (ASU) related to fair value measurements, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. In addition, the ASU removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The ASU is effective for

fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan adopted the provisions of this ASU as of December 31, 2016 and applied its provisions retrospectively to all periods presented.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (Continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at the net asset value (NAV) of units of the stable value fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical

expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2016 and 2015:

		Assets at Fair Value as of December 31, 2016			
		Total	Level 1	Level 2	Level 3
Investments:					
Mutual Funds		\$ 20,463,953	\$ 20,463,953	\$ -	\$ -
Investments Measured at Net Asset Value		701,589			
Investments at Fair Value		\$ 21,165,542			
		Assets at Fair Value as of December 31, 2015			
		Total	Level 1	Level 2	Level 3
Investments:					
Mutual Funds		\$ 19,733,912	\$ 19,733,912	\$ -	\$ -
Investments Measured at Net Asset Value		412,015			
Investments at Fair Value		\$ 20,145,927			

3. Fair Value Measurements (Continued):

Investment strategies relating to investments measured at fair value based on NAV used as a practical expedient are as follows:

Stable Value Fund: The investment consists of a diversified portfolio of Stable Value Investment Contracts issued by life insurance companies, banks and other financial institution, the performance of which may be predicated on underlying fixed income investments. The principal value of these assets is designed to remain stable regardless of stock and bond market fluctuations.

The following table summarizes investments measured at fair value based on NAV used as a practical expedient as of December 31, 2016 and 2015, respectively:

Financial Asset	Fair Value as of December 31, 2016	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Fund	<u>\$ 701,589</u>	None	Daily	12 Months
Financial Asset	Fair Value as of December 31, 2015	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Fund	<u>\$ 412,015</u>	None	Daily	12 Months

4. Party-in-Interest Transactions:

Certain Plan investments are managed by , trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2016. During the year ended December 31, 2016, the Plan made a direct payment to the third-party administrator, Fidelity Management Trust Company, of \$1,356 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Tax Status:

The Plan has adopted the volume submitter profit sharing plan of Fidelity Management Research Company. The volume submitter profit sharing plan sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the form of the volume submitter profit sharing plan was in compliance with the applicable requirements of the IRC. The volume submitter profit sharing plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

6. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

7. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

8. Information Certified by the Trustee:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by , the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments and notes receivable from participants held by the Plan as of December 31, 2016 and 2015, and the investment income, the interest income on notes receivable from Participants and the investment-related transactions of the Plan for the year ended December 31, 2016, and the information contained in the accompanying supplemental schedule of assets held for investment purposes at end of year as of December 31, 2016.

9. Subsequent Event:

In April 2017, the Plan Sponsor was a party to a sale agreement (the "Agreement") in which Axio Group US Services, Inc. sold RISI, Inc. Prior to this and in contemplation of this transaction, effective January 1, 2017, the Plan was partially terminated by removing TechInsights USA, Inc., OAG Aviation Worldwide LLC, and Flightview, Inc. as participating employers, and all contributions to the Plan with respect to Participants who are employees of these participating employers ceased. All affected participants became 100% vested in their account balances as of the date of the partial termination. The Plan amended its name to RISI, Inc. 401(k) Plan and only eligible employees of RISI, Inc. are eligible to participate in the Plan.

10. Reconciliation of Financial Statements to Form 5500:
