TIME OUT AMERICA, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 1 – Description of Plan

The following description of the Time Out America, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Time Out America, LLC (the "Company"). The Plan covers all employees of the Company who have attained the age of 21 and have completed one year of service in which the employees completes at least 1,000 hours of service, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective May 1, 2015, the Plan adopted a provision allowing Eligible Employees no minimum service requirement to participate in deferral contributions. In addition, temporary or part-time employees will still require to complete one year of Eligibility Service determined using the 1,000 Hours of Service Method.

The Board of Trustees and Plan Administrators are responsible for the administration of the Plan and determine the appropriateness of the Plan's investment offering, and monitor investment performance.

Contributions

Each year, participants are permitted to contribute an amount not to exceed the dollar limit set by the Internal Revenue Code annually. In 2016, the limit was $18,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to an additional $6,000. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investments of their contributions as well as Company contributions into various investment options offered by the Plan. The Company may elect to make discretionary matching contributions. The matching contributions formula is applied and determined on each payroll period.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings or losses, the Company's discretionary contributions and allocations of charged administrative expenses. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

TIME OUT AMERICA, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions, on an after-tax basis. Generally, loan terms range over a period not extending beyond five years from the date of the loan, unless such loan is used to acquire a dwelling unit that within a reasonable time (determined at the time the loan is made) will be used as the principal residence of the participant. The interest rate is commensurate with local prevailing rates as determined generally by the Plan Administrators and will be established in the month the loan is effective.

Payment of benefits

Participants may receive distributions if: (1) the employee terminates employment before normal retirement age (65), (2) the employee terminates due to death or disability, (3) the employee reaches normal retirement age but continues to work, and (4) the employee reaches age 59 ½ and continues to work. Distributions can be made in the form of a lump sum, installment payments and, rollovers to other qualified plans.

Hardship withdrawals

Hardship withdrawals are allowed for qualified expenses (certain medical expenses, purchase of a principal residence, tuition payment for post-secondary education, and payments to prevent eviction from a primary residence) as defined in the plan document. A participant’s hardship withdrawal will preclude the participant from making additional employee before-tax contributions to the Plan for a six-month period after the hardship withdrawal.

Forfeited accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $37,759 and $27,425, respectively. Forfeiture accounts will be used to reduce future employer contributions and certain administrative expenses.

Note 2 – Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, third-party service providers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are recorded as a distribution based upon the terms of the Plan document. For the year ended December 31, 2016, a delinquent participant loan that amounted to $974 was reclassified to distributions. No allowance for credit losses has been established as of December 31, 2016 and 2015.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Although not required by the Plan, the Company has elected to pay the majority of the administrative expenses of the Plan, including legal, audit and other administrative expenses. Notwithstanding the foregoing, the Company may direct that administrative expenses, that are allocable to the account of a specific participant, be paid from that account. All other investment fees applicable to each investment fund are netted against the related investment income before the investment income is allocated to participants' accounts.

Recently issued accounting pronouncements

In January 2016, the Financial Standards Accounting Board ("FASB") issued Accounting Standards Update ("ASU 2016-01"), Financial Instruments (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities. The amendments require changes to the accounting for equity investments, the presentation and disclosure requirements for financial liabilities under the fair value option, and the presentation and disclosure requirements for financial instruments. In addition, clarification was provided related to the valuation allowance assessment when recognizing deferred tax assets resulting from unrealized losses on available-for-sale debt securities. The amendments in this update are effective for employee benefit plans for fiscal years beginning after December 15, 2018. The application of ASU 2016-01 is not expected to have a significant effect on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2017, which is the date that the financial statements were available to be issued.

Note 3 – Investments

Participants direct the investment of their contributions as well as any Company discretionary contributions into various mutual funds, fixed income account and a money market fund offered by the Plan. Participants may change the allocations of their investments daily.

Note 4 – Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TIME OUT AMERICA, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Cash

Consists of a money market account, valued at cost, which approximates fair value.

Mutual Funds

Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission and are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts

Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. As of December 31, 2016 and 2015, pooled separate accounts held by Voya Retirement Insurance and Annuity Company ("Voya"). are valued at their Accumulated Unit Value ("AUV"). These are valued daily as the number of accumulation units held are multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

TIME OUT AMERICA, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 5 – Investment Contract with Insurance Company

The Plan is invested in a fully benefit-responsive investment contract ("Voya Fixed Account") with the Voya Retirement Insurance and Annuity Company ("Voya") (the "Issuer"). The amounts invested, as of December 31, 2016 and 2015, were $382,138 and $407,687, respectively. The Issuer maintains the contributions in its general account with no maturity date. The account is credited with earnings and charged for participant withdrawals and administrative expenses.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Generally, there are no events that limit the ability of the Plan to transact at contract value with the Issuer. There are no events or circumstances that would allow the Issuer to terminate the fully benefit-responsive contract with the Plan and settle at an amount different from contract value.

Note 6 – Excess contributions payable

At December 31, 2016 and 2015, amounts payable to participants totaling $4,561 and $2,269, respectively, for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in the following year.

Note 7 – Nonparticipant – Directed Investments

Information about the net assets and the significant components of the change in net assets relating to the nonparticipant-directed investments are as follows:

	December 31,	
	2016	**2015**
Net assets:		
Forfeiture account	$ 37,759	$ 27,425

	For the Year Ended December 31, 2016
Change in net assets:	
Investment earnings on forfeitures	$ 27
Forfeitures relating to current year activities	10,307
	$ 10,334

TIME OUT AMERICA, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 8 – Related Party and Party-In-Interest Transactions

All Plan investments were managed by Voya, the trustee and custodian of the Plan assets. Voya provides record keeping and administrative services to the Plan. The Company also utilizes a third party record-keeper, Angel Pension Group, Inc., to provide certain other administrative services. Therefore, the purchases and sales of these investments and resulting balances qualify as party-in-interest transactions.

Note 9– Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 10- Certification by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, held at December 31, 2016, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company.

Note 11 – Tax Status

The Internal Revenue Service has determined and informed the Plan's third-party administrator, by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrators and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the tax years from 2013 are still subject to tax examination.

TIME OUT AMERICA, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 12 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 13 – Reconciliation of Financial Statements to Form 5500

For Form 5500 purposes, participant notes receivable are required to be included as part of investments and for financial statements, part of receivables.

The following is a reconciliation of investments per the financial statements to Form 5500 as of December 31, 2016 and 2015:
