MW Industries, Inc. Consolidated Employer Retirement Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 1 - Plan Description

The following description of MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of MW Industries, Inc. and its subsidiaries and divisions (the "Company") who have completed one month of service and are age 18 or older. Employees who were previously eligible for participation in the Matthew Warren Group, Inc. United Steelworkers' Savings and Retirement Plan and the Automatic Spring Coil Co. Employees' Retirement and Savings Plan are also eligible to participate in the Plan. These employees are members of a collective bargaining unit in which the Company and the collective bargaining representative have agreed that such individuals shall be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective June 12, 2015, the Plan was amended to add eligibility for participation and vesting credit provisions applicable to former full-time employees of Hi-Performance Fastening Systems and Helical Products Company, Inc.

Effective September 30, 2016, the Plan was amended to add eligibility for participation and vesting credit provisions applicable to former full-time employees of Precision Manufacturing Group.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 75 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

As part of a collective bargaining agreement, participants who are employees of Automatic Spring and Matthew Warren are entitled to a mandatory 4 percent employer contribution, but do not receive an employer match. Additionally, the Plan provides for employer matching contributions for all other participants, which are 100 percent of the first 4 percent of the participant's eligible compensation contributed to the Plan.

Effective June 12, 2015, the Plan was amended to allow catch-up contributions up to 100 percent of annual compensation subject to maximum tax-deferred limitations established by the IRC. This amendment also provides for an automatic plan enrollment feature whereby all newly hired employees are automatically enrolled in the Plan upon meeting eligibility requirements with a contribution of 4 percent of compensation unless they affirmatively decline to participate in the Plan.

Notes to Financial Statements December 31, 2016 and 2015

Note 1 - Plan Description (Continued)

Effective January 1, 2016, the Plan was further amended to provide for automatic deferral increases of 1 percent of compensation for participants with a deferral rate greater than zero, until deferral reaches 10 percent of compensation, to take effect on December 30 of each year.

Certain participant contributions in 2016 and 2015 were paid after the timeframe required by the Department of Labor. The Company remitted \$46,503 and \$35,620 of the late contributions and related lost earnings to the Plan in 2016 and 2015, respectively, and will remit the remaining \$13,171 of late contributions and related lost earnings to the Plan in 2017.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances as defined by the plan agreement. Notes receivable are collateralized by the participant's account balance and bear interest at rates determined in accordance with the Plan. Notes receivable are generally repayable within five years. Longer notes receivable are available for the purchase of a primary residence. Principal and interest payments are made through payroll deductions

Vesting - Participants are immediately 100 percent vested in employee salary, safe harbor employer matching, and rollover contributions and any income or loss thereon. Any discretionary employer contributions plus actual earnings thereon vest over two years of service, with 50 percent vesting after year one and the remainder vesting after year two. There were no discretionary contributions for the year ended December 31, 2016.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce plan expenses and future company discretionary contributions.

Note 1 - Plan Description (Continued)

Payment of Benefits - Distributions are payable upon retirement, age 59½, death, disability, or termination of employment. The Plan allows age 59½ and after-tax withdrawals. Pursuant to the terms of the Plan, upon retirement, the total amount of a participant's account shall be distributed in cash to the participant according to one of the options as described in the Plan and as elected by the participant. All other distributions are payable in the form of a lump-sum amount equal to the vested balance of a participant's account. However, if such account exceeds \$5,000, a participant may elect to defer distribution to a future date as more fully described in the Plan. If the participant's account exceeds \$1,000 but does not exceed \$5,000, the participant's account may be distributed in a lump-sum payment to an individual retirement plan selected by the plan administrator, unless the participant elects otherwise.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the current trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements December 31, 2016 and 2015

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on these investments. Additionally, the Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities. All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 9, 2017, which is the date the financial statements were issued.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2016, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2008. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

MW Industries, Inc. Consolidated Employer Retirement Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 5 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 5 - Fair Value Measurements (Continued)

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 6 - Plan Merger

Effective October 1, 2016, the Precision Manufacturing Group LLC 401(k) Retirement Plan, a plan sponsored by Precision Manufacturing Group, which was purchased by the plan sponsor in 2015, was merged with the Plan. In conjunction with the merger, assets of approximately \$3 million were transferred into the Plan in 2016.
