NEW ENERGY WORKS OF ROCHESTER, INC. 401 (K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015 (Compiled)

NOTE A: DESCRIPTION OF THE PLAN

The following description of the New Energy Works of Rochester, Inc. 401 (k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document, including amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan sponsored by New Energy Works of Rochester, Inc. for the benefit of all its employees and the employees of its two wholly-owned subsidiaries, Pioneer Millworks, Inc. and Sockeye Timber Framing (collectively, the "Company"). Eligible employees may enter the Plan after attaining the age of eighteen and who have 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Requirements

Each employee shall be entitled to make elective deferrals to the Plan and be entitled to receive employer matching contributions upon attaining 18 years of age and have 6 months of service, as defined in the Plan. Employees are able to enter the plan on the first day of the plan year and the first day of the seventh month of the plan year after meeting the eligibility requirements.

Contributions

Each year, eligible employees may contribute up to 80% of their eligible compensation, as defined in the Plan, subject to Internal Revenue Service limitations. The Company will contribute and allocate to each participant's account a safe harbor matching contribution equal to 100% of the participant's salary deferrals up to 3% of eligible compensation to the Plan and 50% of the salary deferrals between 3% and 5% of eligible compensation. In addition, the Company may make a discretionary profit sharing contribution to the Plan based on an amount determined by management for eligible employees employed on the last day of the plan year and who completed at least 1000 hours of service during the Plan year. For the years ended December 31, 2016 and 2015, the Company did not make a discretionary profit sharing contribution.

Participant accounts

Each participant's account is credited with the participant's contribution and the allocation of (a) the Company's contribution and (b) Plan earnings or losses. Allocation of earnings are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Vesting

Participants are immediately 100% vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Participants become vested in employer discretionary profit sharing contributions plus actual earnings thereon based on years of service, as shown below. A participant is credited with a year of service on the anniversary of their hire date. Regardless of the vesting schedule, a participant will become fully vested upon death, total or permanent disability and achieving early retirement date.

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits

Distributions may be made from vested account balances, with participant consent, under the following conditions: separation from service or upon attainment of age 59 ½. The Plan allows participants to receive benefits in case of hardship as provided for in the Plan and in government regulations, but only from elective deferrals. Vested account balances that are less than $5,000 but greater than $1,000 upon separation of service will be paid in one lump-sum distribution or directly rolled over to an IRA if no distribution election is made in accordance with the provisions of the Plan. Vested account balances under $1,000 will be paid in one lump-sum distribution in accordance with the provisions of the Plan.

Forfeitures

The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting
The accompanying financial statements of the Plan are prepared on the accrual method of accounting.

Payment of benefits
Benefits paid to participants are recorded as of the date paid.

Use of estimates in the preparation of financial statements
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Administrative expenses
The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Investment valuation and income recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are made and recorded as needed, when a contribution is made to the Plan, when a distribution is made from the Plan or when a participant changes his or her investment election. Interest and dividends are recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through October 13, 2017, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure, other than as disclosed in Note J, were noted.

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2 - Valuation is based upon:

- Quoted prices for similar instruments in active markets;
- Quoted prices for identical or similar instruments in inactive markets;
- Inputs other than quoted prices that are observable for the instruments;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market funds: Fair value equals cost.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

Investments in the fair value hierarchy:				
Money market funds	$ 7,253	$ -	$ -	$ 7,253

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and their accounts will be paid to them as provided by the Plan document.

NOTE F: TAX STATUS

The Plan uses a volume submitter plan document of Fidelity Management; "Volume Submitter Profit Sharing Plan with "CODA". The volume submitter plan document has obtained an opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS), which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS; however the Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2013.

NOTE G: TRANSACTIONS WITH PARTY-IN-INTEREST

Fidelity Management Trust Company is the trustee for the Plan and transactions in any affiliated investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. As described in Note B, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
