NOTE 1 DESCRIPTION OF PLAN

The following description of the J.R. Pierce Plumbing Co. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-union employees of J.R. Pierce Plumbing Co. (the Company) who have reached age 21 and completed one year of service. The Plan was established effective October 1, 1990. The Plan is subject to the provisions of ERISA.

The Plan was restated effective January 1, 2015 to change the maximum deferral contribution to 92% of compensation and to permit rollovers for all eligible employees even if they are not yet a participant in the plan.

The Plan was amended and restated effective December 1, 2016, to adopt the prototype document of a new third party service provider and to change eligibility to six months of service for elective deferrals, to change the maximum deferral contribution to the maximum allowed by law, to permit in-service distributions for those over age 59½, and to add an automatic enrollment feature effective January 1, 2017, at 3% of compensation with annual increases of 1% to a maximum of 6% of compensation.

The Plan was amended effective January 1, 2017, to change eligibility for the employer match to six months of service.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 92% of their annual compensation, as defined in the Plan or to the IRS maximum effective December 1, 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Discretionary profit sharing contributions may be made to the Plan at the option of the Company's Board of Directors, not to exceed 15% of participants' compensation, as defined. The employer may also make Non-Elective contributions to the Plan. Matching contributions are funded weekly, and profit sharing contributions are funded by the due date of the employer's tax return. The Company made discretionary matching contributions of $15,585 and profit sharing contributions of $154,420 during the year ended December 31, 2016. Subsequent to year end, the Company made a profit sharing contribution to the plan of $165,420. Contributions are subject to certain IRS limitations.

NOTE 1 DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, compensation, account balances, or specific participant transactions, as defined by the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective contributions plus actual earnings thereon. Vesting in the employer's profit sharing contributions and employer's matching contribution are based on a six-year graded vesting schedule in which the participant is fully vested after six years of credited service, as defined in the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50% of vested account balances or $50,000. The loans are secured by the balance in the participant's account. The loan interest rate is set at prime plus 1%. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Distributions are payable upon retirement, termination, financial hardship, disability or death. Payments are distributed in a lump sum.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $121 and $2,352, respectively. In accordance with the provisions of the Plan, these amounts will be used to reduce future employer contributions to the Plan or pay administrative expenses. For the year ended December 31, 2016, forfeitures of $2,418 were used to pay administrative fees.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles. Accordingly, income is recorded when received rather than when earned, and expenses are recorded when paid rather than when the obligation is incurred.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a settlement-date basis. Interest and dividends are recorded when received. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when paid. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded when paid. The Plan distributed $13,237 in excess contributions for 2016 including interest to the applicable participants subsequent to March 15, 2017.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment advisory fees are included in administrative expenses. Other investment fees, which may vary according to the individual funds selected, are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Subsequent Events

Subsequent events have been evaluated through the date the financial statements were available to be issued, which was October 12, 2017.

NOTE 3 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 3,365,626	$ -	$ -	$ 3,365,626
	$ 3,365,626	$ -	$ -	$ 3,365,626

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,396,339	$ -	$ -	$ 3,396,339
	$ 3,396,339	$ -	$ -	$ 3,396,339

NOTE 4 CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable held at December 31, 2016 and net appreciation in fair value of investments, interest and dividends for the month ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank, the custodian of the Plan.

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2015 and net appreciation in fair value of investments, interest and dividends for the period from January 1, 2016 to December 1, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company, the custodian of the Plan.

NOTE 5 INVESTMENT CONTRACT

The Plan offers the Morley Stable Value Fund ("the Fund") as an investment option provided through its contract with Charles Schwab Bank. The Fund is a collective investment fund for collective investments in contracts issued by insurance companies or other institutions that are designed for stability of principal. Principal Global Investors Trust Company is trustee and investment manager for the Fund. The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. There is not a set interest rate for the Fund. The blended net crediting rate was 1.75% for the year ended December 31, 2016.

NOTE 5 INVESTMENT CONTRACT – CONTINUED

There is no insurance covering the Fund's assets; however the State of Oregon requires Principal Global Investors Trust Company to retain $1,000,000 in restricted securities for general contingencies. The Plan's ability to receive amounts due is dependent on the Fund's ability to meet its financial obligations.

The contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events may limit the ability of the Fund to transact at contract value. Such events may include but are not limited to the following: Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, and plan sponsor withdrawals without appropriate notice to the Fund and/or issuer. In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide the day to day liquidity needs of participants as well as the occasional market value event. Plan sponsor requests for a full withdrawal requires twelve-month advance written notice.

An issuer can terminate the contract upon the event of default by the contract holder, Investment Advisor or Trustee if the issuer determines in its reasonable discretion, such event has had, or is likely to have a material adverse effect on the issuer's interest with respect to the contract. Such events include but are not limited to the following: management of the portfolio is not in accordance with investment guidelines, any representation or warranty made by the contract holder becomes untrue in any material way, the Fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications.

NOTE 6 ADMINISTRATIVE EXPENSES

Administrative expenses were paid for the following:

Third party administration	$	24,701
Investment management		17,948
	$	42,649

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the full value of each participant's account would become fully vested and non-forfeitable.

NOTE 8 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan has various agreements with custodians, administrators, investment advisors and other service providers to the Plan (see Note 5). Such parties are parties-in-interest under the ERISA. Some fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing and other indirect methods rather than a direct payment.

NOTE 9 INCOME TAX STATUS

Both the prototype plan in effect through December 1, 2016, and the prototype plan adopted effective December 1, 2016 have received letters dated March 31, 2014, from the IRS stating that the form of the plan is acceptable under section 401 of the Internal Revenue Code. The Plan administrator believes that the plan is currently being operated in accordance with the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 10 CONTINGENCIES, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
