Notes to Financial Statements

December 31, 2016 and 2015 (Compiled) and Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN

The following description of Multilink, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Multilink, Inc. (the Company and Plan Sponsor) who are not represented by a collective bargaining unit, a leased employee, or a non-resident alien, and are included in one of the following job classifications: welder, production management, information technology, engineer, or direct or indirect owner. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Company.

Contributions

The Plan provides for a discretionary employer profit sharing contribution for each eligible participant, which was 5% of participants' eligible compensation as defined by the Plan for the year ended December 31, 2016. The discretionary employer profit sharing contribution was \$106,657 for the year ended December 31, 2016. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's discretionary profit sharing contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, participant compensation, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

Vesting

Participants become vested in their discretionary employer profit sharing contributions based on years of credited service. A participant is fully vested after three years of credited service, upon attainment of normal retirement age (65), upon death, or upon disability while an employee of the Company.

Notes to Financial Statements

December 31, 2016 and 2015 (Compiled) and Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Prior to April 1, 2016, upon retirement, termination, disability, or death, a participant or a participant's beneficiary upon the participant's death could elect to receive a lump-sum amount equal to the value of the participant's vested account, or periodic payments based upon the terms of the Plan document. Effective with the Plan restatement on April 1, 2016, participants may receive payments of benefits upon attaining the age of 65, retirement, termination, or death. Prior to April 1, 2016, if the value of the benefits credited to a participant's account was \$1,000 or less at the time of termination, the entire amount was automatically distributed to a participant without the participant's consent. Effective April 1, 2016, if the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Active participants may make hardship withdrawals from their vested account balances, subject to Plan provisions.

Forfeited Accounts

Forfeitures are used to reduce future employer profit sharing contributions or to pay Plan expenses. Unallocated forfeiture balances were \$5 and \$-0- at December 31, 2016 and 2015, respectively. Forfeitures used to reduce 2015 employer profit sharing contributions during the year ended December 31, 2016 were \$40,766.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

MULTILINK, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015 (Compiled) and Year Ended December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Profit sharing contributions are recorded and credited to each participant's account as received by the custodian from the Company. Any contributions attributable to the plan year but not received by the trust by the last day of the plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income.

Income Taxes

The Plan adopted a prototype non-standardized profit sharing plan with a cash or deferred arrangement agreement which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the written form of the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2016 and 2015, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2016 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

MULTILINK, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015 (Compiled) and Year Ended December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2016 are summarized below:

	<u>Level 1</u>
Money market funds	\$ 80,546
Mutual funds	<u>647,762</u>
Total	<u>\$ 728,308</u>

The Plan's investments accounted for at fair value as of December 31, 2015 are summarized below:

	<u>Level 1</u>
Money market fund	\$ 81,440
Mutual funds	<u>593,903</u>
Total	<u>\$ 675,343</u>

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2016 and 2015.

Money market funds and mutual funds are valued at the net asset value of shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

MULTILINK, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015 (Compiled) and Year Ended December 31, 2016

NOTE E - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances. During 2017, the Plan merged into another plan as further described in Note H.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the payment of investment and administrative expenses of the Plan. Such transactions are exempt from being prohibited transactions.

NOTE H - SUBSEQUENT EVENT

Effective June 1, 2017, the Plan merged with Multilink, Inc. 401K Plan. As a result of the merger, all Plan assets totaling \$765,300 were transferred from the Plan.
