Notes to the Financial Statements
December 31, 2016 and 2015

A. DESCRIPTION OF PLAN

The following description of the Mills Van Lines, Inc. (the "Company") Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Mills Van Lines, Inc. and Mills Move Management, Incorporated who have one year of service, attained the age of twenty, and have been credited with one thousand working hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may make voluntary pre-tax contributions up to 50% of their compensation under Section 401(k) of the Internal Revenue Code ("IRC"). Such contributions are subject to certain limitations.

The Company may make profit sharing contributions to the Plan solely at the discretion of the Company's Board of Directors. These contributions are invested in a portfolio of investments as directed by the Company. In review of all aspects of operations and the economy, the Company elected not to make a profit sharing contribution for the year ended December 31, 2016.

Participant Accounts - Each participant's account is credited with the participant's elective deferrals, allocations of the Company's contribution, and investment earnings, and charged an allocation of administrative expenses. Allocations of administrative expenses are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested amount in the individual participant's account.

Participants may only direct the investment of their elective deferrals to any or all of the various investment funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in the employer contribution portion of their accounts plus earnings thereon is based on years of continuous service.

Participants who have worked an hour of service on or after January 1, 2007 vest in the employer contribution portion of their accounts, plus earnings thereon, based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Mills Van Lines, Inc. Profit Sharing Plan
Notes to the Financial Statements
December 31, 2016 and 2015

If a participant did not work an hour of service on or after January 1, 2007, the participant would be subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 3	0%
3 but less than 4	20%
4 but less than 5	40%
5 but less than 6	60%
6 but less than 7	80%
7 or more	100%

Payment of Benefits - Except for the participant's salary deferrals, distributions to terminated employees for reason other than death will begin as soon as practicable after the participant's normal retirement age. Benefit payments are made as directed by the participant, subject to certain restrictions. Hardship distributions and loans are not permitted under the Plan.

Forfeitures - Participants with a break-in-service greater than five years forfeit the non-vested portion of their account. These accounts are used to reduce the Company's discretionary profit sharing contribution at the earliest opportunity after such forfeitures become available. During 2016, no forfeitures were utilized.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Investment management fees, insurance premiums and audit fees are paid by the Plan. Distribution processing fees and third party administrative expenses are paid by the participant. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net appreciation of fair value of investments.

Mills Van Lines, Inc. Profit Sharing Plan
Notes to the Financial Statements
December 31, 2016 and 2015

Recently Issued Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair using the net asset value per share practical expedient. The guidance is to be applied retrospectively and is effective for annual periods beginning after December 15, 2016, with early application permitted.

In July 2015, the FASB issued ASU 2015-12, *Defined Contribution Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I removes the requirement to measure fully benefit-responsive investment contracts at fair value, with an adjustment to contract value and permits fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II removes the requirement to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The guidance in Part I and II is to be applied retrospectively. The guidance in Part III is to be applied prospectively. The guidance in Parts I, II and III is effective for annual periods beginning after December 15, 2016, with early application permitted.

Plan management has elected to apply the applicable sections of the guidance described above to the Plan's financial statements as of and for the years ended December 31, 2016 and 2015.

Subsequent Events - Subsequent events have been evaluated through October 13, 2017, which is the date the Plan's financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by PNC, the custodian.

PNC has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from said investment activity, and the schedule of assets (held at end of year) as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

PNC has certified as to the completeness and accuracy of the schedule of assets (held at end of year) and the schedule of reportable transactions for the year ended December 31, 2016.

F. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money Market Fund - The shares of the money market fund are valued in accordance with Securities and Exchange Commission Investment Company Act of 1940 regulations, restricting investment of a money market fund and permitting the penny-rounding method, which enables the fund to maintain a constant NAV of \$1.00 per share. Participant transactions (purchases and sales) may occur daily.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Life insurance policies: Valued at the cash surrender value at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements:

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Life Insurance	\$191,220	Accumulation Account Value, based upon the 1980 CSO mortality table, less Redemption Charges	Interest Crediting Rate	4.0%

G. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies issued by PNC. PNC is the custodian as defined by the Plan and, therefore, these transactions qualify as allowable party-in-interest transactions under ERISA.

PNC provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and PNC. PNC receives revenue from mutual fund service providers for services PNC provides to the funds. This revenue is used to offset certain amounts owed to PNC for its administrative services to the Plan.

If the revenue received by PNC from such mutual fund service providers exceeds the amount owed under the SA, PNC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to PNC for administrative expenses not covered by revenue sharing.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. The Company may elect to not make a contribution and keep the Plan active in full force.

I. FEDERAL INCOME TAX STATUS

The Mills Van Lines, Inc. Profit Sharing Plan and Trust was originally adopted on July 1, 1986 and amended and restated as of January 1, 2010. The Plan received a determination letter on July 8, 2010, in which the Internal Revenue Service ("IRS") stated that the amended and restated Plan was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

Mills Van Lines, Inc. Profit Sharing Plan
Notes to the Financial Statements
December 31, 2016 and 2015

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

K. PLAN AMENDMENTS

Effective April 30, 2016, the Plan was amended and restated to comply with the Pension Protection Act of 2006 and other legislative and regulatory changes.
