1 - DESCRIPTION OF PLAN

The following description of the E. S. Originals (the "Company" or the "Plan Sponsor") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. ***General*** - The Plan is a defined contribution plan covering all eligible employees of the Company who have attained the age of 21 and have completed one year of service, which is satisfied upon working 1,000 hours during a consecutive 12-month period. Once the requirement has been met, an employee may become a participant in the Plan on the following first day of the month following a successive 3-month period beginning on January 1. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   Effective April 1, 2016, an employee becomes eligible for participation in the Plan upon completing two consecutive months of service and elapse time not to exceed 12 months. Once the requirement has been met, an employee may become a participant in the Plan immediately.

b. ***Contributions*** - Plan contributions consist of participants' elected salary deferrals (401(k) contributions), employer discretionary matching contributions, employer discretionary profit-sharing contributions and rollovers. Each year participants may contribute a percentage of their salary up to the established statutory limit. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

   The Company, at its discretion, may make a matching contribution to the Plan. For the plan year ended December 31, 2016, the Company contributed 25% of the first 4% of compensation that a participant contributed to the Plan up to a maximum amount per participant of $2,650 and $2,300, for executive and regular participants, respectively. Contributions are subject to certain limitations as permitted by the Internal Revenue Code. The Company, also at its discretion, may make a profit sharing contribution each year. No such contribution was made for the year ended December 31, 2016.

   All investments are participant directed. Participants direct the investment of their contributions into various investment options offered by the Plan, which currently consists of a guaranteed investment contract and mutual funds.

c. ***Participant Accounts*** - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit sharing contribution, and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. ***Vesting*** - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service, as defined. A participant is 100% vested in the employer contribution and earnings thereon after five years of credited service.

Continued

e. ***Notes Receivable from Participants*** - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the participant's highest outstanding note balance to the Plan during the one-year period ending on the day before the date on which the note is made or 50% of their vested account balances less current outstanding note balances. All notes, other than those used to purchase a principal residence, must be repaid within five years. Notes used to purchase a principal residence can have longer terms upon approval by the Plan Administrator but must be repaid within 20 years of the original date of the loan. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with interest rates being charged by local lenders, at inception, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over the term of the note. At December 31, 2016, the notes bear interest at rates of 3.25% and 3.50% and have scheduled maturities to August 2027.

f. ***Payment of Benefits*** - Participants may elect to receive distribution of their benefits upon retirement, in the event of death or disability, heavy financial hardship, or upon termination of employment. On termination of service due to death, retirement, or other Plan specified reasons, a participant, with vested benefits in excess of $5,000, may elect to receive a single lump-sum payment or installment payments. For those participants with vested benefits of $5,000 or less, their benefits will be distributed as a lump-sum amount equal to the value of the participant's vested interest in his or her account at the time of separation. If, at the time of termination, the Participants vested account balance does not exceed $1,000, the participant will receive a mandatory lump-sum distribution of their benefits.

g. ***Forfeited Accounts*** - At December 31, 2016 and 2015, forfeited non-vested accounts totaled approximately $18,224 and $21,844, respectively. These accounts will be used to reduce future Company contributions. In 2016, $30,011 from forfeited non-vested accounts was used to reduce Company contributions or expenses.

h. ***Life Insurance*** - Life insurance may be purchased with the approval of the Plan Administrator. The trustee, when directed by the Plan Administrator, and in accordance with the plan adoption agreement, shall provide incidental insurance benefits by purchasing for each insurable participant, who so elects coverage, at standard rates, either term life insurance, universal life insurance, or ordinary life insurance policies.

2 - Summary of Significant Accounting Policies

a. ***Basis of Accounting*** - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. ***Use of Estimates*** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

c. ***Investment Valuation and Income Recognition*** - Investments are reported at fair value except for fully benefit responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to full-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought or sold as well as held during the year.

d. ***Notes Receivable from Participants*** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e. ***Payment of Benefits*** - Benefits are recorded when paid.

f. ***Administrative Costs*** - Substantially all fees and administrative costs are paid by the Plan Sponsor.

3 - Information - Certified By The Custodian (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value, investments at contract value and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest income and interest income on notes receivable from participants for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar asserts or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

> ***Mutual Funds*** - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

December 31, 2016	*Level 1*	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 11,357,423	$ -	$ -	$ 11,357,423
December 31, 2015	***Level 1***	***Level 2***	***Level 3***	***Total***
Mutual Funds	$ 10,122,167	$ -	$ -	$ 10,122,167

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2016 are reported in net appreciation of investments at fair value.

The Plan's policy is to recognize transfers into and out of any level as of the date of the event or change in circumstances that caused the transfer. There were no transfers into or out of any level for the year ended December 31, 2016.

5 - GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with Great West. Great West maintains the contributions in a general account which is credited with earnings on the underlying fully benefit-responsive investment contract and charged for associated participant withdrawals and administrative expenses. Great West is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan.

Because the Guaranteed Investment Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 and 2015, was $2,232,008 and $2,886,655, respectively. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract and prevailing market conditions but may not be less than 0% for the duration of the contract. Such interest rates are reviewed on a quarterly basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6 - Related Party Transactions

Certain Plan investments consist of mutual fund accounts and a guaranteed investment contract managed by Great West, or its affiliates. Great West, is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for investment management services are included in net appreciation in fair value of investments. During the year ended December 31, 2016, the plan paid $209,317 for insurance premiums for participants who are owners of the sponsor, and, therefore, parties-in-interest.

7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their employer contributions.

8 - Income Tax Status

The plan administrator obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the volume submitter Plan document was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Continued

9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10 - Subsequent Events

The Plan has evaluated subsequent events and transactions through October 9, 2017, the date that the financial statements were available to be issued.
