1. Summary description of Plan:

The following description of the Transit Team, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan inception date was January 1, 1993, is subject to the provisions of ERISA and is a defined contribution plan covering all full-time employees who have completed three months of service and are age eighteen (18) or older. Entry dates to the Plan are the first day of the Plan year and the first day of the seventh month of the Plan year. Employees are eligible to continue in the Plan even if they have a break in service subject to certain requirements. A break in service is a period of at least twelve consecutive months during which no services are performed for the company. Eligibility requirements for the Profit Sharing contribution require an employee work at least one day during the Plan year. In addition, if an employee terminates before the end of the Plan year, they will not receive a profit sharing contribution for that year unless they worked more than 500 hours of service during the Plan year.

During 2015, the Plan was amended to accept after-tax (Roth) contributions. The effective date of this amendment was July 1, 2015.

Contributions:

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, limited to the provisions of Internal Revenue Service. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may provide discretionary matching and profit sharing contributions for eligible participants. For both 2016 and 2015, the discretionary matching contribution was equal to 25% of the first 6% of the base compensation contributed by each participant. The Company did not make a profit sharing contribution in 2016 or 2015.

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of the Company's matching and profit sharing contribution, Plan earnings (losses), and charged an allocation of investment fund and administration expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TRANSIT TEAM, INC. 401(k) PROFIT SHARING PLANNOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 20151. Summary description of Plan (continued):**Vesting:**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing and discretionary contributions of their accounts plus actual earnings thereon is based on years of service as noted in the table below. Participants are fully vested if they have reached normal retirement age of 65, die, or become disabled.

<u>Years of service</u>	<u>Vested percentage</u>
Less than 1 year	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment options:

A participant may direct employee contributions in one percent increments in any one or more of the Plan Sponsor's pre-determined investment options. Participants may change their investment options daily.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Loans are made on a pro rata basis from all investment funds in which an account is invested. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits:

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or, as applicable, in Plan specified annual installments. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts:

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are used to pay employer contributions and/or administrative expenses. Forfeited nonvested accounts available as of December 31, 2016 and 2015 totaled \$6,986 and \$24,375, respectively. During 2016, \$11,000 of forfeitures were used to pay administrative expenses.

2. Summary of significant accounting policies:**Investments valuation and income recognition:**

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company of the Plan. See Note 4 for discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment in the guaranteed investment contract is reported at contract value. See Note 5 for discussion of the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid for directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Concentrations:

At December 31, 2016 and 2015, approximately 24% and 23% of investments were held in two target date mutual funds included in the pooled separate accounts, respectively.

Adoption of new accounting policies:

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for non-public business entities for fiscal years beginning after December 15, 2015. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this Update for the 2016 plan year, and it was retrospectively applied to December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this Update. The impact of adopting this Update is reflected in Note 4 and 5.

2. Summary of significant accounting policies (continued):**Adoption of new accounting policies (Continued):**

In July 2015, FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value, accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net asset available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year end, when the fiscal period does not coincide with month end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Parts I and II of this Update for the 2016 plan year, and the amendments in Part I and II were retrospectively applied to December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements. Part III is not applicable to the Plan and therefore was not adopted.

Reclassifications:

Certain items in the prior year financial statements have been reclassified to conform with the current year basis of presentation. These reclassifications had no effect on the overall net assets available for benefits of the Plan.

2. Summary of significant accounting policies (continued):
Subsequent events:

Subsequent events were evaluated through October 13, 2017, which is the date the financial statements were available to be issued.

During 2017, the Plan changed its custodian, record keeper and prototype plan sponsor from Matrix Trust Company, Ascensus and Mutual of Omaha to Securian.

3. Information Certified by Matrix Trust Company:

The following is a summary of the plan's asset information as of and for the years ended December 31, 2016 and 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	<u>2016</u>	<u>2015</u>
Investments, at fair value	\$ 4,587,703	\$ 4,047,638
Fully benefit-responsive investment, at contract value	<u>183,548</u>	<u>179,239</u>
	<u>\$ 4,771,251</u>	<u>\$ 4,226,877</u>

Matrix Trust Company also certified to the completeness and accuracy of the \$300,964 and \$(70,664) of net appreciation (depreciation) in fair value of investments and \$1,527 and \$1,356 of interest income related to the aforementioned assets for the years ended December 31, 2016 and 2015, respectively.

4. Fair value measurement:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). FASB ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. FASB ASC 820 also indicates investments that are measured at the net asset value (NAV) per share practical expedient should not be categorized within the fair value hierarchy.

TRANSIT TEAM, INC. 401(k) PROFIT SHARING PLANNOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015**4. Fair value measurement (continued):**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: The Plan has investments in participation units of mutual funds held in pooled separate accounts through sub-accounts of an insurance company as of December 31, 2016 and 2015. The fair values of these pooled separate accounts are primarily valued at NAV per share practical expedient based on quoted market prices for the underlying securities or similar instruments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share practical expedient as of December 31:

	2016	2015	Unfunded	Redemption	Redemption
	<u>Fair value</u>	<u>Fair value</u>	<u>commitments</u>	<u>frequency</u>	<u>notice period</u>
Pooled separate accounts:					
Target Date	\$ 2,338,987	\$ 2,152,934	\$ -	Daily	None
Balanced	841,627	674,007	-	Daily	None
Large Cap U.S. Stock	424,874	362,491	-	Daily	None
Diversified Bond	292,689	266,239	-	Daily	None
Mid Cap U.S. Stock	188,926	140,866	-	Daily	None
International Stock	152,618	127,525	-	Daily	None
Specialty U.S. Stock	143,911	132,380	-	Daily	None
Small Cap U.S. Stock	141,602	106,766	-	Daily	None
High Yield Bond	62,469	84,430	-	Daily	None
Total investments, at fair value	<u>\$ 4,587,703</u>	<u>\$ 4,047,638</u>			

The pooled separate accounts fund has filed as a direct filing entity; therefore the investment's significant investment strategy is not required to be included in these financial statements.

5. Investment contract with Mutual of Omaha:

The Plan entered into a fully benefit-responsive guaranteed investment contract with Mutual of Omaha. Mutual of Omaha maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mutual of Omaha is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of Omaha, represents contributions made under the contract, plus interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligations under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreement without the consent of the issuer.

	<u>2016</u>	<u>2015</u>
Traditional investment contract	<u>\$ 183,548</u>	<u>\$ 179,239</u>

6. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Income tax status:

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Transactions with parties in interest:

Certain plan investments are units of pooled separate accounts and a guaranteed investment contract managed by Matrix Trust Company and Mutual of Omaha. Matrix Trust Company is the custodian of the plan investments, as defined by the Plan, and Mutual of Omaha is the prototype plan sponsor and therefore, these transactions qualify as party-in-interest.

9. Reconciliations of financial statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 to Form 5500:

Net assets available for benefits per the financial statements	\$ 4,996,707
Administrative expenses paid in 2016 for services performed in 2017	(11,000)
Excess contributions from 2016 refunded in 2017	<u>6,558</u>
Net assets per Form 5500	<u>\$ 4,992,265</u>

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2016 to Form 5500:

Net increase per financial statements	\$ 541,729
Administrative expenses	(11,000)
Excess contributions from 2016 refunded in 2017	<u>6,558</u>
