Report of Independent Auditors

The Board of Trustees and Plan Administrator
Mercy Health

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Tyler Memorial Hospital Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 (in liquidation) and December 31, 2015 (ongoing), and the related statements of changes in net assets available for benefits for the years ended December 31, 2016 (in liquidation) and December 31, 2015 (ongoing), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2016 and 2015, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Adoption of Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, Mercy Health's Board of Trustees approved a plan liquidation on February 29, 2016, and management determined liquidation is imminent. As a result, the Tyler Memorial Hospital Pension Plan has changed its basis of accounting as of and for the year ended December 31, 2016 from the ongoing basis to a liquidation basis. Our disclaimer of opinion is not modified with respect to this matter.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tyler Memorial Hospital Pension Plan

Notes to Financial Statements

December 31, 2016 (In Liquidation)

1. Description of Plan

The following description of the Tyler Memorial Hospital Pension Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a noncontributory defined benefit pension plan covering substantially all employees of Tyler Memorial Hospital and Tyler Home Health (collectively, the Hospital) who have completed one year of service and attained the age of 21 (excluding employees whose employment with the Hospital is covered by a collective bargaining agreement that does not provide for participation in this Plan). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective December 31, 2009, the Plan was amended to freeze participation and any future benefit accrual.

A resolution was adopted on February 9, 2011, to transfer sponsorship and administration of the Plan to Mercy Health (the Company and Plan Sponsor) effective May 1, 2011. The Mercy Health Plan Retirement Committee oversees the general administration of the Plan. Also on this date, certain assets of the Plan Sponsor were sold to Community Health Systems, Inc. (CHS); however, the Plan and its sponsorship were retained by the Company.

In connection with the sale of certain assets of the Plan Sponsor to CHS on May 1, 2011, the employment of the employees covered by the Plan was terminated and substantially all of them commenced employment with CHS. As a result, the Plan experienced a reduction in the number of active participants to less than 80%, which resulted in a partial termination of the Plan at June 30, 2011, and, therefore, these participants became immediately fully vested.

State Street Bank and Trust is the trustee of the Plan.

Tyler Memorial Hospital Pension Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

The Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, the net assets of the Plan will be allocated for payment to the participants in an order of priority as prescribed by ERISA and its related regulations and the plan document. In September 2015, the Mercy Health Retirement Committee approved a resolution to terminate the Plan subject to the provisions of ERISA, effective December 31, 2015.

Whether all participants receive their benefits will depend on the sufficiency, at that time, of the Plan's net assets available for benefits to provide for accumulated plan benefits and may also depend on the financial condition of the Company and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) as well as the priority of those benefits. Some benefits may be fully or partially provided for by the then-existing net assets of the Plan and the PBGC guarantee, while other benefits may not be provided for at all.

The Mercy Health Retirement Committee approved the Plan's liquidation on February 26, 2016, and as result of termination, the 2016 financial statements have been prepared in accordance with the liquidation basis of accounting. There are no significant incremental costs to be incurred or dividends to be earned as result of the liquidation. The liquidation basis of accounting has no material impact to the 2016 net assets available for benefits or the results of Plan operations.

Eligibility and Vesting

Employees with five or more years of service are entitled to monthly pension benefits beginning at the normal retirement age (65) equal to the product of 1% of average compensation and years of credited service. The Plan permits early retirement at the ages of 60–64 provided the employee has at least ten years of credited service. If employees terminate before rendering five years of service, they forfeit the right to receive Plan benefits.

The Plan was amended effective May 1, 2011, to fully vest all participants who were actively employed as of April 30, 2011, or who terminated employment between January 1, 2011 and April 30, 2011. Effective December 31, 2015, the Plan was terminated. Effective April 29, 2016, the Plan received a favorable IRS determination letter approving the termination.

1. Description of Plan (continued)

Funding

The Company's funding policy was to make annual contributions to the Plan as determined by the Plan's independent actuary in amounts necessary to provide the Plan with assets sufficient to fund participants' benefits by the time they retire. No participant contributions are permitted. The Plan met the minimum funding requirements of ERISA in the years ended December 31, 2016 and 2015 and as a result of the Plan termination and approval by the IRS, no further funding will be required to the Plan.

Benefits

The normal form of benefit payment is a 50% joint and survivor annuity for married participants and a lifetime benefit for participants who are not married. Participants may elect to receive their benefit payment in the form of a lifetime benefit; a 50%, 66-2/3%, 75%, or 100% joint and survivor annuity; a life pension with ten years certain; or a single cash payment.

If a vested participant dies prior to his or her annuity starting date, a preretirement lump-sum death benefit equal to the actuarial equivalent of his or her accrued single life monthly pension at his or her date of death is paid to the participants' surviving spouse or beneficiary. If the participant is married at the time of death, the eligible spouse will be able to elect to receive the monthly pension that will be paid beginning the first day of the month next following the later of the month in which the death occurred or the earliest date on which the employee would have been eligible for immediate payment under the Plan, or a lump-sum payment equal to 50% of the present value of the employee's accrued single monthly pension. As a result of the termination and liquidation of the Plan, no further benefits will be paid out of the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. As described in Note 1 as a result of regulatory approval obtained from the IRS to liquidate the Plan, the statement of net assets available for benefits were presented under the liquidation basis of accounting as of and for the year ended December 31, 2016. Under the liquidation basis of accounting, assets are stated at their estimated net realizable values and liabilities are stated at their settlement amount.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Employer contributions are recorded in the period in which they become an obligation of the Company.

Payment of Benefits

Benefits are recorded when paid.

Annuity Contract Purchase

As a result of termination, the Plan participants had the opportunity to elect to receive their frozen accrued benefits in a single lump-sum distribution or through an annuity contract purchase. Annuity contracts were secured for all those vested participants who did not elect a lump-sum payment along with all participants who were currently receiving a monthly benefit. The Plan purchased approximately \$3.3 million in nonparticipating annuity contracts from Omaha Life Insurance Company. In December 2016, the Company completed the settlement of Plan benefits through the combination of lump-sum distributions to participants and the purchase of nonparticipating annuity contracts.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Administrative expenses related to the Mercy Health ERISA Retirement Master Trust (the Master Trust) are allocated to the Plan and are reflected in the net appreciation (depreciation) from plan interest in the Master Trust. All other administrative expenses are paid by the Company on behalf of the Plan. Expenses that are paid by the Company are excluded from those Financial Statements.

Investment Valuation and Income Recognition

The Plan's investments, which are all held in the Master Trust, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion and disclosures related to fair value measurements.

The Mercy Health Retirement Plan Committee is responsible for determining the Master Trust's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of the plan interest in the Master Trust, which consists of the net realized gains or losses and the net change in unrealized appreciation (depreciation) on those investments.

Within the Master Trust, purchases and sales of securities are reflected as of the trade date. Realized gains and losses on sales of securities are determined on the basis of average cost. Income from investments, if any, is recorded as earned on an accrual basis.

Fair Value Measurements

The Plan follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic (ASC) 820, *Fair Value Measurement and Disclosure*. Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 3) represent the actuarial present value of estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the participants to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits are based on the cash balance accounts or the transition benefits for certain participants. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to participant services rendered to the valuation date.

2. Summary of Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits (continued)

The Plan's actuary estimated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

3. Accumulated Plan Benefits

The accumulated plan benefit information as of December 31, 2015, is as follows:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 1,687,602
Other participants	3,579,016
Total vested benefits	<u>5,257,618</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 5,257,618</u>

The changes in accumulated plan benefits from January 1, 2015 to December 31, 2015, were as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 3,981,998
Increase (decrease) during the year attributed to:	
Benefits accumulated	3,523
Increase for interest due to the decrease in the discount period	254,789
Benefits paid	(382,790)
Change in actuarial assumptions	<u>1,400,098</u>
Net increase	<u>1,275,620</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 5,257,618</u>

3. Accumulated Plan Benefits (continued)

Significant assumptions underlying the actuarial computations are as follows:

Assumed rate of return on investments	1.09%
Retirement rate	At normal retirement age (65)
Mortality basis	RP-2014 without collar projected generationally with MP-2014 projection scale

These actuarial assumptions are based on the fact that the Plan was frozen effective December 31, 2009 and was terminated on December 31, 2015. Additionally, these assumptions, specifically the assumed rate of return on investments was adjusted to reflect the liquidation of the Plan during the year ended December 31, 2016.

4. Investments

State Street Bank and Trust (the Plan Trustee) holds the Plan's investments, which are all included in the Master Trust (including investment information for the Master Trust), and executes all investment transactions. All investment information disclosed in the accompanying financial statements, including Plan interest in Master Trust held at December 31, 2016 (in liquidation) and 2015 (ongoing), and net appreciation (depreciation) from plan interest in the Master Trust for the years ended December 31, 2016 (in liquidation) and 2015 (ongoing), was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Trustee.

The Plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and several other Mercy Health-sponsored ERISA retirement plans. Each participating plan has an undivided interest in the Master Trust. The Master Trust assets are allocated among the participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to each plan's beneficial interest in the Master Trust, income and expenses resulting from the collective investment of the assets of the Master Trust. At December 31, 2016 (in liquidation) and 2015 (ongoing), the Plan's interest in the net assets of the Master Trust was approximately 0% as the Plan liquidation was substantially complete, and 7%, respectively.

4. Investments (continued)

The following table presents the fair value of the net assets in the Master Trust:

	December 31	
	2016	2015
Mutual funds	\$ 29,747,526	\$ 30,730,431
Money market fund	486,720	111,241
Common collective trust funds	29,417,597	30,482,781
Total net assets	<u>\$ 59,651,843</u>	<u>\$ 61,324,453</u>

Changes in net assets for the Master Trust are as follows:

	Year Ended December 31	
	2016	2015
Net transfers (contribution and benefit payments for the participating plans)	\$ (5,366,933)	\$ (3,131,392)
Net appreciation (depreciation) in fair value of investments	3,649,797	(2,435,247)
Interest and dividend income	829,749	1,424,223
Total investment income (loss)	4,479,546	(1,011,024)
Administrative expenses	(786,343)	(390,691)
Other income	1,120	—

5. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Master Trust's net assets carried at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2016				
Mutual funds	\$ 29,747,526	\$ –	\$ –	\$ 29,747,526
Money market fund	486,720	–	–	486,720
	<u>\$ 30,234,246</u>	<u>\$ –</u>	<u>\$ –</u>	<u>30,234,246</u>

Investments measured at net assets value:

Common collective trust funds

29,417,597

Total net assets at fair value

\$ 59,651,843

December 31, 2015

Mutual funds	\$ 30,730,431	\$ –	\$ –	\$ 30,730,431
Money market fund	111,241	–	–	111,241
	<u>\$ 30,841,672</u>	<u>\$ –</u>	<u>\$ –</u>	<u>30,841,672</u>

Investments measured at net asset value:

Common collective trust funds

30,482,781

Total net assets at fair value

\$ 61,324,453

Following is a description of the valuation methodologies used for major categories of assets measured at fair value within the Master Trust:

Mutual funds and money market fund – Valued at the closing price reported on the major market on which the individual securities are traded and classified within Level 1 of the valuation hierarchy. The Plan does not adjust the quoted market price for such financial instruments.

Tyler Memorial Hospital Pension Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Common collective trust funds – Valued at the net asset value (NAV) of participation units held by the Master Trust at year-end. The value of these units is determined by the trustee based on the current market values of the underlying assets of the common collective trust fund as based on information reported by the investment advisor using the audited financial statements of the common collective trust fund at year-end. Common collective trust funds are not necessarily readily marketable and may include short sales on securities and trading in future contracts, options, foreign currency contracts, other derivative instruments, and private equity investments. However, Plan management has determined that the NAV is an appropriate estimate of the fair value of the common collective trust fund based on the fact that the common collective trust fund is audited and accounted for at fair value by the administrators of the common collective trust fund. Plan management has the ability to redeem its investment in the common collective trust fund at the NAV with no significant restrictions on the redemption at the date of the statement of net assets available for benefits.

The objective of common collective trusts is to seek an investment return that approximates as closely as practicable, before expenses, the performance of its benchmark index over the long term. There are no unfunded commitments to the common collective trust funds.

The preceding valuation methodologies described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the statement of net assets available for benefits date.

6. Tax Status

The Plan document dated July 1, 2010, has received a determination letter from the Internal Revenue Service (IRS) dated August 15, 2011, stating that the Plan and related trust are qualified under Section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the Master Trust is tax-exempt.

Tyler Memorial Hospital Pension Plan

Notes to Financial Statements (continued)

6. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 (in liquidation) and 2015 (ongoing), there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party-in-Interest Transactions

Certain of the Plan's assets, within the Master Trust, are invested in funds managed by the trustee of the Plan Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Risks and Uncertainties

The Plan, through the Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

9. Subsequent Events

As of December 31, 2016, all plan participants were paid out and the Plan was fully liquidated.

Management evaluated subsequent events for the Plan through October 13, 2017, the date the accompanying financial statements were available to be issued.
