INDEPENDENT AUDITORS' REPORT

To the Investment Committee
Novolex AE 401(k) Plan
Hartsville, South Carolina

Report on the Financial Statement

We were engaged to audit the accompanying financial statements of Novolex AE 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of Novolex AE 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all hourly employees at the Chicago, Illinois, Iuka, Mississippi, and Caldwell, Ohio manufacturing plants of Packaging Dynamics Corporation (the "Company"), governed by collective bargaining agreements. The Plan was formed and effective as of January 1, 2016. Employees are eligible to become participants once they have reached eighteen years of age and completed one year of service and can enroll in the Plan on the first day of the month after the date of eligibility, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may defer a portion of their pretax annual compensation, as defined, subject to certain statutory limitations. Participants may also elect to make Roth 401(k) contributions, of which are subject to federal income taxes in the year of deferral. For 2016, the deferred amount may not exceed \$18,000. Additionally, the Internal Revenue Code allows for participants over the age of 50 to make additional contributions (catch-up contributions) in excess of these limits. The maximum catch-up contributions for 2016 was \$6,000. The Company made matching contributions of 50% of the first 8% of the participant's compensation contributed to the Plan. The Company is permitted to make a nonelective contribution equal to a discretionary percentage of eligible compensation (determined each year by the Company and as stated in the collective bargaining agreement). If a nonelective contribution is made by the Company, it is in the same ratio that the participants' salary bears to the total salary of all participants in the Plan. In order to receive the nonelective contributions, participants must be employed on the last day of the plan year. The Company did not make a nonelective contribution to the Plan during 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or contribution plans. Participants are automatically enrolled on the plan upon meeting eligibility requirements with an effective deferral rate of 4%. The Plan also has an automatic escalation of deferral rates for participants of 1% each year up to a maximum of 8% which occurs on the anniversary of the participants enrollment. Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's pretax or Roth contributions, the Company's matching contribution, the Company's nonelective contribution, plan earnings or losses, and administrative expenses which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested at all times in their pretax and Roth contributions and earnings or losses thereon. Participants become vested in Company contributions made for Plan years beginning after to January 1, 2016 as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	25%

1. Description of Plan (continued):

Notes Receivable

Participants may borrow from their account a minimum of \$1,000 and a maximum of 50% of their vested account balance or \$50,000, whichever is less. Generally, loans are only available in the event of a hardship, as defined in the plan document. Loans are treated as a transfer from the investment funds to participant loans. Loan terms are for a maximum of five years. Loans are secured by 50% of the vested portion of the account balance and bear interest at a comparable commercial interest rate. Principal and interest is paid ratably through weekly payroll deductions.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ significantly from those estimates.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review

Subsequent events have been evaluated through October 10, 2017, the date which the financial statements were available to be issued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan Document.

2. Summary of Significant Accounting Policies (continued):

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). The ASU impacts reporting entities that measure an investment's fair value using the net asset value per share practical expedient. The amendments in ASU No. 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. The Plan adopted ASU No. 2015-07 during the year ended December 31, 2016.

In July 2015, FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent (5%) or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. The level of disaggregation of investments that are measured using fair value is also simplified.

Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investment by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The Plan adopted Part II during the year ended December 31, 2016.

3. Information Certified by the Trustee:

The following information included in the accompanying financial statements and supplemental information as of, and for the year ended December 31, 2016, was provided and certified by State Street Bank and Trust Company, the trustee of the Plan (the "Trustee"), as complete and accurate:

Investments, at fair value
Interest and dividend income
Net appreciation or depreciation in fair value of investments
Schedule of assets (held at end of year)

During the for the year ended December 31, 2016, the Plan's investments appreciated (depreciated) in value by \$546,482. The change in value includes gains and losses on investments bought and sold, as well as held during the year.

4. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements* ("ASC 820") defines fair value, establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date. |
| Level 2 | Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. There are no plan assets requiring the use of Level 2 inputs for the periods presented. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring the use of Level 3 inputs for the periods presented. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used as of December 31, 2016.

Level 1 Fair Value Measurements

- | | |
|------------------------|--|
| Mutual funds: | Valued at the daily closing price as reported by the fund. Net assets values (NAV) are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source. |
| Interest bearing cash: | Valued at the net asset value (NAV) of shares held by the Plan at year end and amortized cost to approximate the current fair value of certain securities. |

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,011,159	\$ -0-	\$ -0-	\$ 8,011,159
Interest bearing cash	<u>13,383</u>	<u>-0-</u>	<u>-0-</u>	<u>13,383</u>
Total assets at fair value	\$ <u>8,024,542</u>	\$ <u>-0-</u>	\$ <u>-0-</u>	\$ <u>8,024,542</u>
Investments measured using net asset value per share practical expedient				<u>1,713,234</u>
Total investments				\$ <u>9,737,776</u>

The Plan invests in stable value funds, which trade at the net asset value (NAV) per share practical expedient of the fund. These funds are not categorized within the fair value hierarchy.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016:

	<u>2016</u>
<u>Stable value fund:</u>	
Fair value	\$ 1,713,234
Unfunded commitment	None
Redemption frequency	Daily
Redemption notice period	None

5. Plan Termination:

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

6. Tax Status:

The Internal Revenue Service has determined and informed the Trustee by a letter dated March 31, 2014 that the prototype plan on which the Plan is based and the related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The prototype plan has been amended subsequent to that date. However, the Plan administrator believes that the Plan, which is based on the prototype plan, was at all times during the year ended December 31, 2016, designed and operated in compliance with the applicable requirements of the IRC, and that the Plan and related trust continued to be tax-exempt.

NOVOLEX AE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2016

6. Tax Status (continued):

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016 as the plan was formed and effective as of January 1, 2016.

7. Risks and Uncertainties:

The Plan invests in various investments securities. Investment securities, in general, are exposed to various risks, including interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. Related-Party Transactions:

Certain plan investments are money funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$28,044 for the year ended December 31, 2016.

9. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of persons who were terminated prior to year-end but had not yet received payment. At December 31, 2016, the vested account balances of terminated participants is \$476,394.

10. Plan Merger:

On January 1, 2016, the Packaging Dynamics Corporation Employee 401(k) Plan was merged into the Novolex AE 401(k) Plan. Prior to the merger, the plans covered eligible employees at Packaging Dynamics Corporation and its subsidiaries. The transferred net assets have been recognized in the accounts of the Novolex AE 401(k) Plan as of January 4, 2016, at their balances as previously carried in the accounts of the Packaging Dynamics Corporation Employee 401(k) Plan. The changes in net assets of the combined plans are included in the accompanying statement of changes in net assets available for benefits as of December 31, 2016. A summary of the transferred net assets follows:
