SOLE PROPRIETOR, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN

The following description of Sole Proprietor, Inc. Profit Sharing Plan ("the Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, established in January 1986, covering all employees of Sole Proprietor, Inc. ("the Company") who are age twenty-one or older and have completed three months of service.

Contributions – Participants may elect to contribute up to 100% of their eligible compensation, as defined by the Plan, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). Participants who have attained age 50 by year-end may also make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a safe harbor employer contribution of 100% of the first 4% of employee deferrals. Discretionary profit sharing amounts may be contributed at the option of the Company. A participant must be employed on the last working day of the plan year to be eligible for an allocation of the Company profit sharing contributions that year. Contributions are subject to certain limitations.

In 2016, the Plan received \$2,931,319 in rollovers from the Sole Proprietor, Inc. Cash Balance Defined Benefit Pension Plan upon its termination.

Participants' accounts – A separate account is established and maintained on behalf of each participant. Each participant's account is credited with the participant's contributions, the Company's safe harbor contributions and investment earnings and losses. Allocations of discretionary profit sharing amounts are based on the participant's age and position in the Company as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting – Participants are at all times fully vested in their voluntary contributions and the actual earnings thereon. Participants are vested in employer profit sharing contributions and related earnings based upon years of continuous service. A participant vests ratably over and is fully vested upon completion of three years of credited service. Safe harbor employer contributions and related earnings are always 100% vested.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates for similar types of loans, as determined by the Plan administrator.

Forfeitures – A participant who leaves the employment of the Company forfeits any non-vested balance. Forfeitures may be used to reduce Company contributions, to pay plan expenses or may be reallocated to current participants.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees paid by the Plan include audit fees, investment management fees and individual participant transaction fees.

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits – On termination of service due to retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared under the accrual basis of accounting.

Investments held by defined contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Participant notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent events – The Plan has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln Financial Group Trust Company, Inc., the custodian of the Plan for the period from July 1, 2015 through December 31, 2016 and as of December 31, 2016 and 2015 and Lincoln National Life Insurance Company, custodian of the Plan for the period from January 1, 2015 through June 30, 2015, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivables from participants as shown on the statement of net assets available for benefits as of December 31, 2016 and 2015;
- Net investment activity and interest income on notes receivables from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2016 and 2015;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. CONTRACT WITH INSURANCE COMPANY

Participants may elect to invest in a benefit responsive stable value contract with Lincoln Financial Group Trust Company (Lincoln Financial). Lincoln Financial maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by Lincoln Financial. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Lincoln Financial is contractually obligated to repay the principal and a specified interest rate of 3% that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the traditional investment contract at December 31, 2016 and 2015 was \$1,631,861 and \$697,841, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation method include: quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	\$ 5,552,369	\$ -	\$ -	\$ 5,552,369
Total investments at fair value	<u>\$ 5,552,369</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,552,369</u>

	2015			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	\$ 3,219,643	\$ -	\$ -	\$ 3,219,643
Total investments at fair value	<u>\$ 3,219,643</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,219,643</u>

6. TAX STATUS

On March 16, 2010, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

8. RELATED PARTY TRANSACTIONS

Certain plan investments are guaranteed investment contracts or mutual funds managed by Lincoln National and Lincoln Financial. Lincoln National and Lincoln Financial are the custodians of these accounts and, therefore, the transactions in those investments and related fees qualify as party-in-interest transactions. Fees paid by the Plan to the custodians for investment management services totaled \$45,974 and \$30,946 in 2016 and 2015, respectively.

9. REQUIRED CORRECTION

During 2015, a participant was issued a loan in excess of the limits imposed by the Plan's policies and the IRS regulations. This error occurred during the transfer of net assets to a new reporting platform as a loan was omitted from the new platform in error. The Plan intends to correct the misstatement in 2017 through a deemed distribution.
