Notes to Financial Statements**

**NOTE 1: DESCRIPTION OF THE PLAN**

The following description of the Complex Chemical Co., Inc. 401(K) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

***General***

The Plan is a participant directed, defined contribution plan covering all employees of Complex Chemical Co., Inc. (the “Company”), who have attained the age of 21 and completed 2 consecutive months of employment or one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions***

Participants may make contributions to the Plan in the form of salary reductions subject to a maximum dollar limitation as determined by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan. The discretionary profit sharing contribution is determined by the employer with respect to each Plan year. The discretionary contribution is contributed to each eligible participant in accordance with the nondiscriminatory formula determined by the employer. Employer discretionary profit sharing contributions of \$50,000 were made in the years ended December 31, 2016 and 2015.

***Participant Accounts***

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

***Vesting***

Participants are immediately vested in their salary reduction contributions and are vested in employer discretionary profit sharing contributions after three years of service.

***Forfeitures***

Forfeitures are applied to pay administrative expenses. During 2016 and 2015, there were forfeitures of approximately \$277 and \$3,800, respectively.

**NOTE 1: DESCRIPTION OF THE PLAN (Continued)**

***Notes Receivable from Participants***

The Plan allows participants to take out a loan not to exceed one half of the vested balance of the participant's account of \$50,000. The loans are secured by the balance in the participant's account. As of December 31, 2016, loans totaled \$80,425 with interest rates of 5.25%, and mature within 60 months. As of December 31, 2015, loans totaled \$60,356 with interest rates of 5.25%, and mature within 60 months. Principal and interest is paid ratably through payroll deductions.

***Payment of Benefits***

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period not to exceed the life expectancy of the participant or his or her designated beneficiary. All benefits are recorded when paid.

**NOTE 2: SUMMARY OF ACCOUNTING POLICIES**

***Basis of Presentation***

The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks and values in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

In connection with the preparation of the financial statements, management of the Plan evaluated subsequent events through October 13, 2017, which is the date the financial statements were available to be issued.

**NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)**

***Reclassifications***

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

***Valuation of Investments and Income Recognition***

The Plan's investments generally are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

***New Accounting Pronouncements***

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-07, Fair Value Measurement (Topic 820), which included new reporting and disclosure requirements for employee benefit plans. Under the newly adopted standards, the Plan no longer is required to classify the investments for which fair value is measured at net asset value or its equivalent within the fair value hierarchy. Additionally, the Plan's disclosures related to investments have now been changed to conform to the requirements of the new standard, which generally results in disclosures that are less complex. The plan adopted these standards as of December 31, 2016 and a retrospective approach has been taken to reflect these changes for December 31, 2015.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965), which included new reporting and disclosure requirements for employee benefit plans. Under the newly adopted standards, Plans are now required to report fully-benefit responsive investment contracts as contract value only, with no adjustment for estimated fair value.

**Notes to Financial Statements**

**NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)**

Additionally, now disclosures related to investments have now been changed to conform to the requirements of the new standard, which generally results in disclosures that are less complex. This new Standard has no effect on the Plan as there is no fully benefit responsive investments.

In January 2016, the FASB issued ASU 2016-01, *Financial Instruments - Recognition and Measurement of Financial Assets and Financial Liabilities*, which includes guidance to address certain aspects of recognition, measurement, presentation and disclosure of financial instruments. For employee benefit plans within the scope of Topics 960 through 965 on plan accounting, the amendments in this update are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. The Plan is currently evaluating the impact of this guidance on the Plan's net assets available for plan benefits, the changes in net assets available for plan benefits, and disclosures.

In February 2017, the FASB issued ASU 2017-06, *Plan Accounting - Defined Benefit Pension Plans, Defined Contribution Pension Plans, Health and Welfare Benefit Plans: Employee Benefit Plan Master Trust Reporting*, which includes guidance to require an employee benefit plan to report an interest in a master trust and the change in the value of that interest as separate line items on the statement of net assets available for plan benefits and the statement of changes in net assets available for benefits, respectively. The guidance also requires employee benefit plans to provide certain additional disclosures and to remove certain other disclosures from the footnotes to the financial statements. This guidance is effective for all employee benefit plans in fiscal years beginning after December 15, 2018. The adoption of this guidance is not expected to have a significant impact on the Plan's statement of net assets available for plan benefits, statement of changes in net assets available for plan benefits, or disclosures.

**NOTE 3: FAIR VALUE MEASUREMENTS (UNAUDITED)**

The Plan uses GAAP's three-level hierarchy for the recognition and disclosure of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

**NOTE 3: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)**

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

*Cash:* The carrying value approximates fair value.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- A. Investments, at fair value, and related income and expenses
- B. Information included in Note 3
- C. Notes receivable from participants

**NOTE 5: PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE 6: INCOME TAX STATUS**

The Plan is a prototype plan which meets the requirement of Section 401 of the Internal Revenue Service code and is exempt from taxation. The Plan administrator obtained a determination letter on November 30, 2011 for the prototype plan, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the prototype plan received the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken. Plan management believes the Plan is no longer subject to income tax examinations for tax returns filed for years prior to 2013.

**NOTE 7: PARTIES-IN-INTEREST TRANSACTIONS**

Certain expenses of the Plan, including legal and accounting fees, are paid by the Employer. In addition, certain services to the Plan by the Employer were performed at no charge.

**NOTE 8: PROHIBITED TRANSACTION**

During the year ended December 31, 2016, it was discovered that the Plan failed to remit employees contributions. The missed elective deferrals, including missed earnings, totaled \$1,283. In order to meet the applicable rules, it is required that the employer remit these contributions subsequent to year end, adjusted for missed earnings.
