1. Plan Description

The following description of the iGPS Logistics LLC 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

a) *General* – The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of iGPS Logistics LLC (the "Company") who have completed three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b) *Contributions* – Each year participants may contribute to the Plan subject to certain IRS limitations. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans.

The Company makes safe-harbor non-elective contributions to all eligible employees in an amount of 3% of compensation. The safe harbor contribution is immediately fully vested.

Additional employer match may be contributed at the discretion of the Company. No such contributions were made for the year ended December 31, 2016.

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Participants may change their investment options at any time online via the recordkeeper's website.

c) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses may be charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) *Vesting* – Participants are vested immediately in their voluntary contributions, including catch-up contributions, rollover contributions form other plans, and the Company's contributions, plus actual earnings thereon.

e) *Notes Receivable from Participants* – Under the terms of the Plan, participants may borrow a minimum of $1,000. The loans are secured by the balance in the participant's account and bear interest at a rate a rate of prime plus 2% above the prime rate. Principal and interest are paid ratably through payroll deductions.

f) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may elect to receive the vested accumulated value of their account in a lump sum distribution payment.

g) *Forfeited Accounts* – Forfeitures of nonvested balances may be used to reduce employer contributions. At December 31, 2016 and 2015 the balance in the forfeiture account was $0.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction

between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain administrative costs of the Plan are paid directly by the Company.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2016 through September 19, 2017 the date the financial statements were available to be issued.

4. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental material was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian.

December 31,	***2016***	*2015*
Investments, at fair value:		
Cash	**$ 77,834**	$ 67,221
Mutual funds	**2,709,649**	2,249,902
Receivables:		
Notes receivable from participants	**62,893**	60,887

Year ended December 31,	***2016***
Investment income:	
Net appreciation in fair value of investments	**135,192**
Interest and dividends	**112,723**
Interest – notes receivable from participants	**3,517**

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan consists of mutual funds, which are valued at the net asset value (NAV) of shares held by the Plan at year end.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's mutual funds are publicly traded and included in Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	Investment Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Cash	$ 77,834	–	–	$ 77,834
Mutual funds	2,709,649	–	–	2,709,649
	$2,787,483	–	–	$2,787,483

	Investment Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Cash	$ 67,221	–	–	$ 67,221
Mutual funds	2,249,902	–	–	2,249,902
	$2,317,123	–	–	$2,317,123

6. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Related Party Transactions

ePlan Services, Inc. and ePlan Advisors LLC are the recordkeeper and investment advisor of the Plan and qualify as parties-in-interest. In 2016 and 2015, the Plan paid $12,919 and $13,184, respectively, to ePlan Services, Inc. and ePlan Advisors LLC for recordkeeping and investment advisory services. Recordkeeping fees include fees deducted from participant accounts for distribution and loan transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the volume submitter profit sharing plan with CODA is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

The following description of the iGPS Logistics LLC 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

a) *General* – The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of iGPS Logistics LLC (the "Company") who have completed three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b) *Contributions* – Each year participants may contribute to the Plan subject to certain IRS limitations. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans.

The Company makes safe-harbor non-elective contributions to all eligible employees in an amount of 3% of compensation. The safe harbor contribution is immediately fully vested.

Additional employer match may be contributed at the discretion of the Company. No such contributions were made for the year ended December 31, 2016.

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Participants may change their investment options at any time online via the recordkeeper's website.

c) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses may be charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) *Vesting* – Participants are vested immediately in their voluntary contributions, including catch-up contributions, rollover contributions form other plans, and the Company's contributions, plus actual earnings thereon.

e) *Notes Receivable from Participants* – Under the terms of the Plan, participants may borrow a minimum of $1,000. The loans are secured by the balance in the participant's account and bear interest at a rate a rate of prime plus 2% above the prime rate. Principal and interest are paid ratably through payroll deductions.

f) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may elect to receive the vested accumulated value of their account in a lump sum distribution payment.

g) *Forfeited Accounts* – Forfeitures of nonvested balances may be used to reduce employer contributions. At December 31, 2016 and 2015 the balance in the forfeiture account was $0.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction

between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain administrative costs of the Plan are paid directly by the Company.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2016 through September 19, 2017 the date the financial statements were available to be issued.

4. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental material was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian.

December 31,	***2016***	*2015*
Investments, at fair value:		
Cash	**$ 77,834**	$ 67,221
Mutual funds	**2,709,649**	2,249,902
Receivables:		
Notes receivable from participants	**62,893**	60,887

Year ended December 31,	***2016***
Investment income:	
Net appreciation in fair value of investments	**135,192**
Interest and dividends	**112,723**
Interest – notes receivable from participants	**3,517**

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan consists of mutual funds, which are valued at the net asset value (NAV) of shares held by the Plan at year end.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's mutual funds are publicly traded and included in Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	Investment Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Cash	$ 77,834	–	–	$ 77,834
Mutual funds	2,709,649	–	–	2,709,649
	$2,787,483	–	–	$2,787,483

	Investment Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Cash	$ 67,221	–	–	$ 67,221
Mutual funds	2,249,902	–	–	2,249,902
	$2,317,123	–	–	$2,317,123

6. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Related Party Transactions

ePlan Services, Inc. and ePlan Advisors LLC are the recordkeeper and investment advisor of the Plan and qualify as parties-in-interest. In 2016 and 2015, the Plan paid $12,919 and $13,184, respectively, to ePlan Services, Inc. and ePlan Advisors LLC for recordkeeping and investment advisory services. Recordkeeping fees include fees deducted from participant accounts for distribution and loan transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the volume submitter profit sharing plan with CODA is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.
