We were engaged to audit the accompanying financial statements of EP 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the current trustee of the Plan, and Great-West Trust Company, LLC, the former trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees held the Plan's assets and executed transactions. The Plan Administrator has obtained a certification from the current trustee as of December 31, 2016 and for the period from December 1, 2016 to December 31, 2016, and the former trustee from January 1, 2016 to November 30, 2016, and as of December 31, 2015, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Note 1—Description of the plan

The following description of the EP 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all salaried employees of EP Management Corporation (fka EaglePicher Corporation) and its subsidiaries (the “Company”) are eligible to participate in the Plan upon hire.

Contributions

Participants may elect to contribute up to 100% of their base compensation, or the maximum dollar amount allowed by law, as a pre-tax deferral. The Company makes a safe harbor contribution equal to 100% of the first 3% and 50% of the next 2% of participant pre-tax deferral contributions. The Company may also make a discretionary profit sharing contribution allocated pro rata based on eligible participant compensation. The Company did not make a discretionary profit sharing contribution to the Plan in 2016.

The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Current participants who are deferring less than the automatically enrolled 2% will have their deferral rate increased to 2%.

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contributions.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution, (b) Company discretionary contributions, and (c) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in pre-tax deferral and rollover contributions plus actual earnings (losses) thereon. Participants become vested in the Company’s contributions plus actual earnings (losses) thereon upon being credited with three years of vested service.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 1–Description of the plan–continued

Notes receivable from participants

Participants may borrow against their vested account balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Only one outstanding note receivable is permitted at any time. Notes are secured by the vested balance in the participant's account and bear interest at rates of prime plus 2 percentage points. The term of any note shall not exceed five years, except in the case of a note used to acquire any dwelling to be used as a primary residence, which may have a term up to fifteen years.

Payment of benefits

On termination of service due to death, permanent disability, financial hardship, retirement or upon attainment of age 59 ½, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a fifteen year period. If the vested amount of the participant's account is \$1,000 or less, it will be paid out automatically in one lump-sum payment. Distributions must commence by March 31 of the calendar year following the calendar year the participant reaches age 70½ and has separated from service.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are used to reduce the Company's matching contributions or pay Plan expenses for the year. At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$26,281 and \$136, respectively.

Administrative expenses

The Plan's administrative costs are paid by either the Plan or the Company as provided by the Plan document.

Note 2–Significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred. Benefit payments are recorded when distributed by the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED

Note 2—Significant accounting policies—continued

Investment valuation and income recognition

As described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic, Plan Accounting – Defined Contribution Pension Plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive guaranteed interest account (GIA) called the Mass Mutual Fixed Interest Fund as of December 31, 2016. The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contracts. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Subsequent events

The Plan has evaluated all subsequent events through October 12, 2017, the date that the financial statements were available to be issued.

Reclassification

Certain 2015 amounts have been reclassified for comparative purposes to conform to the presentation of the 2016 financial statements. These reclassifications have no effect on the previously reported net assets available for benefits.

Recently issued accounting pronouncements

In May 2015, the FASB issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent) (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 should be applied retrospectively to all periods presented and is effective for annual periods beginning after December 15, 2016 with early adoption permitted. The Plan has elected to early adopt the new guidance applicable to the Plan for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

Note 2—Significant accounting policies—continued

Recently issued accounting pronouncements—continued

In July 2015, FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan adopted the applicable provisions of ASU 2015-12 in the December 31, 2016 plan year. The adoption of ASU 2015-12 resulted in the reclassification of \$2,910 related to the adjustment from fair value to contract value for fully benefit-responsive investment contracts to common collective trust fund within the statement of net assets available for benefits as of December 31, 2015.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2015 and 2015, net appreciation (or depreciation) of investments, interest, dividends, and investment expenses for 2015, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the current trustee, as of December 31, 2016 and for the period from December 1, 2016 through December 31, 2016 and Great-West Trust Company, LLC, the former trustee, for the period from January 1, 2016 through November 30, 2016 and as of December 31, 2015. Such information has not been examined by the independent auditors.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 4–Fair value measurements–continued

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2016.

Mutual Funds – valued at quoted market prices.

Self-Directed Brokerage Accounts – Included within the self-directed brokerage accounts are cash and cash equivalents, common stocks, mutual funds, and unit investment trusts. Common stocks, mutual funds, and unit investment trusts are valued at the closing price reported on the active market on which the individual investments are traded.

Common/Collective Trust Fund – valued at the net asset value of units of a bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported Net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 4–Fair value measurements–continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

Description	Total	Fair Value Measurements at December 31, 2016 Using		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)
Mutual funds	\$ 28,153,203	\$ 28,153,203	\$ 0	\$ 0
Self-directed brokerage accounts	1,011,458		1,011,458	
Total investments in the fair value hierarchy	<u>\$ 29,164,661</u>	<u>\$ 28,153,203</u>	<u>\$ 1,011,458</u>	<u>\$ 0</u>
Description	Total	Fair Value Measurements at December 31, 2015 Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 35,434,051	\$ 35,434,051	\$ 0	\$ 0
Self-directed brokerage accounts	906,138		906,138	
Total investments in the fair value hierarchy	36,376,419	<u>\$ 35,434,051</u>	<u>\$ 906,138</u>	<u>\$ 0</u>
Investments measured at net asset value ^(a) _(b)	<u>7,270,058</u>			
Total	<u>\$ 37,561,063</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(b) In accordance with ASU 2015-12, indirect holdings, which were reported as a common/collective trust fund in the prior year, are no longer presented as Level 2 but included in the Investments measured at the net asset value. The 2015 schedule has been reclassified to reflect such change.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 4–Fair value measurements–continued

The common/collective trust fund has a daily redemption frequency. The fair value of the common/collective trust fund's fair value is \$7,270,058 at December 31, 2014.

Under the terms of a trust agreement between the Trustee and the Company, the Trustee invests all contributions to the Plan in various fund options as directed by the individual participants.

Note 5–Fully benefit-responsive investment contracts

The Plan includes an account called the Mass Mutual Fixed Interest Fund, which is a GIC, as an investment option available to participants. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses.

Investments of the Mass Mutual Fixed Interest Fund may periodically include GICs, typically issued by insurance companies and which provide for guarantees of interest and repayment of principal. An issuer of a GIC is contractually obligated to repay the principal and a specified interest rate or interest rate index that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed and may be reset on a monthly basis.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

GICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. If an event of default occurs and is not cured, the nondefaulting party may terminate the contract. The following may cause the Plan to be in default:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the plan agreement

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 5–Fully benefit-responsive investment contracts - continued

The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan was unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value.

The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default, the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by the Trust upon election and notice. In certain limited circumstances, contract termination by the issuer may also occur but with the Trust retaining the right to require that the contract will remain in force under original terms over a period of time as underlying assets mature and are repaid.

Note 6–Plan terminations

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7–Related party transactions and party in interest transactions

Certain Plan investments are managed by the trustee, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. There have been no known prohibited transactions with a party in interest.

Note 8–Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds, common/collective trust funds, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

EP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 9–Income tax status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10–Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
