Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FC Dallas Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the trustee, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Principal Trust Company holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

FC Dallas Retirement Plan
Notes to Financial Statements
December 31, 2016

Note 1 – Description of Plan

The following description of FC Dallas Retirement Plan 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Adoption Agreement or Plan Document for a more complete description of the Plan's provisions.

General

FC Dallas Soccer, LLC (the Company) established the FC Dallas Retirement Plan effective January 1, 2016 as a defined contribution plan under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Company previously participated in a retirement plan sponsored by Hunt Midwest Enterprises, Inc. but entered into spinoff and asset transfer agreements effective December 31, 2015 to transfer all participant accounts to FC Dallas Retirement Plan.

Employees who have attained age of 21 are eligible to participate in the Plan except for the following:

- Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining
- Certain nonresident aliens who have no earned income from sources within the United States
- Part-time, temporary or seasonal employee whose regularly scheduled service is less than 1,000 hours of service in the relevant eligibility computation period. However, if any such excluded employee actually completes a year of service, then such employee will no longer be part of this excluded class.

Upon satisfying the eligibility requirements, the employee may participate in the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date they satisfy the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as well as certain provisions of the federal income tax laws.

Contributions

The Plan has an automatic enrollment provision (6% salary deferral with annual increases on the first of the year of 1% until reaching a maximum of 10%) whereby employees must elect out of the Plan if they do not wish to participate. Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as either a pre-tax deferral or Roth deferral up to the maximum allowed by law. Participants direct the investment of their contributions into various investment options offered by the Plan. Eligible employees may elect to contribute up to 90% of eligible compensation into the Plan subject to certain limitations as established by the Internal Revenue Code.

Note 1 – Description of Plan (Continued)

Contributions (Continued)

At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain IRAs. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC.

The Company may make discretionary profit sharing and matching contributions equal to a uniform percentage or dollar amount of the participants' elective deferrals each Plan year. Participants must complete 1,000 hours and be employed on the last day of the Plan year to be eligible to receive discretionary profit sharing and matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of the Company's discretionary matching and profit sharing, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on either the size of the participant's account balance or equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company discretionary matching and profit sharing contributions is based on vesting periods of service. Participants are credited with a period of service for each Plan year in which they are credited with 1,000 hours of service. Participants are vested in Company matching and profit sharing contributions based on the following schedule:

Periods of Service	Percentage Vested
Less than 3	0%
3	100%

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At any time when accounts are forfeited, these accounts may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the plan. At December 31, 2016, forfeited non-vested accounts totaled $0. For the year ended December 31, 2016, the plan utilized $5,595 of forfeitures to pay plan expenses.

Note 1 – Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balances in the participant's account and bear interest at 2% above the prime rate. A participant may have one loan outstanding at any one time. Principal and interest on notes receivable from participants are repaid through payroll deductions and generally repaid within five years, or thirty years for loans used for the purchase of a primary residence.

Benefits Paid to Participants

Participants are entitled to receive an in-service distribution as either a lump-sum equal to the value of the participant's vested interest in their account balance or a payment in the form of a joint account and survivor annuity commencing upon the participant's attainment of the Normal Retirement Age; however, this distribution is not in addition to the participant's other benefits and will therefore reduce the value of the benefits received at retirement.

Participants may elect to receive a distribution from certain accounts prior to termination of employment provided they have attained the age of 59 ½, incurred a financial hardship, or incurred a disability. Additionally, a participant may take a distribution from their rollover account at any time. On termination of service, death, disability, or retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of death before retirement while working for the Company, the participant's account balance is paid to the selected beneficiary.

The Plan requires a distribution in the form of a single lump-sum cash payment for any distribution of an account balance that does not exceed $5,000. Distributions to participants with account balances in excess of $5,000 require consent and an election between a single lump-sum payment or partial withdrawals.

Plan Expenses

Certain administrative expenses are paid by the Plan as described in the Plan document and service agreements. The remaining expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Note 1 – Description of Plan (Continued)

Termination of the Plan

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

Preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common collective trusts and pooled separate accounts are valued at the net asset value of the underlying assets. Units held in guaranteed investment contracts are measured at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transaction under the terms of the Plan. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan recognizes interest income from the notes receivable as earned.

Note 2 – Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through October 13, 2017, the date of the report of these financial statements, which is also the date the financial statements were available to be issued. With the exception of those matters discussed in Note 6, there were no material subsequent events that require recognition or additional disclosure in these financial statements.

Note 3 – Information Certified by Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investments certified by the Trustee, which included total investments as of December 31, 2016, and the total investment income for the year ended December 31, 2016, and all information included in the supplemental schedule Form 5500, Schedule H, line 4i – Schedule of Assets Held for Investment Purposes at End of Year.

The following investment information was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Principal Trust Company, the trustee, as of and for the year ended December 31, 2016:

	2016
Investment values certified by the trustee	$ 4,147,564

	Year ended December 31, 2016
Investment income certified by the trustee:	
Net appreciation (depreciation) in fair value of investments	$ 522,053
Dividends	$ 181

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 provides a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. FASB ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

Note 4 – Fair Value Measurements (Continued)

Fair value accounting guidance requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the observability of the inputs employed in the measurement. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are observable inputs other than quoted prices included within Level 1 for the asset or liability, either directly or indirectly through market-corroborated inputs. Level 3 inputs are unobservable inputs for the asset or liability reflecting our assumptions about pricing by market participants.

There are three general valuation techniques that may be used to measure fair value, as described below:

A) Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;

B) Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

C) Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices and are classified within Level 1 of the hierarchy.

Common Collective Trusts

Common Collective Trusts are valued using the net asset value (NAV) practical expedient for units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund.

Pooled Separate Accounts

Pooled Separate Accounts are valued using the net asset value (NAV) practical expedient for units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund.

Note 4 – Fair Value Measurements (Continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the FASB ASC 820-10 fair value hierarchy levels:

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 74,130	$ -	$ -	$ 74,130
	$ 74,130	$ -	$ -	74,130
Assets measured at net asset value as practical expedient				4,062,392
			Investments at fair value	$ 4,136,522

	Fair Value	**Unfunded Commitment**	**Redemption Frequency**	**Redemption Notice Period**
Common Collective Trusts	$ 3,665,616	$ -	Monthly	N/A
Pooled Separate Accounts	396,776	-	Daily	N/A
Total	$ 4,062,392	$ -		

Gains and losses, realized and unrealized, for the year ending December 31, 2016 are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan's investment in the Principal Fixed Income Guaranteed Option is a guaranteed general-account backed group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	2016
Insurance general account	$ 11,042
Total Fully Benefit-Responsive Investment Contracts	$ 11,042

Note 5 – Fully Benefit-Responsive Investment Contract

The guaranteed investment contract held by the Plan guarantees principal and provides a stated crediting rate backed by Principal Trust Company. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting rate is reviewed on a semiannual basis for resetting. An employer-level liquidation or employer initiated transfer of the plan's interest in the Principal Fixed Income Guaranteed Option will be subject to either a 12-month advance notice or a 5% surrender charge, whichever the employer chooses. Notification of a plan's intent to terminate its interest may be revoked within 90 days.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Note 6 – Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. Due to issues instituting new processes for submission, contributions throughout 2016 were not remitted timely. Total contributions for the affected pay periods were $471,324, of which $457,604 represents employee salary deferrals and $13,720 represents loan repayments. These contributions are considered prohibited transactions. The Company's Third Party Administrator is in the process of determining the proper allocation of lost earnings related to this prohibited transaction, and the Company will make an estimated contribution of $889 to compensate the Plan for these lost investment earnings upon completion of the allocation assessment.

Note 7 – Transactions with Parties-in-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted with the Trustee, the Third Party Administrator (TPA), and the Company qualify as party-in-interest transactions.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor of the prototype plan by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan was drafted as a Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement Plan (CODA). The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2016**:**

	2016
Net assets available for benefits per the financial statements	$ 4,569,524
Less: Contributions receivable included in the financial statements	(374,314)
Net assets available for benefits per Schedule H of Form 5500	$ 4,195,210

The following is a reconciliation of contributions between the financial statements and Form 5500 as of December 31, 2016:

	2016
Contributions per the financial statements	$ 856,207
Less: Participant contribution receivables, end of year	(15,212)
Less: Employer contribution receivables, end of year	(359,102)
Total contributions per Form 5500	$ 481,893
