Note 1 - Description of the Plan

The following brief description of the Daily Gazette Company 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan was established August 19, 1992, and is sponsored by the Daily Gazette Company (Company). The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan's Board of Directors is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held by Capital Bank and Trust Company and Charles Schwab Institutional Services, Custodians of the Plan. Certain Plan administrative functions are performed by Milliman, the third-party Plan Administrator.

b. Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral was $18,000 for both years ended December 31, 2016 and 2015. Participants age 50 and over are also permitted to make additional "catch-up" contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Company matching contributions are at the discretion of the Company's Board of Directors. The Company may make a discretionary matching contribution of the participant's elective deferral to the extent the deferral does not exceed specified percentages, based on years of service. The Company did not make a discretionary matching contribution during the year ended December 31, 2016. For the year ended December 31, 2015, the Company matched 100% of deferrals up to the percentage of compensation as follows:

Years of Service Completed	Matching Contribution Percentage
9 or less	0.50%
10-14	0.75%
15-19	1.00%
20 plus	1.25%

The Company's discretionary matching contribution was $25,239 for the year ended December 31, 2015.

Note 1 - Description of the Plan - Continued

b. Contributions - Continued

Company profit sharing contributions are at the discretion of the Company's Board of Directors. The Company may make a discretionary profit sharing contribution based on the compensation of participants eligible to receive the profit sharing contribution. The Company did not elect to make discretionary profit sharing contributions for the years ended December 31, 2016 and 2015.

Effective January 18, 2016, union participants whose employment in the Company is covered by a collective bargaining agreement are eligible to receive an employer contribution equal to $3.95 per shift. Employer contributions related to this collective bargaining agreement totaled $6,914 for the year ended December 31, 2016.

Participants direct their elective deferral amounts and Company contributions into various investment options offered by the Plan.

c. Plan Eligibility

Employees are eligible to participate in the Plan after completing three consecutive months of service from the date of employment and attaining the age of 21. Employees can participate in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. However, to be eligible to receive profit sharing contributions, employees must have one year of service, 1,000 hours of service in the Plan year, and be employed on the last day of the Plan year. To be eligible to receive matching contributions, employees must have one year of service and be employed on the last day of the Plan year.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, allocations of the Company's discretionary profit sharing contributions, Company contributions pursuant to collective bargaining agreements, and Plan earnings. Participant accounts are charged with an allocation of administrative and investment expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are 100% vested immediately in their elective deferral amounts, Company contributions pursuant to collective bargaining agreements, and rollover contributions, plus actual earnings thereon.

Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested upon: (1) disability; (2) death; (3) attaining normal retirement at age 65; or (4) termination of the Plan. If a participant's employment with the Company is terminated before age 65 for any reason other than disability or death, the participant shall be entitled to an amount equal to the "vested percentage" of his or her account balance. A participant shall have a vested and nonforfeitable interest in the employer's discretionary matching and profit sharing contribution portion of his or her account balance determined by the number of years of credited service as follows:

Note 1 - Description of the Plan - Continued

e. Vesting - Continued

Years of Credited Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

f. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance, whichever is less. This amount is further limited by the total balance outstanding on notes receivable previously issued under all plans offered by the Company.

Participant notes are secured by the balance in the participant's account. Interest is charged at a rate equal to 2 percentage points above the prime rate. Principal and interest are paid ratably through regular payroll deductions.

g. Payment of Benefits

On termination of service due to disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or defer distribution until a later date. Upon termination of service due to death, beneficiaries will receive a lump-sum payment. If the vested portion of a participant's account balance is $1,000 or less, this amount will be paid without participant or beneficiary consent as a lump-sum distribution as soon as possible following termination, retirement, disability, or death. If the vested portion of a participant's account balance is greater than $1,000, this amount will be paid to the participant or beneficiary as soon as it is administratively feasible with participant or beneficiary consent.

A participant who is still active may take a financial hardship distribution, subject to the provisions of the Plan. In-service distributions may also be made to participants who have attained age 59½, subject to the provisions of the Plan.

h. Forfeited Accounts

At both December 31, 2016 and 2015, forfeited nonvested accounts totaled $3,339. These accounts will be used to reduce future employer contributions or pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting and Financial Statement Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

e. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

f. Payment of Benefits

Benefits are recorded when paid.

g. Expenses

Certain administrative expenses of the Plan, including custodial, third-party administration fees, professional fees for audit services, and bond costs are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 - Information Certified and Provided By Plan Trustee (Unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Net appreciation (depreciation) in fair value of investments	230,416	(219,962)
Interest and dividends	223,937	294,621
Interest income on notes receivable from participants	3,110	2,961

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The following three levels of inputs may be used to measure fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Investments and Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts consist of cash, held for investment, mutual funds, and common stock. Mutual funds are valued as described above. Common stock is value on the basis of readily determinable market prices.

Short-Term Investments: Consist of money market funds that are valued at cost, which approximates fair value.

The following tables set forth by level within the fair value hierarchy, the Plan's assets measured at fair value:

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Company paid expenses in connection with the administration of the Plan totaling $22,530 and $19,721 for the years ended December 31, 2016 and 2015, respectively.

Certain administrative functions are performed by employees of the Company who do not receive compensation for such functions.

Certain Plan investments are managed by Capital Bank and Trust Company and Charles Schwab Institutional Services, Custodians of the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The IRS has determined and informed the Plan by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more-likely-than-not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
