Wolters Kluwer 401(k) Plan (f/k/a Profit Sharing Plan of Wolters Kluwer)
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Wolters Kluwer 401(k) Plan (f/k/a Profit Sharing Plan of Wolters Kluwer) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan that covers substantially all employees of Wolters Kluwer United States Inc. (the Employer) and its affiliates. The Retirement Committee of the Employer controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's name changed from Profit Sharing Plan of Wolters Kluwer to Wolters Kluwer 401(k) effective January 1, 2017, and approved as of December 15, 2016.

Full-time employees are eligible to participate in the Plan on their date of hire. Part-time employees become eligible to participate in the Plan upon completion of one year of service in which they are credited with 1,000 or more hours of service.

Contributions

Each year, participants may contribute, on a pretax basis, a designated whole percentage between 1% and 50% of their base annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants over age 50 are able to contribute catch-up contributions of an additional 25% of base compensation to the Plan, subject to certain IRC limitations. Participants are automatically enrolled at 3%. Employer contributions are not required by the Plan. Participating affiliates may contribute at the discretion of each of the participating corporation's board of directors. Each participating affiliated corporation contributed 4% of the aggregate base compensation (overtime and bonus amounts not included) of all of its employees who were participants in the Plan during 2016 and 3.5% in 2015. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of Employer discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their account balance and future contributions and Employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and collective trusts and one common stock as investment options for participants.

Wolters Kluwer 401(k) Plan (f/k/a Profit Sharing Plan of Wolters Kluwer)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Vesting

All participants are vested immediately in their contributions. Participants with a hire date before January 1, 2016, are vested in employer contributions. Participants with a hire date on or after January 1, 2016, will vest in employer contributions after three years.

Forfeitures

Any forfeited participant amounts are used to reduce future employer discretionary contributions or for reasonable expenses of the Plan. At December 31, 2016 and 2015, forfeited accounts totaled \$853,569 and \$661,449, respectively. Wolters Kluwer did not use forfeitures in the current year.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of the loan, generally 1% above prime. Principal and interest are paid ratably through payroll deductions. Participants may have only two loans outstanding from the Plan at any time.

Benefit Payments

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a terminated employee eligible for a distribution does not complete an election form, the Plan allows for automatic distribution of accounts up to \$5,000.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Wolters Kluwer 401(k) Plan (f/k/a Profit Sharing Plan of Wolters Kluwer)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan sponsor as provided in the Plan document. As of December 31, 2016 and 2015, the Plan held \$752,620 and \$1,184,544, respectively in an unallocated account from which Plan expenses can be paid. The Plan has entered into a revenue-sharing agreement with Fidelity whereby Fidelity agrees to pay a portion of the Plan's management fees to help offset administrative expenses. To the extent the offsets exceed the record-keeping fee due to the trustee, the resulting amount (a revenue credit) will be provided to the Plan and is included as other income on the accompanying statement of changes in net assets available for benefits.

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2016 and 2015.

NOTE C - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels as follows:

Wolters Kluwer 401(k) Plan (f/k/a Profit Sharing Plan of Wolters Kluwer)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Employer has the ability to access.

Level 2 - Inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 - Inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Employer's own data.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds - Valued at the quoted NAV of shares held by the Plan at year-end.

Common stock - Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trusts - Valued at the NAV of shares held by the Plan at year-end based on information reported by the trustee. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Wolters Kluwer 401(k) Plan (f/k/a Profit Sharing Plan of Wolters Kluwer)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Collective trusts (investments measured at NAV)				<u>813,704,613</u>
Total investments at fair value				<u>\$985,546,037</u>

The collective trust funds do not have a readily determinable fair value and are valued at their December 31, 2016 and 2015, NAV per share as provided by the funds' administrators. The collective trusts have various redemption requirements. If the Plan were to initiate a full redemption of The Vanguard Group funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to 120 days. For the Contrafund® Class K fund or the Diversified International Fund Class K, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to 90 days for a full redemption. Were the Plan to initiate a full redemption of the Managed Income Portfolio II Class 2 Fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to 12 months to ensure that securities liquidations will be carried out in an orderly fashion. Redemption from the U.S. Equity Index Pool is permitted daily.

NOTE D - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and collective trusts managed by Fidelity Investments, an affiliate of Fidelity. Fidelity Investments is a related party of the trustee, as defined by the Plan, and, therefore,

Wolters Kluwer 401(k) Plan (f/k/a Profit Sharing Plan of Wolters Kluwer)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE E - PLAN TERMINATION

Although they have not expressed any intent to do so, the participating corporations have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated July 6, 2017, that the Plan was designed in accordance with applicable IRC requirements. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

NOTE G - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE H - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2016, financial statements for subsequent events through October 12, 2017, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
