INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Optimal GEO 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Optimal GEO 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust Company (State Street), the Trustee of the Plan, and TD Ameritrade Trust Company (TD Ameritrade), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that State Street held the Plan's investment assets and executed investment transactions from January 1, 2016 to June 15, 2016, and that TD Ameritrade held the Plan's investment assets and executed investment transactions from June 16, 2016 to December 31, 2016. The Plan Administrator has obtained a certification from the Trustee and

Custodian as of and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the Trustee and Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2016 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank & Trust Company, the trustee of the Plan. Their report, dated October 11, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules as of and for the year ended December 31, 2016, other than that derived from the information certified by the Trustee and Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sincerely,

CERTIFIED PUBLIC ACCOUNTANTS

**OPTIMAL GEO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015**

Note 1 - Description of Plan

The following description of the Optimal GEO 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Optimal GEO, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee is responsible for oversight of the Plan.

On June 15, 2016, the plan formerly known as the Magnolia River 401(k) Plan, effective January 1, 2006, was amended and restated as the Optimal GEO 401(k) Plan. On this same date, the accounts of all the remaining Magnolia River Services, Inc. employees were transferred out of the Optimal GEO 401(k) Plan to the new Magnolia River 401(k) Plan.

Eligibility

Participation in the Plan is available to all eligible employees of the Company who have completed two months of service and attained 21 years of age, excluding union employees and non-resident alien employees.

Contributions

Participant Salary Deferral - Each year, participants may contribute between 1% and 50% of pretax annual compensation, as defined by the Plan, up to maximum amounts established by the Internal Revenue Service (IRS). Participants 50 years old or older during the Plan year are eligible to make catch-up contributions, up to maximum amounts established by the IRS. The Plan includes an automatic salary deferral feature. Accordingly, unless a participant makes an alternative salary deferral election, the employer will automatically withhold 6% of the participant's compensation from the participant's pay each payroll period and contribute that amount to the Plan as a salary deferral.

Participant Rollovers - Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Safe Harbor Match - The Company contributes to the Plan an amount equal to the sum of 100% of the amount of each participant's elective deferrals up to 3% of the participant's compensation plus 50% of the participant's elective deferrals that exceed 3% of the participant's compensation up to 5% of the participant's compensation. The Company made employer safe harbor contributions of \$264,035 for the period ended December 31, 2016.

Employer Profit Sharing - The employer may also elect to make a discretionary profit sharing contribution based on eligible compensation. The Company did not make a profit sharing contribution for the period ended December 31, 2016.

Investment Options

Participants direct the investment of their contributions, as well as Company contributions, into various investment options offered by the Plan. As of December 31, 2016, the Plan offered shares of registered investment companies which invest in various combinations of stocks, bonds, and other investment securities.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's safe harbor contributions, plus actual earnings thereon over a graded two year period as described in the Plan document. Participants vest in the Company's profit sharing contributions, plus actual earnings thereon over a graded three year period as described in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus 2%, which is commensurate with local prevailing rates as determined by the Plan Administrator, as defined by the Plan. A loan is considered in default if the missed loan payment is not remitted by the last day of the calendar quarter following the calendar quarter in which the required payment was due but not made. Principal and interest are paid ratably through payroll deductions. Loan terms may not be greater than five years unless the loan is used for purchase of primary residence. The maximum number of loans a participant may have outstanding at any time is one.

Effective June 15, 2016, the minimum loan amount changed to \$1,000 and the loans bear an interest rate at the Prime Rate plus 1%.

Payment of Benefits

Benefits commence upon one of several dates: retirement, disability, death, or termination of employment. Benefits are distributed by means of either direct rollover or lump sum distribution. Withdrawals for financial hardship are permitted provided they meet regulations prescribed by the Internal Revenue Service and are for a severe and immediate financial need. The participant must have exhausted all other assets reasonably available, including obtaining a loan from the Plan, prior to obtaining the hardship withdrawal. Hardship withdrawals are permitted from the participant's deferral, rollover, and employer profit sharing accounts. Participants who have attained age 59 ½ are eligible for in-services distributions.

Forfeited Accounts

Any forfeitures can be applied to administrative expenses or used to reduce future employer contributions. As of December 31, 2016 and 2015, forfeited nonvested accounts totaled \$2,567 and \$497, respectively. The amount of forfeitures used to reduce employer contributions was \$526 for the year ended December 31, 2016.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make loan repayments and the Plan Administrator considers the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses related to the administration of the Plan are allocated to the participant's account, in accordance with the Plan Document, and are included in administrative expenses. Fees related to the administration of notes receivable from participants and payment of benefits to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassifications

Certain accounts in the prior year have been reclassified for comparative purposes to conform with presentation in the current year. Net assets available for benefits is unchanged due to these reclassifications.

Date of Management's Review

Management has evaluated subsequent events through October 13, 2017 the date which the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by the Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, included in the Plan's financial statements and supplemental schedules, that were prepared by or derived from information provided by the Trustee and Custodian and furnished to the Plan Administrator:

	<u>2016</u>	<u>2015</u>
Interest-bearing cash	\$ 2,569	\$ -
Registered investment companies	1,743,633	3,637,994
Common collective trust	<u>-</u>	<u>73,024</u>
Total Investments	<u><u>1,746,202</u></u>	<u><u>3,711,018</u></u>

TD Ameritrade also certified to the completeness and accuracy of \$160,306 net appreciation in fair value of investments and \$29,012 of interest and dividends related to the aforementioned Plan assets from inception to December 31, 2016.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements - Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Shares of registered investment companies: Valued at fair value as determined by using commercial quotation services. Fair value includes reinvested dividend and interest income, received and accrued, realized gains and losses, and unrealized gains and losses of the underlying assets. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the net asset value of units of a bank collective trust at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	<u>Fair Value Measurements</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
<u>December 31, 2016</u>				
Interest bearing cash	\$ 2,569	\$ -	\$ -	\$ 2,569
Registered investment companies	<u>1,743,633</u>	<u>-</u>	<u>-</u>	<u>1,743,633</u>
Total Investments at Fair Value	<u>\$ 1,746,202</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,746,202</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
<u>December 31, 2015</u>				
Registered investment companies	<u>\$ 3,637,994</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,637,994</u>
Common collective trust - NAV				<u>73,024</u>
Total investments at fair value				<u>\$ 3,711,018</u>

Note 5 - Related-Party Transactions and Party in Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to service providers of \$4,661 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

OPTIMAL GEO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2016 AND 2015

Note 7 - Tax Status

The underlying volume submitter plan has received an advisory letter from the IRS dated March 31, 2014 stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Form 5500:

	<u>2016</u>	<u>2015</u>
Net assets available for benefits per the financial statements	\$ 1,802,976	\$ 3,795,827
Deemed loan distributions	<u>28,970</u>	<u>(33,534)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 1,831,946</u></u>	<u><u>\$ 3,762,293</u></u>

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2016 to Form 5500:

Net increase in net assets per the financial statements	\$ 975,816
Miscellaneous adjustment	7,306
