NOTE 1: DESCRIPTION OF PLAN

The following description of the Pursue Health LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan, which became effective on October 1, 2015, is a profit sharing plan covering substantially all employees of Pursue Health, LLC, and affiliated companies qualifying as members of a controlled group (collectively referred to as the Company). During 2016, there were ten affiliated companies participating in the Plan. Employees are eligible to participate having completed at least 3 months of service and are age 18 or older. Eligible participants may enter the Plan on the first day they become eligible. The Plan has an automatic enrollment feature with a 3 percent pretax deferral. If no investment fund election is made by the participant, the automatic contributions will be invested into the appropriate T. Rowe Price Retirement target date fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS AND FUNDING POLICY

Participants may contribute up to 100 percent of their pretax annual compensation, or after-tax Roth contributions, subject to IRS limitations, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may make a qualified-nonelective contribution to be allocated to participants. The contribution is determined at the discretion of the Company. There was no qualified-nonelective contribution for the year ended December 31, 2016.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and an allocation of the Plan's earnings and losses, including administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and any employer qualified-nonelective contributions. As such, all participants are 100% vested and there are no forfeitures.

NOTE 1: DESCRIPTION OF PLAN, Continued

INVESTMENT OPTIONS

Each participant directs contributions to his or her account among different investment options offered by the Plan. These investment options are comprised of pooled separate accounts and a stable value fund. Investment balance reallocations may be made at any time.

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2, or termination of service, due to death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account. Under certain circumstances, participants may make a financial hardship withdrawal.

If the participant's vested account balance does not exceed $1,000, the distribution will automatically be paid in a single lump-sum payment. If the participant's vested account balance exceeds $1,000 but is less than $5,000, the account will automatically be distributed from the plan. Participants can elect to receive the distribution in a single lump-sum payment or roll over the distribution to an individual retirement account (IRA) or another qualified plan. The Plan will automatically transfer a participant's vested account into an IRA if it is less than $5,000, and a timely participant election has not been obtained.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $1,000, and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through after-tax payroll deductions.

ADMINISTRATIVE EXPENSES

As permitted by the Plan document, certain expenses of maintaining the Plan are paid by the Plan and are charged to participants' accounts.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. The Trustees have adopted ASU 2015-12 Parts I and II for the year ended December 31, 2016.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

As of December 31, 2016 and 2015, the Plan's investments were held by the custodian, John Hancock Life Insurance Company (U.S.A). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments:	**2016**	2015
Pooled separate accounts at fair value	**$ 1,240,106**	$ 187,252
Stable value fund at contract value	**54,535**	10,214
Total investments	**$ 1,294,641**	$ 197,466
Notes receivable from participants	**$ 28,250**	$ -

Investment income:	**2016**
Net appreciation in fair value of investments	**$ 63,587**
Interest and dividend income	**297**
Total investment income	**$ 63,884**
Other income:	
Interest on notes receivable from participants	**$ 320**

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $63,587.

NOTE 4: GUARANTEED INVESTMENT CONTRACT

The Plan holds investments in guaranteed investment contracts through the John Hancock Stable Value Fund, which is a fully benefit-responsive stable value sub-account which invests in the John Hancock Stable Value Fund Collective Investment Trust. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investments in the John Hancock Stable Value Fund are $54,535 and $10,214 at December 31, 2016 and 2015, respectively, and are included in the statements of net assets available for benefits under "Investment at contract value".

NOTE 4: GUARANTEED INVESTMENT CONTRACT, Continued

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer. Such interest rates are periodically reviewed for resetting based on the yield of the underlying securities and changes based on the experience of the cash flow and market value of the underlying securities.

Certain events limit the Plan's ability to transact at contract value with John Hancock. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan's sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, are probable.

NOTE 5: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 5: FAIR VALUE MEASUREMENTS, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015:

Pooled Separate Accounts
Each pooled separate account invests solely in shares of mutual funds or exchange traded funds. The pooled separate accounts are valued daily based on quoted net asset values of the units held by the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemption by participants.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

December 31, 2016:

Description	Total December 31, 2016	Level 1	Level 2	Level 3
Pooled separate accounts	**$ 1,240,106**	**$ 1,240,106**	**$ -**	**$ -**
Total investments at fair value	**$ 1,240,106**	**$ 1,240,106**	**$ -**	**$ -**

December 31, 2015:

Description	Total December 31, 2015	Level 1	Level 2	Level 3
Pooled separate accounts	$ 187,252	$ 187,252	$ -	$ -
Total investments at fair value	$ 187,252	$ 187,252	$ -	$ -

NOTE 6: EXCESS CONTRIBUTIONS PAYABLE

For the year ended December 31, 2016, distribution payments of $7,668 were due to certain participants for refund of excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE 7: INCOME TAX STATUS

The Plan has adopted a Volume Submitter Profit Sharing Plan, in which the Internal Revenue Service has determined by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan is exempt from federal income taxes under Section 501(a) of the Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years before 2015.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts and a stable value fund that are managed by John Hancock Life Insurance Company (U.S.A). John Hancock Life Insurance Company (U.S.A) is the Plan's custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 12, 2017, the date that the financial statements were available to be issued. No events were noted that existed as of the financial statements' date or that arose subsequent to the financial statements' date.
