Independent Auditors' Report

To the Board of Trustees of
Greater Cleveland Moving Picture
Projector Operators' Pension Plan
Mentor, Ohio

We have audited the accompanying financial statements of the Greater Cleveland Moving Picture Projector Operators' Pension Plan (the "Plan"), which comprise the statements of net assets in liquidation available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets in liquidation available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in its net assets in liquidation available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Notes 1 and 3 to the financial statements, the Plan was terminated by mass withdrawal effective December 30, 2014. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis previously used in presenting the financial statements to the liquidation basis used in presenting the 2015 and 2014 financial statements. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2015 and the supplemental schedule of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

GREATER CLEVELAND MOVING PICTURE PROJECTOR OPERATORS'
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following brief description of the Greater Cleveland Moving Picture Projector Operators' Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was established on April 1, 1958 to provide retirement and other benefits for persons represented by the Greater Cleveland Moving Picture Projector Operators' Local #160 (the "Local Union") or those working in its jurisdiction. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is a multi-employer defined benefit plan covering employees covered under collective bargaining agreements of the Local Union.

Plan Termination

Effective December 30, 2014, the Plan was terminated under section 4041A(a)(2) of ERISA. Refer to Note 3 for additional information regarding the termination of the Plan.

Plan Benefits

The Plan provides for retirement benefits for the life of a vested participant beginning the first day of the month after the participant's 65th birthday. Prior to the termination of the Plan, participants acquired vested status after completion of five years of vesting service. Due to the termination of the Plan and the previous implementation of plan changes pursuant to the default schedule of the rehabilitation plan, early retirement benefits, lump sum death benefits, and disability pensions have been eliminated.

Death Benefits

If a retired participant dies, a surviving spouse will receive 50% of the participant's monthly benefit for the remainder of the surviving spouse's life, unless this benefit is rejected by the participant and spouse. If a participant dies before normal retirement, the surviving spouse will receive 50% of the benefit the member would have received. A participant who is eligible for the automatic 50% husband-and-wife pension may instead elect to receive a reduced monthly amount for life and a surviving spouse monthly benefit of 75% of the participant's adjusted monthly amount.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The accompanying financial statements are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America.
- B. New Accounting Pronouncement – In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

GREATER CLEVELAND MOVING PICTURE PROJECTOR OPERATORS'
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- C. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from those estimates.
- D. Cash – The Plan places its temporary cash with a national financial institution which, at times, may exceed federally insured amounts. The actual balance may exceed the reported balances due to outstanding checks.
- E. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.
- Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- F. Contributions – Contributions from employers were recognized when earned.
- G. Employer Withdrawal Liability Receivable – The Plan complies with the provisions of the Multiemployer Pension Plan Amendments Act of 1980 that require the imposition of withdrawal liability on a contributing employer that partially or totally withdraws from the Plan. When an employer withdraws from the Plan, it is assessed a withdrawal liability, calculated by the Plan's actuary using the presumptive method, for its allocable unfunded vested liability. The Plan recognizes a withdrawal liability receivable when the amount has been calculated and payments have begun. Refer to Note 4 for further details regarding the calculation of the amount that is receivable pursuant to the mass withdrawal and the corresponding allowance for uncollectible amounts.
- H. Fixed Assets – Office furniture and equipment is stated at cost. Depreciation is computed using the straight-line method over the assets' estimated useful lives and amounted to \$-0- and \$109 in 2015 and 2014, respectively. The net book value of fixed assets approximates the fair market value of fixed assets.
- I. Actuarial Present Value of Accumulated Plan Benefits – Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on the credited service as of the date the benefit information is presented (the valuation date). Benefits payable under all circumstances are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

GREATER CLEVELAND MOVING PICTURE PROJECTOR OPERATORS'
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

I. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The actuarial present value of accumulated plan benefits is determined by an actuary from The Segal Group and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The regulations of the Pension Benefit Guaranty Corporation (the "PBGC") prescribe specific actuarial assumptions for use by terminated plans. The actuarial present value of accumulated plan benefits as of January 1, 2015 is based on the preliminary results of the actuary's valuation and includes the PBGC's prescribed assumptions for use by terminated plans.

Significant assumptions used by the actuary in determining the actuarial present value of accumulated plan benefits as of January 1, 2015 and 2014 are as follows:

Mortality Rates

2015 As prescribed by PBGC regulations for terminating plans (Appendix A to Part 4044) for the applicable valuation date

2014 Healthy: 1994 Group Annuity Mortality Table - Static (Post-Retirement only)
Disabled: 1965 Railroad Retirement Board Disabled Life Mortality Table

The 1994 Group Annuity Mortality Table was determined to contain provisions (approximately 17% more deaths than expected over the last seven years) appropriate to reasonably reflect future mortality improvement experience as of the measurement date.

Retirement Age

2015 Participants currently eligible to begin receiving benefits but not yet in pay status are assumed to retire on the valuation date. Other participants not yet in pay status are assumed to retire at the earliest date that a benefit could be elected.

2014 The retirement age is 65, or earliest Normal Retirement Age, if later.

Net Investment Return

2015 As prescribed in PBGC regulations for terminating plans for the applicable valuation date:

First 20 years: 3.10%
After 20 years: 3.29%

2014 5.00%

2015 \$10,000 plus \$200 per participant, plus a percentage (defined by statute) of the excess of the value of benefits over \$200,000

2014 \$100,000, payable monthly

J. Payment of Benefits – Benefit payments to participants are recorded upon distribution. During 2015, the Plan began remitting monthly benefits on the preceding business day when the 1st of the month is a holiday or other non-business day. This resulted in thirteen months of benefits paid during 2015.

K. Subsequent Events – The Plan evaluated subsequent events through November 22, 2016, which is the date the financial statements were available to be issued.

L. Restatement – The financial statements of the Plan as of December 31, 2014 were previously prepared using the ongoing plan basis and have been restated using the liquidation basis in accordance with accounting principles generally accepted in the United States of America. In addition, employer withdrawal liability receivable attributable to the mass withdrawal has been fully reserved in an allowance for uncollectible amounts, as the monthly installment payments extend into perpetuity and therefore the principal portion will not be repaid. The restatement decreased the 2014 employer withdrawal liability receivable and employer withdrawal liability income by \$1,565,983 and \$832,621, respectively. The restatement also decreased the 2014 change in net assets and beginning of year net assets by \$832,621 and \$733,362, respectively.

M. Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or net assets in liquidation available for benefits.

Note 3. Plan Termination by Mass Withdrawal

During 2014, the Trustees declared that a mass withdrawal of contributing employers had occurred, resulting in the termination of the Plan under section 4041A(a)(2) of ERISA, effective December 30, 2014.

Section 4041A of ERISA governs the payment of benefits to participants in terminated multiemployer plans. Section 4041A(c) provides that, except as provided in section 4041A(f)(1), the plan sponsor of a plan terminated by mass withdrawal shall:

1. Limit the payment of benefits to benefits which are nonforfeitable under the plan as of the date of termination, and
2. Pay benefits attributable to employer contributions, other than death benefits, only in the form of an annuity, unless plan assets are distributed in full satisfaction of all nonforfeitable benefits under the plan.

Note 3. Plan Termination by Mass Withdrawal (Continued)

If at any point the Plan's resources are not sufficient to pay benefits when due, the Plan may seek financial assistance from the PBGC. The PBGC guarantees vested benefits at the level in effect on the date of Plan termination. However, the whole amount of the Plan's vested benefits may not be guaranteed. In addition, there is a ceiling on the monthly benefit that the PBGC will guarantee, which is adjusted periodically. Further information can be obtained at the office of the plan administrator.

Withdrawal liability assessments, including redetermination liability, were sent to all contributing employers, as applicable, pursuant to ERISA and PBGC regulations. See Note 4 for further information.

Note 4. Employer Withdrawal Liability

As discussed in Note 3, the Plan terminated by mass withdrawal effective December 30, 2014. In accordance with Section 4219 of ERISA, employers were assessed a withdrawal liability as a result of the permanent cessation of contributions to the Plan. Employer withdrawal liability receivable attributable to the mass withdrawal is based on the actuarially calculated withdrawal liabilities (initial, redetermination and reallocation liabilities). As of December 31, 2015 and 2014, reallocation liabilities had not yet been calculated and assessed by the Plan. The total actuarially calculated initial liability plus redetermination liability was \$1,869,235. The scheduled installment payments per the actuarial calculations are required to be determined in part based on each employer's previous contributions to the Plan. As a result, the payment amounts required pursuant to the mass withdrawal are not adequate to fully pay the debt to the Plan and are scheduled into perpetuity. Therefore, the entire amount of withdrawal liability receivable attributable to the mass withdrawal has been reserved for in an allowance for uncollectible amounts at December 31, 2015 and 2014.

The Plan assessed redetermination liability only to employers who withdrew in the plan year of the mass withdrawal or the two immediately preceding plan years ("clawback period"). A portion of the withdrawal liability receivable at December 31, 2015 and 2014 was attributable to employers who withdrew prior to the clawback period. The terms of the withdrawal liability for these employers call for payments of principal and interest on a monthly basis with 5.0% interest applied to the outstanding liability for each employer.

Future principal payments scheduled to be received from employers who withdrew prior to the clawback period, based on redetermination liability only, are as follows:

2016	\$ 4,291
2017	2,978
2018	3,131
2019	3,291
2020	3,459
Thereafter	<u>46,966</u>
Total	<u>\$64,116</u>

Note 5. Funding

The Plan is funded by a) investment income, b) employer contributions based on collective bargaining agreements for each hour worked (through the December 30, 2014 plan termination), and c) employer withdrawal liability pursuant to Section 4219 of ERISA.

Note 6. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- Cash equivalents consist of cash and short-term investment funds that maintain daily liquidity and have a constant unit value of \$1.00, and are classified as Level 1 instruments.
- The mutual fund is valued based on closing market prices in active markets for identical investments, and is classified as Level 1.
- The State of Israel bond is valued at cost, which the Plan has determined approximates fair value, and is classified as Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2015 and 2014. The tables do not include other assets and liabilities that are measured at historical cost or any basis other than fair value; for these items, their carrying value estimates fair value.

Note 7. Tax Status

The Internal Revenue Service (the "IRS") advised on March 4, 2016 that the Plan and related trust are qualified under Section 401(a) of the Internal Revenue Code and, as such, are exempt from federal income tax. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require such recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2012. During 2016, the IRS commenced an examination of the Plan which was ongoing as of the date these financial statements were available to be issued.

Note 8. Actuarial Present Value of Accumulated Plan Benefits and Changes in Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits as of January 1, 2015 and 2014 is as follows:

	January 1,	
	<u>2015</u>	<u>2014</u>
Actuarial present value of vested accumulated plan benefits		
Participants currently receiving payments	\$4,053,613	\$3,382,015
Other vested benefits	4,311,919	3,147,156
Expense loading	<u>82,127</u>	<u>-</u>
Total vested benefits	8,447,659	6,529,171

 Total actuarial present value of accumulated plan benefits	 <u><u>\$8,447,659</u></u>	 <u><u>\$6,533,088</u></u>

The factors that affected the change in the actuarial present value of accumulated plan benefits from the preceding to the current benefit information date are as follows:

Total actuarial present value of accumulated plan benefits at January 1, 2014	\$6,533,088
Change in actuarial assumptions to those prescribed by the Pension Benefit Guaranty Corporation	2,272,251
Benefits paid	<u>(357,680)</u>
 Total actuarial present value of accumulated plan benefits at January 1, 2015	 <u><u>\$8,447,659</u></u>

Note 9. Related Party/Party-in-Interest Transactions

The Plan shares administrative staff with the Greater Cleveland Moving Picture Projector Operators' Health and Welfare Plan (the "Health and Welfare Plan") for which it is reimbursed by the Health and Welfare Plan for its pro-rata share of payroll and related taxes and benefits, and certain office expenses. The total amount received was \$521 and \$667 for 2015 and 2014, respectively, of which \$163 and \$148 was receivable at December 31, 2015 and 2014, respectively. Additionally, the Plan is a contributing employer to the Health and Welfare Plan. The total contributions paid to the Health and Welfare Plan were \$6,086 and \$5,877 for 2015 and 2014, respectively, of which \$508 and \$506 was payable at December 31, 2015 and 2014, respectively.

The Plan shares office space with the Local Union and reimburses the Local Union for various office and administrative expenses including rent and utilities. The Plan paid the Local Union \$5,693 and \$5,074 for 2015 and 2014, respectively, of which \$545 and \$425 was payable at December 31, 2015 and 2014, respectively. Additionally, the Local Union was a contributing employer to the Plan until withdrawing in 2013. The Local Union was assessed withdrawal liability for its allocable unfunded vested liability upon its withdrawal from the Plan.

Certain investments held by the Plan during 2015 and 2014 were managed by Manning & Napier, Inc. or Morgan Stanley Smith Barney LLC (sold in 2014), the custodians of the Plan, or their related entities and, therefore, qualify as party-in-interest transactions.

Note 10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Withdrawal liability contributions and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 11. Concentrations

Two employers combined to account for approximately 84% of employer withdrawal liability income, including interest, during 2015 and one employer accounted for approximately 79% of employer withdrawal liability income, including interest, during 2014.
