Notes to Financial Statements

December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of The Braden Sutphin Ink Company Profit Sharing and 401(k) Retirement Savings Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Braden Sutphin Ink Company (the “Company”) who have 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan Sponsor.

Contributions

Each year, participants may contribute up to 30% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision that began September 1, 2015 whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, increasing 1% annually beginning January 1, 2017 up to a maximum of 6% of compensation, and their contributions invested in a designated fund until changed by the participant. The Company may make an annual discretionary profit sharing contribution to the Plan. Profit sharing contributions are allocated to the participants’ account balances based on employee compensation and years of service. There were no profit sharing contributions in 2016. Contributions are subject to certain Internal Revenue Service (IRS) limitations

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1: Description of the Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's discretionary profit sharing contributions is based on years of service. Employees begin vesting after completing two years of service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$44 and \$22, respectively. These accounts shall first be made available to reinstate previously forfeited account balances of former participants, if any, in accordance with the Plan document. The remaining forfeitures, if any, shall be used to pay proper expenses of the Plan in the following order: recordkeeping fees, investment advisory service fees, and Plan accounting fees.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes to Financial Statements

December 31, 2016 and 2015

Note 2: Summary of Significant Accounting Policies (continued)

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (FASB) which established the FASB Accounting Standards Codification (ASC) as the single source of authoritative accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events and transactions through October 6, 2017, the date the financial statements were available to be issued.

Note 3: Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. (the trustee of the Plan).

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Braden Sutphin Ink Company
Profit Sharing and
401(k) Retirement Savings Plan and Trust

Notes to Financial Statements

December 31, 2016 and 2015

Note 4: Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares held by the Plan are invested in open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed accounts: These accounts represent participants who have invested in funds outside the Plan that are traded in the open market. These investments (principally mutual funds and stocks) are valued at the quoted market price per securities exchanges.

Employer securities: Included in investments is preferred stock of the Company with an estimated fair value of \$-0- and \$474,752 at December 31, 2016 and 2015, respectively. The preferred shares held by the Plan had a guaranteed redemption value of no less than \$3,709 per share upon exchange. The terms of redemption are printed on the preferred stock certificates held by the Plan. The Plan and the Company's management considered \$3,709 the estimated fair value because that is the value per share each participant receives upon redemption. All remaining shares were redeemed during the year ended December 31, 2016 and there were no significant changes to the valuation that changed this value from the \$3,709 guaranteed price.

Notes to Financial Statements

December 31, 2016 and 2015

Note 4: Fair Value Measurements (continued)

Common/collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2016 and 2015.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>2016</u>
Registered investment companies	\$ 6,681,429	\$ -	\$ -	\$ 6,681,429

				<u>\$ 10,191,058</u>

* In accordance with the "Fair Value Measurement" topic of the FASB ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4: Fair Value Measurements (continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2016:

	Employer Securities
Balance, beginning of year	\$ 474,752
Sales	<u>(474,752)</u>
Balance, end of year	\$ <u> -</u>

The Plan did not hold any investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/collective Trust	\$ 1,741,660	N/A	Daily	N/A

Note 5: Group Annuity Contract

On November 15, 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with The Lincoln National Life Insurance Company ("Lincoln") totaling \$2,206,113 at December 31, 2016. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, and less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements

December 31, 2016 and 2015

Note 5: Group Annuity Contract (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) any charges billed to the Plan or Plan Sponsor not being paid to the contract issuer within 30 days, (2) the Plan ceases to meet the requirements of the Internal Revenue Code, (3) if at any time following the end of the third contract year, the account is less than \$15,000, (4) if at any time following the end of the third contract year there is no deposit activity for a 24 consecutive month period and the account is less than \$50,000, (5) the Plan or Plan Sponsor fails to furnish requested information or documentation, (6) a material misrepresentation, (7) if the contract user discontinues offering the contract form to the public, or (8) if the Plan Sponsor terminates the recordkeeping agreement with the Lincoln or a Lincoln affiliate.

Note 6: Related-Party and Party In Interest Transactions

Certain Plan investments were shares of the Company's preferred stock from when the Plan was previously known as the Braden Sutphin Ink Company Employee Stock Ownership Plan. Since December 31, 1986, the Company has not made any contributions to the Plan in the form of Company stock; however, the existing shares of preferred stock are redeemed when participants receive distributions or when the Company purchases fractional shares of the preferred stock held by Plan participants. The Company is the Plan sponsor, and therefore, these transactions qualify as party-in-interest transactions. Redemptions related to the preferred shares amounted to \$474,752 for the year ended December 31, 2016.

Lincoln Retirement Services Company, LLC (LRSC) provides certain administrative services to the Plan pursuant to an Employer Purchase and Recordkeeping Service Agreement (EPRSA) between the Company and LRSC. LRSC receives revenue from mutual fund service providers for services LRSC provides to the funds. This revenue is used to offset certain amounts owed to LRSC for its administrative services to the Plan.

The Braden Sutphin Ink Company
Profit Sharing and
401(k) Retirement Savings Plan and Trust

Notes to Financial Statements

December 31, 2016 and 2015

Note 6: Related-Party and Party In Interest Transactions (continued)

If the revenue received by LRSC from such mutual fund service providers exceeds the amount owed under the EPRSA, LRSC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses. The Plan or Plan Sponsor may make a payment to LRSC for administrative expenses not covered by revenue sharing.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8: Tax Status

The IRS has determined and informed the Company by a letter dated February 27, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
