Apple Zebra, Inc. 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2016 and 2015

1. Description of Plan

The following is a brief description of the Apple Zebra, Inc. 401(k) Plan (the “Plan”) which provides general information only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on September 1, 2001 and was amended and restated on April 1, 2015. The Plan was amended and restated effective January 1, 2016 and the Company adopted a resolution, effective March 31, 2016, to transfer the Plan’s assets and trusteeship from its custodian State Street Bank and Trust Company (“State Street”), to Lincoln National Life Insurance Company (“Lincoln”) and its third party administrator from ADP Retirement Services (“ADP”) to Lincoln. The Plan is a defined contribution plan that covers substantially all employees of Apple Zebra, Inc. and its affiliated companies (collectively the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

After reaching the age of twenty-one and completing six months of service, employees of the Company are eligible to participate in the Plan and are eligible to receive a discretionary employer match contribution.

Contributions

The Plan provides each participant the opportunity to make pre-tax or Roth deferral contributions up to the maximum amount of 90% of compensation and subject to the limitations of the Internal Revenue Code. Effective January 1, 2016 employees may defer up to 100% of compensation subject to the limitations of the Internal Revenue Code.

The Employer, in its sole discretion, may contribute a discretionary match contribution to each eligible employee determined as of the end of the plan year. For the year ended December 31, 2016, there was no discretionary match contributions made to the Plan.

Vesting

Participants are immediately and fully vested in their own contributions, plus actual earnings thereon and become fully vested in the Company’s contributions, plus actual earnings thereon, after three years of service with the Company.

Participant Accounts

Each participant’s account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodians as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Forfeitures

The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated (“reinstatement period”), if the employee repays the full amount of the distribution attributable to vested employer contributions prior to the end of the reinstatement period. Subsequent to the reinstatement period, plan participants’ forfeitures may be used to pay plan expenses or reduce the employers’ contribution for the plan year and, if applicable, any remaining amount shall be applied toward succeeding plan years until fully utilized. There were no forfeitures from participants for the year ended December 31, 2016. At December 31, 2016 and 2015, the available balance of forfeitures was \$9,177 and \$9,039, respectively.

Apple Zebra, Inc. 401(k) Plan

Benefits Paid to Participants

A participant's vested interest in his or her account balance is distributable upon normal retirement (65), termination, disability, or death, as described by the plan document. Participants can also make in-service withdrawals upon reaching age 59 ½.

Notes Receivable from Participants

Participants are permitted to have three loans outstanding at any point in time and to borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of the loan is five years; or fifteen years, if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus two percent (2%). Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivables from participants are measured at their unpaid principal balance, plus any accrued interest. As of December 31, 2016, there were no outstanding notes receivable from participants.

Administrative Expenses

Substantially all administrative expenses of the Plan are paid directly by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and the changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date these financial statements were available for issuance. All subsequent events requiring recognition as of December 31, 2016, have been incorporated in these financial statements.

3. Information Certified by the Custodians

The following is a summary of the investments and notes receivable from participants regarding the Plan as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by State Street and Lincoln, the custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

Apple Zebra, Inc. 401(k) Plan

Information relating to investments and notes receivable from participants certified by the custodians at December 31, is as follows:

	2016	2015
Pooled separate account, at fair value	\$ 858,104	\$ -
Guaranteed interest account, at contract value	9,277	-
Mutual funds, at fair value	-	688,876
Common collective trust funds, at fair value	-	122,877
Notes receivable from participants	-	8,010
	<u>\$ 867,381</u>	<u>\$ 819,763</u>

The following was also certified by the custodians for the year ended December 31, 2016:

Net appreciation in fair value of investments	\$ 84,117
Dividend income	306
Interest income on notes receivable from participants	108
	<u>\$ 84,531</u>

Insurance Contract with Insurance Company

The Plan is party to an investment contract with Lincoln whereby allocated contributions are maintained in a Guaranteed Interest Account ("GIA"). The contract is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully-benefit responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Lincoln Financial Group. Such events include the following (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit Lincoln Financial Group to terminate the agreement prior to the scheduled maturity date.

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value of measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Apple Zebra, Inc. 401(k) Plan

- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2016 and 2015.

- Mutual funds: valued at quoted prices reported in an active market at year end.
- Common collective trust funds: the fair value of the common collective trust funds is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value, a practical expedient to fair value, of units held by the Plan. The common collective trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.
- Pooled separate accounts: the fair value of the pooled separate accounts is based on the year end market value of each unit held, which is based upon the market value of the underlying assets of the funds less management fees. The pooled separate accounts do not have any unfunded commitments relating to their investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2016 are as follows:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 858,104	\$ -	\$ 858,104

Investments at fair value as of December 31, 2015 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 688,876	\$ -	\$ -	\$ 688,876
Common collective trust fund	-	9,132	-	9,132
Total investments in the fair value hierarchy	688,876	9,132	-	698,008
Common collective trust funds - measured at net asset value (a)	-	-	-	113,745
Total investments at fair value	\$ 688,876	\$ 9,132	\$ -	\$ 811,753

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Apple Zebra, Inc. 401(k) Plan

5. Related-Party Transactions

ADP and Lincoln were the record keepers for the Plan. The Plan paid \$100 and \$500, respectively, to ADP and Lincoln for record keeping and administrative services for the year ended December 31, 2016.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

7. Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan's management believes it is no longer subject to income tax examinations for years prior to 2013.

8. Risks and Uncertainties

The Plan's investments are concentrated in pooled separate accounts and a guaranteed investment account that invest in marketable securities. Such securities are subject to various risks, such as interest rates, market and credit risks, that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that the changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Reconciliation of Financial Statements to Form 5500

The Form 5500 was prepared on a cash basis as of December 31, 2016 and 2015 and for the Plan year ended December 31, 2016, and the financial statements were prepared on the accrual basis.

The following is a reconciliation between the statement of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31,:

	<u>2016</u>	<u>2015</u>
Net assets available for benefits per the financial statements	\$ 854,233	\$ 793,908
Add excess participant contributions payable at December 31, 2016	13,148	-
Add excess participant contributions payable at December 31, 2015	-	29,943

Net assets available for benefits per Schedule H of Form 5500	<u>\$ 867,381</u>	<u>\$ 819,763</u>

Apple Zebra, Inc. 401(k) Plan

The following is a reconciliation of the statement of changes in net assets available for benefits for the year ended December 31, 2016 to the Form 5500:

Net increase per the financial statements	\$ 60,325
Add excess participant contributions payable at December 31, 2016	13,148
Less excess participant contributions payable at December 31, 2015	(29,943)
Add employee contribution receivable at December 31, 2015	<u>4,088</u>
Net increase per Schedule H of Form 5500	<u>\$ 47,618</u>

10. Excess Participant Contribution Payable

A liability was accrued in the amount of \$13,148 and \$29,943 in order to satisfy ERISA testing requirements in the accompanying statement of net assets available for benefits as of December 31, 2016 and 2015, respectively. For the year ended December 31, 2016, there were \$13,148 recorded as a reduction of participant contributions in the accompanying statement of changes in net assets available for benefits.

11. Delinquent Participant Contributions

During 2016, the Company did not remit to the Plan's custodians certain participant contributions and notes receivable repayments totaling \$11,442 within the time period prescribed by the Department of Labor regulations. Delays in remitting the contributions and notes receivable repayments to the custodians were due to administrative errors. The Company has made the correction to the affected participant's accounts in 2016.

12. Concentrations

Balances in five investments accounted for approximately 71% and 66% of investments as of December 31, 2016 and 2015, respectively.
