Hourly Pension Plan were merged into the Plan and Lafarge North America Inc. assumed sponsorship of the merged plans from Lafarge Building Materials, Inc. The plan sponsor for the Plan is Lafarge North America Inc. (the "Company"). On July 10, 2015, the Company completed a merger with Holcim Ltd and became Lafarge Holcim.

The Plan is a noncontributory defined benefit plan that provides for pension and disability benefits to hourly compensated employees who meet specified service and age requirements of the Company's facilities including the Blue Circle Williams Division, the Hall and Douglasville facilities, and the Lithonia, Georgia, plant and is covered by certain collective bargaining agreements. The plan consists of a basic plan document and several supplements relating to certain locations and/or unions. Each supplement to the plan document addresses eligibility, vesting, pension benefits, etc., which may be different from the basic plan document. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 30, 2015, a plan of liquidation was approved by the Benefit Plan Design Committee of the plan sponsor effective March 31, 2015.

Effective December 31, 1989, benefits under the Plan were frozen. Employees who participated in the Plan are entitled to the benefit which had accrued as of December 31, 1989, but will not accrue any additional benefits for service after that date. Employees participating in the Plan on December 31, 1989 became fully vested in their plan benefits if they were not already vested. No new participants were permitted in the Plan after December 31, 1989.

Note 1 - Plan Description (Continued)

Eligibility and Vesting - Employees become participants in the Plan following completion of the eligibility requirements as described in the Plan and are fully vested for normal retirement benefits after five years of service.

Pension Benefits - For retiring participants, the normal retirement benefit is an amount determined by multiplying the applicable benefit rate (defined by the supplement), stated in the plan agreement, times their credited service. The normal benefit is adjusted for early or late retirement, disability, or upon the participant's death, as stated in the Plan.

Payment of Benefits - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested value of the participant's accumulated plan benefits if less than \$5,000 or in various installment annuities.

Funding - Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by The Northern Trust Company or its affiliates. The Northern Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - As discussed in Note 3 to the financial statements, the plan sponsor terminated the Plan effective March 31, 2015. As a result, the financial statements were prepared on the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation - The fair value of the Plan's interest in the Lafarge North America Inc. Master Retirement Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and administrative expense, as well as allocated administrative expenses. The Master Trust's investments are stated at fair value.

Notes to Financial Statements December 31, 2016 and 2015

Note 2 - Summary of Significant Accounting Policies (Continued)

The money market funds are valued at fair value based on their outstanding balances. All other investments are valued based on quoted market prices. See Note 6 for additional information.

Annuity Contract - In May 2016, the Plan purchased an annuity contract for \$9,370,000 through Principal Life Insurance Company to settle the benefit obligations for all participants. In December 2016, the Company received a refund of \$688,178 from Principal Life Insurance Company which reduced the purchase price of the annuity contract and is presented as an adjustment to liquidation basis in the statement of changes in net assets in liquidation. The contract and related obligations are excluded from the Plan's financial statements.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Accumulated Plan Benefit Assumptions - The estimated present value of accumulated plan benefits is the amount that results from applying valuation assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant assumptions used in the valuation of the Plan at December 31, 2015 are summarized as follows:

Cost method	- Projected unit credit
Assumed rate of return	- 6.0 percent per annum
Mortality basis	- RP 2014 Mortality Table (male and female, healthy and disabled, employee and annuitant) projected from base year 2006 with MP 2015 with blue collar adjustments

The foregoing assumptions are based on the approved plan termination and the imminent liquidation.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - Contributions to the Plan and the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 5, 2017, which is the date the financial statements were available to be issued.

Note 3 - Plan Termination - Liquidation Basis

Effective March 15, 2015, the plan sponsor elected to terminate the Plan.

Liquidation of assets through distributions to participants began during 2016, which included the purchase of an annuity contract through Principal Life Insurance Company to settle the benefit obligations of certain participants. As of December 31, 2016, all obligations to plan participants have been fulfilled.

Note 4 - Unaudited Information

The Northern Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment results included in the accompanying financial statements, including master trust information included in Note 6, are based solely on information certified by the Trustee.

Note 5 - Accumulated Plan Benefits

The calculations of the estimated present value of accumulated plan benefits attributable to participants in the Plan, which were made as of and for the year ended December 31, 2015, the date of the most recent estimated valuation, are as follows:

Estimated present value of accumulated plan benefits -

Vested benefits:

Participants currently receiving benefit payments	\$ 5,512,000
Other vested participants with deferred benefits	<u>2,251,490</u>
Total estimated benefit obligations	<u>\$ 7,763,490</u>

Employees' Retirement Plan of Blue Circle Materials, S.E.

Notes to Financial Statements December 31, 2016 and 2015

Note 5 - Accumulated Plan Benefits (Continued)

A summary of significant changes in the estimated present value of accumulated plan benefits during the year ended is as follows:

Actuarial present value of accumulated plan benefits - Beginning of year	\$ 8,068,945
Increase (decrease) during the year attributable to:	
Increase for interest due to the decrease in the discount period	480,000
Benefits paid	<u>(785,455)</u>
Net decrease	<u>(305,455)</u>
Estimated present value of accumulated plan benefits - End of year	<u>\$ 7,763,490</u>

As noted in Note 3, the Plan was terminated effective March 31, 2015. As described in Note 2, an annuity contract was purchased in May 2016 to settle the benefit obligations of the vested participants as part of the termination. The effect of the settlement resulted in a gain of approximately \$1,200,000. These events are not reflected in the valuation as of December 31, 2015 above.

Note 6 - Interest in Master Trust

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and seven other of the Company's sponsored benefit plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. At December 31, 2016 and 2015, the Plan's interest in the net assets of the Master Trust was approximately .003 percent and 1.4 percent, respectively. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Employees' Retirement Plan of Blue Circle Materials, S.E.

Notes to Financial Statements December 31, 2016 and 2015

Note 6 - Interest in Master Trust (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Master Trust Balance	Level I
Mutual funds	\$ 593,912,734	\$ 593,912,734
Money market fund	2,294,820	2,294,820
Total investments at fair value	<u>\$ 596,207,554</u>	<u>\$ 596,207,554</u>

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Master Trust Balance	Level I
Mutual funds	\$ 586,995,745	\$ 586,995,745
Money market fund	628,112	628,112
Total investments at fair value	<u>\$ 587,623,857</u>	<u>\$ 587,623,857</u>

Note 7 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying statements.
