TRANSPORT CORPORATION OF AMERICA, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 PLAN DESCRIPTION

The following is a brief description of the Transport Corporation of America, Inc. Retirement Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan established April 1, 1987. The Plan has been amended throughout the years to comply with tax legislation. The Plan was last restated July 17, 2015, and last amended January 1, 2016. The Plan covers all Transport Corporation of America, Inc.'s (the Company) and FV Leasing Company (participating Employer) employees who have attained the age of 21 and completed six months of service. On the first day of each calendar month, upon satisfying the requirements, employees become eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The maximum amount of pretax contributions that a participant can make is 60% of wages, not to exceed the maximum dollar amount permitted by law. The Company may make a discretionary matching contribution equal to a percentage determined from time to time by the Company. For the years ended December 31, 2016 and 2015, the Company matched 50% of the participants' pretax contributions up to a maximum of 4% of the participants' qualified compensation. Contributions are subject to certain Internal Revenue Code (IRC) limitations. In instances where contributions exceeded those limitations or as a result of corrections, it may be necessary for the Plan to reimburse the participants for a portion of their contributions. This reimbursement is classified as excess contributions payable on the statements of net assets available for benefits. Excess contributions were \$43,518 and \$250,766 at December 31, 2016 and 2015, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of plan earnings and losses. Allocations are based on participants' deferral or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various investment options as more fully described in the Plan's literature. All options vary in types of investments, rates of return, and investment risk. Participants may make transfers between funds at any time.

DECEMBER 31, 2016 AND 2015

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Vesting

The participants are always 100% vested in their own contributions and related earnings. Upon reaching normal retirement age of 65 or permanent disability, a participant will be 100% vested in the Company's contributions. Otherwise, a participant is fully vested upon completion of six years of qualifying service, as defined, on a graded-vesting schedule.

Forfeitures

Forfeitures from terminated participants' accounts are used to reduce the Company's contributions and to pay Plan expenses. Total forfeitures used to reduce the Company's contributions were \$110,850 and \$29,145 during 2016 and 2015, respectively. Total forfeitures used to reduce the Company's administrative expenses were \$2,087 and \$125 during 2016 and 2015, respectively. Total forfeitures outstanding available for use by the Plan as of December 31, 2016 and 2015 were \$2,923 and \$3,576, respectively.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 and up to the lesser of 50% of the participant's vested account balance or \$50,000 less the highest balance of the total outstanding loan balance during the one-year period prior to the date of the loan. The terms of the loans may not exceed five years, except for certain home loans for which the Plan may allow a longer repayment period. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deduction. Participant loans are carried at amortized cost plus any accrued but unpaid interest.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, death, disability, or retirement, the participant may receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan also allows for in-service withdrawals at age 59½ and hardship, subject to Plan provisions.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

TRANSPORT CORPORATION OF AMERICA, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance will be deemed taxable to the participant. The note balance will be reduced and a benefit payment will be recorded at the time the participant incurs a distributable event.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to the administration of benefits paid, notes receivable from participants, and other administration of accounts are charged directly to the participant accounts and are included in the administrative expenses. Investment related expenses, including any revenue sharing credits, are included in the net appreciation (depreciation) of fair value of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

TRANSPORT CORPORATION OF AMERICA, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and all the investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held as of December 31, 2016.

NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued daily at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2016				
	Level 1	Level 2	Level 3	Total
Collective Fund	\$ -	\$ 3,468,119	\$ -	\$ 3,468,119

Total Investments at Fair Value	<u>\$ 27,046,508</u>	<u>\$ 3,468,119</u>	<u>\$ -</u>	<u>\$ 30,514,627</u>

2015

Total Investments at Fair Value	<u>\$ 26,964,195</u>	<u>\$ 2,789,423</u>	<u>\$ -</u>	<u>\$ 29,753,618</u>

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Plan administrator will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed. Participants will become 100% vested in their respective accounts upon termination of the Plan.

TRANSPORT CORPORATION OF AMERICA, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 6 TAX STATUS

The Plan is placing reliance on a volume submitter opinion letter dated March 31, 2014, indicating that the volume submitter prototype plan is qualified under Section 401 of the IRC and is, therefore, not subject to tax under present income tax law. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company, the trustee of the Plan, provides investment management and advisory services for the Plan. Therefore, these investment transactions qualify as party-in-interest transactions.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. DECEMBER 31, 2016 AND 2015

NOTE 1 PLAN DESCRIPTION

The following is a brief description of the Transport Corporation of America, Inc. Retirement Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan established April 1, 1987. The Plan has been amended throughout the years to comply with tax legislation. The Plan was last restated July 17, 2015, and last amended January 1, 2016. The Plan covers all Transport Corporation of America, Inc.'s (the Company) and FV Leasing Company (participating Employer) employees who have attained the age of 21 and completed six months of service. On the first day of each calendar month, upon satisfying the requirements, employees become eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The maximum amount of pretax contributions that a participant can make is 60% of wages, not to exceed the maximum dollar amount permitted by law. The Company may make a discretionary matching contribution equal to a percentage determined from time to time by the Company. For the years ended December 31, 2016 and 2015, the Company matched 50% of the participants' pretax contributions up to a maximum of 4% of the participants' qualified compensation. Contributions are subject to certain Internal Revenue Code (IRC) limitations. In instances where contributions exceeded those limitations or as a result of corrections, it may be necessary for the Plan to reimburse the participants for a portion of their contributions. This reimbursement is classified as excess contributions payable on the statements of net assets available for benefits. Excess contributions were \$43,518 and \$250,766 at December 31, 2016 and 2015, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of plan earnings and losses. Allocations are based on participants' deferral or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various investment options as more fully described in the Plan's literature. All options vary in types of investments, rates of return, and investment risk. Participants may make transfers between funds at any time.

Vesting

The participants are always 100% vested in their own contributions and related earnings. Upon reaching normal retirement age of 65 or permanent disability, a participant will be 100% vested in the Company's contributions. Otherwise, a participant is fully vested upon completion of six years of qualifying service, as defined, on a graded-vesting schedule.

Forfeitures

Forfeitures from terminated participants' accounts are used to reduce the Company's contributions and to pay Plan expenses. Total forfeitures used to reduce the Company's contributions were \$110,850 and \$29,145 during 2016 and 2015, respectively. Total forfeitures used to reduce the Company's administrative expenses were \$2,087 and \$125 during 2016 and 2015, respectively. Total forfeitures outstanding available for use by the Plan as of December 31, 2016 and 2015 were \$2,923 and \$3,576, respectively.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 and up to the lesser of 50% of the participant's vested account balance or \$50,000 less the highest balance of the total outstanding loan balance during the one-year period prior to the date of the loan. The terms of the loans may not exceed five years, except for certain home loans for which the Plan may allow a longer repayment period. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deduction. Participant loans are carried at amortized cost plus any accrued but unpaid interest.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, death, disability, or retirement, the participant may receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan also allows for in-service withdrawals at age 59½ and hardship, subject to Plan provisions.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance will be deemed taxable to the participant. The note balance will be reduced and a benefit payment will be recorded at the time the participant incurs a distributable event.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to the administration of benefits paid, notes receivable from participants, and other administration of accounts are charged directly to the participant accounts and are included in the administrative expenses. Investment related expenses, including any revenue sharing credits, are included in the net appreciation (depreciation) of fair value of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and all the investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held as of December 31, 2016.

NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued daily at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2016				
	Level 1	Level 2	Level 3	Total
Collective Fund	\$ -	\$ 3,468,119	\$ -	\$ 3,468,119
Mutual Funds	27,046,508	-	-	27,046,508
Total Investments at Fair Value	<u>\$ 27,046,508</u>	<u>\$ 3,468,119</u>	<u>\$ -</u>	<u>\$ 30,514,627</u>

2015

Mutual Funds	26,964,195	-	-	26,964,195
Total Investments at Fair Value	<u>\$ 26,964,195</u>	<u>\$ 2,789,423</u>	<u>\$ -</u>	<u>\$ 29,753,618</u>

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Plan administrator will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed. Participants will become 100% vested in their respective accounts upon termination of the Plan.

NOTE 6 TAX STATUS

The Plan is placing reliance on a volume submitter opinion letter dated March 31, 2014, indicating that the volume submitter prototype plan is qualified under Section 401 of the IRC and is, therefore, not subject to tax under present income tax law. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company, the trustee of the Plan, provides investment management and advisory services for the Plan. Therefore, these investment transactions qualify as party-in-interest transactions.
