Employees are eligible to join the Plan immediately upon employment with the Company. Participants who merged in, and new participants that would otherwise be eligible for the Anchor Glass Container Corporation Salaried Employees' Savings Plan (referred to as the "Anchor Participants"), are eligible to join the Plan as of the one-month anniversary of their employment commencement date. All eligible employees who have not enrolled within six months of service after their eligibility date are automatically enrolled at a contribution rate of 2 percent with contributions invested in designated funds until changed by the participant.

Ardagh Glass Inc. 401(k) Plan for Salaried Employees

Notes to Financial Statements December 31, 2016 and 2015

Note 1 - Plan Description (Continued)

Contributions - The Plan provides for employee salary 401(k) contributions from 1 percent up to a maximum of 50 percent of earnings for any payroll period, on a pretax or after-tax basis. Participants are subject to maximum deferral limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Plan provides for employer matching contributions that differ between the Anchor Participants and all other plan participants and are defined in the plan document.

Effective July 1, 2016, the Company amended the Plan to provide for employer retirement contributions for a portion of plan participants as defined in the plan document. Employer retirement contributions are calculated as a percentage of compensation based on years of service without regard to participant deferrals.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Master Trust. Allocations are based on participants' earnings, losses, or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. The Anchor Participants are immediately 100 percent vested in the employer contributions, plus actual earnings thereon. All other participants become fully vested in the Company's matching and retirement contributions based on years of service at the rate of 20 percent for each year of service after the date of hire. Full vesting in the Company's matching and retirement contributions also occurs for all participants upon death or disability of the participant, termination of the Plan, and upon a participant's attainment of age 65 or early retirement date.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account or periodic installment payments over a fixed period of time determined by the participant. Participants are also allowed to take hardship withdrawals under certain circumstances.

Note 1 - Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. At the discretion of the Plan Sponsor, forfeitures can be used to pay administrative expenses of the Plan or reduce future company contributions. At December 31, 2016 and 2015, forfeited account balances totaled approximately \$122,000 and \$86,000, respectively.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. The Plan allows participants to have two outstanding notes receivable that include one housing note and one general purpose note. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined periodically by the Plan Sponsor. Principal and interest are paid ratably through monthly payroll deductions.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The fair value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value.

The common collective trust fund is valued at the net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. Additionally, the Master Trust allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in money market funds, mutual funds, and common stock and are disclosed as such in Note 4. These investments are valued based on quoted market prices. See Note 4 for additional information.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncements - During 2016, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Pending New Accounting Pronouncement - In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the master trust disclosure to require additional disclosures related to the Plan's interest in the Master Trust. This ASU is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively for all comparative periods presented. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

Notes to Financial Statements December 31, 2016 and 2015

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 6, 2017, which is the date the financial statements were issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all investment transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements, including Master Trust information included in Note 4, are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements and Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and Ardagh Glass Inc. 401(k) Plan for Hourly Employees. Each participating plan's interest in the Master Trust is based on the account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company. At December 31, 2016 and 2015, the Plan's interest in the net assets of the Master Trust was approximately 43.1 percent and 44.0 percent, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

Fair Value Measurements - Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Note 4 - Fair Value Measurements and Interest in Master Trust (Continued)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The fair value of assets of the Master Trust at December 31, 2016 and 2015 is as follows:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Investments (at Fair Value)	Level I

Notes to Financial Statements December 31, 2016 and 2015

Note 4 - Fair Value Measurements and Interest in Master Trust (Continued)

The Plan's interest in the Fidelity Managed Income Portfolio II common collective trust fund has certain limitations on withdrawals and exchanges. Participant-directed withdrawals, made in order to accommodate distributions to participants or transfers to noncompeting investments, may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur. Nonparticipant-directed withdrawals, directed by a plan sponsor, must be preceded by a 12-month written notice to Fidelity Management Trust Company. Fidelity Management Trust Company, however, may, at its discretion, complete any such plan-level withdrawal before the expiration of such 12-month period. No such notice has been given to Fidelity Management Trust Company for the years ended December 31, 2016 or 2015.

Additionally, there were no unfunded commitments or other redemption restrictions on the investments, except as described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period.

The net investment income for the Master Trust for the years ended December 31, 2016 and 2015 is as follows:

	<u>2016</u>	<u>2015</u>

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
